Directors' report

The directors present their annual report and the audited financial statements on behalf of the group for the nine month period ended 31 December 2011

Activities

The principal activity of the group is the operation of holiday parks generating revenue from the provision of holiday accommodation, the sale of holiday homes and from the associated retail and services income

Business review and principal risks and uncertainties

The group's results for the period comprised turnover of £11,426,000 (year ended 31 March 2011 £9,537,000), a profit before interest and tax of £793,000 (year ended 31 March 2011 £240,000) and a loss after interest and tax of £1,605,000 (year ended 31 March 2011 £2,592,000)

The increase in group turnover of 15% despite the shortened trading period is as a result of additional demand for caravan sales and holidays resulting from the continuing investment in the portfolio's facilities and also due to a full year trading at Mill Rythe Holiday Resort which was acquired in September 2010. The pre-existing holiday park operations increased turnover by 11% on a like for like basis, however profits reduced by 6% due to reduced margins and cost pressures. Holiday bookings for the 2011 season were up 30% versus the previous year but there was considerable discounting in the market which drove down average prices. There were some significant cost pressures, notably due to higher wages which were affected by the National Minimum Wage, utility costs due to national pricing effects and marketing expenditure. Nevertheless, the overall result represents a reasonable performance from the business in a difficult economic environment.

During the period, the group invested £1,204,000 in capital expenditure which included the construction of additional pitches, acquisition of new hire fleet, the refurbishment of existing hire fleet and central facilities as well as routine maintenance expenditure. This investment also included the completion of a substantial new indoor pool and spa facility at the Group's Tattershall Lakes park

The significant investment undertaken in the prior year, will deliver substantial growth for the forthcoming financial year although the current economic climate remains challenging. The Group continues to look for opportunities to expand through acquisition

Financial instruments and financial risk management

The group's activities expose it to a number of financial risks including credit risk, cash flow risk and liquidity risk. The group does not use financial derivatives nor does its activities expose it to significant commodity price risk.

Credit risk

The group's principal financial assets are bank balances and cash, trade debtors and other receivables. The group's credit risk is primarily attributable to trade debtors. The amounts presented in the balance sheet are net of allowances for doubtful receivables. The group has no significant concentration of credit risk with exposure spread over a large range of customers. The credit risk of liquid funds is limited because counterparties are banks with high credit ratings assigned by international credit rating agencies.

Directors' report (continued)

Cash flow risk

Funding has been arranged by a subsidiary company, a significant proportion of which has been fixed via an interest rate swap agreement. Therefore the group is not unduly exposed to interest rate risk

Liquidity risk

The group's subsidiary has arranged long and short term debt facilities in order to ensure sufficient funds are available for ongoing operations and future developments. An intra-group agreement is in place to enable the group to gain access to these funds if necessary

Proposed dividend

The directors do not recommend the payment of a dividend (year ended 31 March 2011 £nil)

Directors and their interests

The directors who held office during the period were as follows

C Castledine

S Dinnen

G Lashley

A Nelson

According to the register of directors' interests, no rights to subscribe for shares or debentures of group companies were granted to any of the directors or their families, or exercised by them, during the financial period

Directors' report (continued)

Employees

The group recognises that the contribution made by its employees is crucial to its success. Substantial investment is therefore made in the training, development and motivation of staff with particular attention to ensuring customer satisfaction and the achievement of high standards of service. The group endorses the application of equal opportunities policies to provide fair and equitable conditions for all employees regardless of sex, family status, religion, creed, colour, ethnic origin, age, disability or sexual orientation. Where employees become disabled in the course of their employment, they will continue to be employed, wherever practicable, in the same job or, if this is not practicable, every effort will be made to find an alternative job and provide appropriate training

Political and charitable contributions

The group made no political contributions during the period (year ended 31 March 2011 £nil) Donations to UK charities amounted to £450 (year ended 31 March 2011 £250)

Going concern

As at 31 December 2011 the Group had net liabilities of £5,481,000. The Group's liabilities include £19,666,000 due to the ultimate controlling entity. This liability is due for payment on 1 April 2017. The Group's bank has also made available a revolving credit facility in order to provide short term finance when necessary.

After making enquiries, the directors have a reasonable expectation that the Group has access to adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and accounts

Auditors

A resolution to appoint Grant Thornton UK LLP as auditor for the company will be proposed at the annual general meeting in accordance with section 485 of the Companies Act 2006

Approved by the Board of Directors and signed on behalf of the Board

Statement of directors' responsibilities

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial period. Under that law the directors have elected to prepare the group financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable laws). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and the group and of the profit or loss of the group for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgments and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company and the group will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the group's and the company's transactions and disclose with reasonable accuracy at any time the financial position of the group and of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the group and of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as each of the directors is aware

- there is no relevant audit information of which the company's auditors are unaware, and
- the directors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions

Independent auditor's report to the members of Away Resorts Holdings Limited

We have audited the financial statements of Away Resorts Holdings Limited for the period ended 31 December 2011 which comprise the consolidated profit and loss account, the consolidated and parent company balance sheets, the consolidated cash flow statement and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice)

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed

Respective responsibilities of directors and auditor

As explained more fully in the Directors' Responsibilities Statement set out on page 5, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the APB's website at www frc org uk/apb/scope/private cfm

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the group's and of the parent company's affairs as at 31 December 2011 and of the group's loss for the period then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice,
- have been prepared in accordance with the requirements of the Companies Act 2006

Opinion on other matters prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report for the financial period for which the financial statements are prepared is consistent with the financial statements

Matters on which we are required to report by exception

TIL UK LLP

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us, or
- the parent company financial statements are not in agreement with the accounting records and returns, or
- · certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

Notes to the financial statements Period ended 31 December 2011

1. Accounting policies

The principal accounting policies are summarised below. They have all been applied consistently throughout the period and the preceding year.

Basis of preparation

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of certain fixed assets, and in accordance with applicable United Kingdom accounting standards

Basis of consolidation

The consolidated financial statements include the financial statements of the company and its subsidiary undertakings made up to 31 December 2011. The acquisition method of accounting has been adopted. Under this method, the results of subsidiary undertakings acquired or disposed of in the period are included in the consolidated profit and loss account from the date of acquisition or up to the date of disposal.

Under section 408 of the Companies Act 2006 the company is exempt from the requirement to present its own profit and loss account

Going concern

As at 31 December 2011 the Group had net liabilities of £5,481,000 The Group's liabilities include £19,666,000 due to the ultimate controlling entity. This liability is due for payment on 1 April 2017. The Group's bank has also made available a revolving credit facility in order to provide short term finance when necessary.

After making enquiries, the directors have a reasonable expectation that the Group has access to adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and accounts

Goodwill

Purchased goodwill (representing the excess of the fair value of the consideration given over the fair value of the separable net assets acquired) arising on consolidation is capitalised. Positive goodwill is amortised to nil by equal annual instalments over its estimated useful life of 20 years.

Negative goodwill, representing the excess of the fair value of the identifiable net assets acquired over the fair value of the consideration, is capitalised and amortised over the periods in which the non-monetary assets are realised

Investments

In the company's financial statements, investments in subsidiary undertakings, associates and joint ventures are stated at cost less provision for any impairment in value

Tangible fixed assets

Tangible fixed assets are stated at cost or valuation, net of depreciation and any provision for impairment Depreciation is provided on all tangible fixed assets, other than investment properties and freehold land, at rates calculated to write off the cost or valuation, less estimated residual value, of each asset on a straight-line basis over its expected useful life as follows

Freehold buildings Fixtures, fittings, tools and equipment 15-50 years

3 to 20 years

No depreciation is provided on freehold land

Notes to the financial statements (continued) Period ended 31 December 2011

1. Accounting policies (continued)

Leases

Assets acquired under finance leases are capitalised and the outstanding future lease obligations are shown in creditors. Operating lease rentals are charged to the profit and loss account on a straight line basis over the period of the lease.

Hire purchase

Assets sold under hire purchase contracts are included in debtors at cost less amounts received to date. Income is allocated to each year on the basis of the annual interest charge plus principal in equal instalments over the life of the contract.

Pensions

The group operates a defined contribution pension scheme The assets of the scheme are held separately from those of the group in an independently administered fund. The amount charged to the profit and loss account represents the contributions payable to the scheme in respect of the accounting period.

Stock

Stocks are stated at the lower of cost and net realisable value

Taxation

Current tax, including UK corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the group's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in years different from those in which they are recognised in the financial statements.

A net deferred tax asset is regarded as recoverable and therefore recognised only to the extent that, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted

Deferred tax is not recognised when fixed assets are revalued unless by the balance sheet date there is a binding agreement to sell the revalued assets and the gain or loss expected to arise on sale has been recognised in the financial statements. Neither is deferred tax recognised when fixed assets are sold and it is more likely than not that the taxable gain will be rolled over, being charged to tax only if and when the replacement assets are sold

Deferred tax is measured at the average tax rates that are expected to apply in the years in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax is measured on a non-discounted basis

Notes to the financial statements (continued) Period ended 31 December 2011

1. Accounting policies (continued)

Turnover

Turnover represents the amounts (excluding value added tax) derived from the provision of goods and services to customers

Caravan sales are recognised at the point of sale subject to either full cash receipt or a signed third party finance agreement. Owners' rents are recognised on a straight line basis over the 12 month period to which invoiced amounts relate. Hiring and touring income is recognised in full when holidays are completed. Retail and other income are recognised at the point of sale.

Cash and liquid resources

Cash, for the purpose of the cash flow statement, comprises cash in hand and deposits repayable on demand, less overdrafts payable on demand

Dividends on shares presented within shareholders' funds

Dividends unpaid at the balance sheet date are only recognised as a liability at that date to the extent that they are appropriately authorised and are no longer at the discretion of the Company Unpaid dividends that do not meet these criteria are disclosed in the notes to the financial statements

Classification of financial instruments issued by the Group

Following the adoption of FRS 25, financial instruments issued by the Group are treated as equity (i.e. forming part of shareholders' funds) only to the extent that they meet the following two conditions

- a) they include no contractual obligations under the Company (or Group as the case may be) to deliver cash or other financial assets or to exchange financial assets or financial liabilities with another party under conditions that are potentially unfavourable to the Company (or Group), and
- b) where the instrument will or may be settled in the Company's own equity instruments, it is either a nonderivative that includes no obligation to deliver a variable number of the Company's own equity instruments or is a derivative that will be settled by the Company exchanging a fixed amount of cash or other financial assets for a fixed number of its own equity instruments

To the extent that this definition is not met, the proceeds of issue are classified as a financial liability. Where a financial instrument that contains both equity and financial liability components exists these components are separated and accounted for individually under the above policy. The finance cost on the financial liability component is correspondingly higher over the life of the instrument.

Finance payments associated with financial liabilities are dealt with as part of interest payable and similar charges. Finance payments associated with financial instruments that are classified as part of shareholders' funds (see dividends policy), are dealt with as appropriations in the reconciliation of movements in shareholders' funds.

Financial guarantee contracts

Where the company enters into financial guarantee contracts to guarantee the indebtedness of other companies within its group, the company considers these to be insurance arrangements, and accounts for them as such. In this respect, the company treats the guarantee contract as a contingent liability until such time as it becomes probable that the company will be required to make a payment under the guarantee.
