**1 General information**

Holborn UK Investments Limited (the 'Company') is a private limited company incorporated and domiciled in England and Wales. The Company's registered address is 33 Holborn, London EC1N 2HT.

The immediate parent company and controlling party of the Company is J Sainsbury plc, which is registered in England and Wales, and forms the only group into which the financial statements of the Company are consolidated. Copies of the parent company's financial statements may be obtained from [www.about.sainsburys.co.uk](http://www.about.sainsburys.co.uk).

The Company's financial year represents the 52 weeks to 10 March 2018 and the prior financial year represents the 52 weeks to 11 March 2017.

**2 Accounting policies**

**(a) Statement of compliance**

The financial statements are prepared in accordance with United Kingdom Accounting standards, in particular Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and the Companies Act 2006.

**(b) Basis of preparation**

The financial statements are presented in sterling, rounded to the nearest pound (£) unless otherwise stated. They have been prepared on the going concern basis under the historical cost convention.

The preparation of financial statements in conformity with FRS 101 requires the use of judgements, estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 2c.

The accounting policies set out below have been applied consistently to all periods presented in the financial statements and have been applied consistently by the Company.

**Financial instruments**

*Financial assets*

The Company classifies its financial assets as loans and receivables.

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. The Company has no intention of trading these loans and receivables. Subsequent to initial recognition, these assets are carried at amortised cost using the effective interest method. Income from these financial assets is calculated on an effective yield basis and is recognised in the income statement.

*Financial liabilities*

Interest-bearing bank loans are recorded initially at fair value, which is generally the proceeds received, net of direct issue costs. Subsequently, these liabilities are held at amortised cost using the effective interest method.

Finance charges, including premiums payable on settlement or redemption and direct issue costs are accounted for on an accrual basis to the income statement using the effective interest method and are added to the carrying amount of the instrument to the extent that they are not settled in the financial year in which they arise.

*Impairment of financial assets*

The Company assesses at the end of each reporting period whether there is objective evidence that a financial asset or group of financial assets is impaired. The carrying amount of the asset is reduced for any impairment loss and the amount of the loss is recognised in the income statement.

**2 Accounting policies (continued)**

**Called up share capital**

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new ordinary shares or options are shown in equity as a deduction, net of tax, from the proceeds.

**(c) Significant accounting judgements, estimates and assumptions**

The preparation of financial statements in conformity with IFRSs requires the use of judgements, estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Those which are significant to the Company are discussed separately below: The judgements and key sources of estimation uncertainty that have a significant effect on the amounts recognised in the financial statements are discussed below.

**Estimates and assumptions**

The areas where assumptions and estimates are significant to the financial statements are as described below. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

*Impairment of assets*

Financial and non-financial assets are subject to impairment reviews based on whether current or future events and circumstances suggest that their recoverable amount may be less than their carrying value. Recoverable amount is based on the higher of the value in use and fair value less costs to dispose. Value in use is calculated from expected future cash flows using suitable discount rates and includes management assumptions and estimates of future performance.

**3 Administrative expenses**

Administrative expenses have been borne by Sainsbury's Supermarkets Ltd, a Group company that makes no recharge to the Company.

**4 Employees and directors' remuneration**

The average monthly number of persons (including Directors) employed by the Company during the financial year was nil (2017: nil).

All of the Directors are also employees of the ultimate parent company, J Sainsbury plc, or other Group companies. The Directors' emoluments are borne by Sainsbury's Supermarkets Ltd, a Group company that makes no recharge to the Company. It is not possible to make an accurate apportionment of the Directors' emoluments as they serve as Directors to a number of Group companies. Accordingly, the income statement does not include emoluments in respect of the Directors.
