Directors' Report

The directors present their report and accounts for the year ended 31 October 2014.

Principal activities

The company's principal activity during the year continued to be packing and storage of third party products.

Directors

The following persons served as directors during the year:

J. W. Alder

I. J. Doye

G. Alder

Directors' responsibilities

The directors are responsible for preparing the report and accounts in accordance with applicable law and regulations.

Company law requires the directors to prepare accounts for each financial year. Under that law the directors have elected to prepare the accounts in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the accounts unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these accounts, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the accounts;
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the accounts comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Disclosure of information to auditors

Each person who was a director at the time this report was approved confirms that:

- so far as he is aware, there is no relevant audit information of which the company's auditor is unaware; and
- he has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the company's auditor is aware of that information.

This report was approved by the board on 6 July 2015 and signed on its behalf.

I J Doye Director

Cannon Packing and Logistics Limited Strategic Report

The board are pleased with the results Cannon Packing and Logistics Limited "CPL" have presented this year.

The company continues its controlled expansion of its customer base with a 7% increase in sales over last year whilst maintaining margins to ensure that sales growth is passed onto the bottom line.

The main risks affecting the business are loss of revenue resulting from loss of customers due to insolvency or from competitors. We address this risk by diversification of our customer base and by retaining a customer focussed outlook to our business.

The resource utilisation continues to improve in line with its strategic objectives, this enables CPL to keep its charges competitive in its market place.

Significant events post year end revolve around securing a 10 year lease of its property at Milton Park and transferring its banking to a new provider, primarily to reduce costs in the early part of 2015.

This report was approved by the board on 6 July 2015 and signed on its behalf.

I J Doye Director

Cannon Packing and Logistics Limited Independent auditors' report to the members of Cannon Packing and Logistics Limited

We have audited the accounts of Cannon Packing and Logistics Limited for the year ended 31 October 2014 which comprise the Profit and Loss Account, the Balance Sheet, the Cash Flow Statement and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

As explained more fully in the Statement of Directors' Responsibilities, the directors are responsible for the preparation of the accounts and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the accounts in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the accounts

A description of the scope of an audit of financial statements is provided on the APB's website at www.frc.org.uk/auditscopeukprivate

Opinion on the accounts

In our opinion the accounts:

- give a true and fair view of the state of the company's affairs as at 31 October 2014 and of its profit for the year then ended;
- · have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report and the Strategic Report for the financial year for which the accounts are prepared is consistent with the accounts.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the accounts are not in agreement with the accounting records and returns; or
- · certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Alan Sowden

(Senior Statutory Auditor) for and on behalf of

1 Accounting policies

Basis of preparation

The accounts have been prepared under the historical cost convention and in accordance with applicable United Kingdom Accounting Standards.

Turnover

Turnover is the amount receivable for the provision of goods and services falling within the company's ordinary activities, excluding value added tax. Turnover is recognised when the risks and rewards of ownership of goods have been transferred to the customer. The risks and rewards of ownership of goods are deemed to have been transferred when the goods are shipped to, or are picked up by the customer.

Amortisation of goodwill

Amortisation is calculated so as to write off the cost of an asset, less its estimated residual value, over their useful economic life.

Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases.

Plant and machinery	3 years
Motor vehicles	3 years
Fixtures and fittings	3 years
Computer equipment	3 years

Operating leases

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profits on a straight line basis over the period of the lease.

Stocks

Stocks are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stocks. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads.

Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax, with the following exceptions:

Provision is made for tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold.

Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which the timing differences reverse, based on tax rates and laws enacted or substantially enacted at the balance sheet date.

Foreign currencies

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the balance sheet date. All differences are taken to the profit and loss account.

Pensions

The company operates a defined contribution pension scheme. Contributions are charged to the profit and loss account as they become payable in accordance with the rules of the scheme.

Invoice finance

The company operates an invoice finance facility. In accordance with application note C of FRS5, the separate presentation methodology is adopted, meaning trade debtor balances are shown in full, with payments received recognised as a liability.
