Key messages

Why we've sent you this report

We're writing to update you on the progress of the administration of the Companies in the six months since our last report dated 16 June 2023.

You can still view our earlier reports on our website at www.pwc.co.uk/palmerandharvey. Please email Adam Thompson at uk_palmerharvey_creditors@pwc.com, if you wish to request a hard copy of any report.

How much creditors may receive

The following table summarises the possible outcome for creditors, based on what we currently know.

Company	Secured Creditors (p in the £)	Preferential Creditors (p in the £)	Unsecured Creditors (p in the £)
PHML			
This report:	ABLs 100p TCs 80-100p	100p (paid)	0.0978p (paid)
Last report:	ABLs 100p TCs 80-100p	100p (paid)	0.0978p (paid)
Plc			
This report:	ABLs 100p TCs 80-100p	N/A	less than 1p in the £
Last report:	ABLs 100p TCs 80-100p	N/A	Nil

Secured Creditors

It is uncertain whether all the Secured Creditors will fully be repaid their lending and accrued interest out of their security over the Group's assets. On appointment, the total value of the secured lending across the Group was £253.5m.

On appointment, the debt due to the ABLs was c.£187.4m (this includes £9m funding provided to the administration on appointment which has since been repaid), secured by way of fixed and floating charges over the Group's assets. The ABLs held first ranking security (except in 1925) and their debt has been repaid in full.

The amount owing across the Group to the Tobacco Companies continues to increase as a result of the ongoing interest accrual. The Tobacco Companies held second ranking security over the Group's assets and were owed (prior to post appointment interest accruals) c.£66.1m. As the ABLs' debt has been discharged in full, funds were made available for distribution to the Tobacco Companies. During the period of this report, a further distribution of £4.5m has been paid to the Tobacco Companies under their security (£2.25m to each Tobacco company). To date, distributions totalling c.£67.9m have been made by PHML (both through realisations in the administration account and outside of it) and other companies within the Group to the Tobacco Companies under the terms of their security.

We anticipate a return of 80-100% will be achieved, however, the timing of future distributions to the Tobacco Companies is currently 3 - 9 months and dependent on the outcome of the remaining matters discussed in a later section of this report.

Preferential Creditors

The dividends paid to preferential creditors in each company are as follows:

- PHML - Dividend of 100p in the £ paid on 21 July 2020.
- Plc - Nil as there are no known preferential creditors.

Unsecured creditors

A prescribed part distribution of £600,000 was paid to the Unsecured Creditors of PHML on 10 February 2022, providing a return to creditors of 0.0978p in the £. We do not currently expect to pay a further dividend to the Unsecured Creditors of PHML.

Following the settlement of the litigation detailed in a later section of this report, we think a prescribed part dividend of less than 1p in the £ will be payable to the Unsecured Creditors (totalling c£50k) of Plc. The amount of any dividend and when it would be paid are dependent on obtaining final fee approval and the approval of shared costs within the administrations in relation to the settlement detailed below.

What you need to do

If you are a creditor of PHML, then this report is for your information and you don't need to do anything.

If you are a creditor of Plc and If you haven't already done so, please send your claim to us so that we can agree it. A claim form can be downloaded from our website at www.pwc.co.uk/palmerandharvey or you can get one by telephoning Adam Thompson on 0113 289 4000.

Overview of what we've done to date

As explained in our earlier reports, our initial strategy was principally to mitigate the losses to the various classes of creditors, by:

- Securing and safeguarding large volumes of stock and facilitating its return to suppliers based on a commercial assessment of retention of title claims;
- Securing the various sites and instructing agents to begin valuing and marketing the freehold properties;
- Supporting redundant employees with processing claims against the RPS and engaging with JobCentre Plus and alternative employers looking to hire former employees;
- Locating, securing and arranging for the return of leased vehicles and other third-party assets to their owners;
- Collecting debts owed by customers;
- Quickly assessing the likelihood of any premium value in the leasehold estate and returning leasehold properties to their landlords as soon as possible where no premium value was expected; and
- Selling any assets that were identified to be owned by the Companies, the proceeds of which would firstly be used to discharge the expenses of the administrations, with any amounts remaining being available to the creditors of the Companies in accordance with the statutory order of priority.

Please note that our previous reports which cover the realisations and progress to 27 May 2023 provide more detail and are available to view and download on our case website www.pwc.co.uk/palmerandharvey.

We remain in office to deal with final asset realisations and to make final distributions to the Secured Creditors of the Companies and the Unsecured Creditors of Plc.

When we last reported, the key outstanding matters in the administrations were as follows:

- Pursuing the remaining debtor balances owed in PHML;
- Realising potential value from the remaining contingent assets within the administrations (including litigation in respect of PHML and Plc and possibly cartel claims for PHML); and
- Making further distributions to the Secured Creditors.

We provide an update of the progress made in the period in the next section of this report.

Progress since we last reported

Ongoing issues

Debtors (PHML)

As detailed in our previous reports, all pre-administration bank accounts have now been closed, with the surplus balance of funds transferred into the Administrators' bank account.

Following completion of an exercise in a prior period to reflect the overall debtor position in the administration, the receipts and payments account at Appendix A reflects the total level of debtor collections achieved during the administration period of c.£213m, of which c.£178m has been subsequently distributed to the ABLs under their fixed and floating charge, thus resulting in the full repayment of the ABLs' principal lend and associated costs, including termination fee and interest charges across the Group.

Debtor realisations achieved during the period total £8,849.23.

Litigation update (PHML & Plc)

In our last report we stated that we continue to liaise with our legal advisors and counsel to progress the potential claims outlined in our previous reports in respect of PHML and Plc.

During the period, the Administrators have resolved the potential claims they were investigating against certain former professional advisors referred to in our previous reports in respect of the Companies without admission of liability. The settlement agreement and its terms are confidential. Our proposed allocation of settlement proceeds between the claimant companies is 90% to PHML, 5% to Plc and 5% to P&H 2008 Limited. This apportionment is based on the pre appointment cash, trading and revenue positions.

Cartel Claim (PHML)

As previously reported, prior to our appointment, PHML was involved in a group action in relation to a truck cartel claim. If successful it may result in significant additional realisations into PHML.

Our previous reports outline the circumstances leading to the CAT's decision that the RHA's application for an opt-in collective proceedings order was preferable to that of UKTC's, so consequently UKTC's application was unsuccessful. However, the CAT had granted permission for UKTC to appeal its judgement and the appeal was heard at the start of May 2023, with the Court of Appeal's decision published in the period covered by this report.

The Court of Appeal has said that it is sending the matter back to the CAT for the CAT to attempt to sort out the problems in the RHA's application which it has identified, in particular the conflict between the purchasers of new and used trucks. In the meantime the UKTC application has been put on hold.

UKTC is currently considering the implications of the Court of Appeal's decision and their next steps and will issue an update once those deliberations have reached a conclusion. We continue to monitor proceedings and will provide further updates in our next report.

Bank Interest (PHML)

During the period, bank interest of £68,751.14 has been received into the administration.

Extension of administrations

We applied to court on 22 November 2023 for 12 month extensions to the administrations of the Companies. The Court granted the extensions and the administrations now run until 27 November 2024. The extensions were sought to enable additional time to distribute funds from the prescribed part to Unsecured Creditors of Plc and to resolve the remaining issues detailed above in PHML.

Connected party transactions

There have been no connected party transactions in the period covered by this report.

Other issues

During the period, we submitted the quarterly VAT returns for the Companies and in respect of PHML we submitted the corporation tax return for the relevant period. Tax clearance was previously obtained for Plc and will be sought for PHML in due course.

Investigations and actions

Nothing has come to our attention during the period under review to suggest that we need to do any more work in line with our duties under the Company Directors' Disqualification Act 1986 and Statement of Insolvency Practice No.2.

Our receipts and payments account

We set out in Appendix A accounts of our receipts and payments in the administrations from 28 May 2023 to 27 November 2023.

Our expenses

We set out in Appendix B statements of the expenses we've incurred to the date covered by this report and an estimate of our future expenses.

The statement for PHML excludes any potential tax liabilities that we may need to pay as an administration expense in due course because amounts due will depend on the position at the end of the tax accounting period.

Our fees

We set out in Appendix C an update on our remuneration which covers our fees, disbursements and other related matters in these cases.

Creditors' rights

Creditors have the right to ask for more information within 21 days of receiving this report as set out in Rule 18.9 IR16. Any request must be in writing. Creditors can also challenge fees and expenses within eight weeks of receiving this report as set out in Rule 18.34. This information can also be found in the guide to fees at:

<https://www.icaew.com/-/media/corporate/files/technical/insolvency/creditors-guides/2021/administration-creditor-fee-guide-1-april-2021.ashx?la=en>

You can also get a copy free of charge by telephoning Adam Thompson on 0113 289 4000.

What we still need to do

Before we can finalise our work in the administrations of the Companies, we still need to deal with the following outstanding tasks:

- Pursue the remaining debtor balances owed in PHML;
- Obtain approval for our remuneration for work in connection with the litigation settlement and allocation of shared costs in the insolvent estates;
- Realise potential value from the remaining contingent asset (possible cartel claims) within the PHML administration; and
- Make further distributions to the Secured Creditors and Unsecured creditors of Plc via the prescribed part.

We have provided an estimate of the amount and likely timing of the payment of dividends to creditors in the Key Messages section at the beginning of this report.

Next steps

We expect to send our next report to creditors at the end of the administrations or in about six months, whichever is the sooner.

If you've got any questions, please get in touch with Adam Thompson, uk_palmerharvey_creditors@pwc.com.

Yours faithfully
For and on behalf of the Companies

Zelf Hussain

Expense	SIP 9 definition
Category 1	Payments to persons providing the service to which the expense relates who are not an associate of the office holder.
Category 2	Payments to our firm or our associates or which have an element of shared costs (for example, photocopying and mileage disbursements, or costs shared between different insolvent estates).

We do not need approval from creditors to draw Category 1 expenses as these have all been provided by third parties but we do need approval to draw Category 2 expenses. The body of creditors who approve our fees (in the case of Plc the Secured Creditors and in the case of PHML the Secured and Preferential Creditors) also has the responsibility for agreeing the policies for payment of Category 2 expenses.

The rate for services provided by the Administrators' own firm (Category 2 expenses) may periodically rise (for example to cover annual inflationary cost increases) over the period of the administrations. All other disbursements to be charged at cost.

PHML

The following table provides a breakdown of the Category 2 expenses have been incurred by us as Administrators or our associates in the period, together with details of the Category 1 expenses that have been incurred by PwC and will be recharged to the cases:

Category	Provided by	Basis of cost	Costs incurred £
2	PwC	Photocopying - up to 10 pence per side copied, only charged for circulars to creditors and other bulk copying.	-
2	PwC	At a maximum of 64 pence per mile (up to 2,000cc) or 80 pence per mile (over 2,000cc)	-
1	PwC	Rail fares	5.80

Total			8,371.71

Plc

No disbursements were incurred in the administration of Plc in the period covered by this report.

Approval for Category 2 expenses was obtained from the Secured Creditors and Preferential Creditors for PHML and Secured Creditors of Plc at the same time as approval for our fees. Legal fees incurred in connection to the litigation disclosed earlier in this report will be apportioned in accordance with the split of settlement proceeds, approval will be sought from the relevant bodies of creditors in due course for this allocation of shared costs.

The table for PHML excludes any potential tax liabilities that we may need to pay as an administration expense because amounts becoming due will depend on the position at the end of the tax accounting period.

The tables should be read in conjunction with the receipts and payments accounts at Appendix A, which show expenses actually paid during the period and the total paid to date.

*Please note that the above expenses table does not include work in relation to the “Excluded work” detailed in the Administrators’ remuneration report dated 15 June 2018. We will be writing to creditors soon to seek approval for our fees and expenses in connection with this workstream.

Appendix C: Remuneration update

Our fees in respect of the Companies were previously approved on a fixed fee basis as set out in our remuneration reports dated 15 June 2018, for each company (which can be located on the website www.pwc.co.uk/palmerandharvey) by the Secured and (where applicable) the Preferential Creditors. The approved fixed fees and amount drawn in line with the approval given is as follows:

Company name	Fees approved (£)	Fees Drawn (£)
Palmer & Harvey McLane Limited	5,989,406	5,900,000
Palmer & Harvey (Holdings) Plc	28,679	-

Our remuneration request and the above fixed fees excluded any work in relation to the litigation work disclosed earlier in this report.

As such we propose to issue a fee uplift request in connection with this work and any shared costs the Companies may incur in relation to professional advisors' fees. We will be writing to creditors soon to seek approval for our fees in connection with this workstream.

We set out later in this Appendix details of our work to date, anticipated future work, subcontracted work and payments to associates.

Payments to associates

No payments have been made to associates or any party who could reasonably be perceived as an associate during the period of this report.
