**6. POST BALANCE SHEET EVENTS**

The financial statements do not reflect dividends paid after the year ended 31 May 2016, which will be accounted for in the shareholders' equity as an appropriation of retained earnings in the year ended 31 May 2017. The company has controls in place to ensure that there are sufficient retained earnings to cover dividend payments based on the latest available management information at the dividend declaration date, so that the company remains in a net asset position.

The cost of disclosing and repeatedly updating the quantum of these dividends, right up to the date of signing the financial statements is therefore considered to exceed any benefit to the users thereof.
