Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

#### Independent auditors

### **NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2013**

---

#### **1. Accounting policies**

The principal accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

##### **1.1 Basis of preparation**

These financial statements have been prepared on the going concern basis under the historical cost convention, and in accordance with applicable accounting standards in the United Kingdom and the Companies Act 2006. The functional currency of the Company is Euro, so therefore the financial statements have been prepared in Euro. The year end GBP Euro exchange rate was £1 €1.18 (2012 £1 €1.19).

##### **1.2 Going concern**

The directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

##### **1.3 Dividend distribution**

Dividend distributions are recognised as a liability in the period in which the dividends are approved by the shareholders in the case of final dividends or when they are paid in respect of interim dividends.

##### **1.4 Investments**

Investments held by the Company are stated at cost, less any provisions to reflect impairment in value.

##### **1.5 Impairment**

Investments are not subject to amortisation and are tested annually for impairment. An impairment loss is recognised for the amount by which the carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's net realisable value and value in use.

##### **1.6 Foreign currency transactions**

Transactions denominated in foreign currencies are translated into Euro at the exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies, which are held at year end, are translated into Euro at the exchange rate ruling at the balance sheet date. Exchange differences on monetary items are recognised in the profit and loss account in the period in which they arise.

##### **1.7 Taxation**

Current tax, including UK corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2013

---

#### 1. Accounting policies (continued)

##### 1.8 Related party transactions

Financial Reporting Standard ("FRS") 8, 'Related party disclosures' requires the disclosure of the details of material transactions and balances between the reporting entity and related parties. The Company has taken advantage of the exemption under the terms of FRS 8, not to disclose details of transactions with entities that are wholly owned subsidiaries.

##### 1.9 Cash flow statement

The Company is a wholly owned subsidiary of Burberry Group plc and is included in the consolidated financial statements of Burberry Group plc, which are publicly available. Consequently, the Company has taken advantage of the exemption from preparing a cash flow statement under the terms of Financial Reporting Standard 1, "Cash flow statements" (revised 1996).

#### 2. Profit on ordinary activities before taxation

The directors did not receive any emoluments in respect of their services to the Company (2012: €nil).

The Company has no employees and therefore no employee costs are included in these financial statements (2012: €nil). The Company has not been recharged audit fees of €1,600 (2012: €1,600) as these were all paid for by Burberry Limited.

#### 3. Tax on profit on ordinary activities

Corporation tax is based on the result for the year and comprises

	2013 €	2012 €
Corporation tax at 24% (2012: 26%)	-	-

##### Factors affecting tax charge for the year

UK Group companies do not charge/pay for group tax relief from other UK Group companies. As such Burberry (Spain) Finance Limited does not recognise a tax (credit)/charge for any (losses)/profits to the extent that there are sufficient profits/(losses) within the UK Group companies to fully offset Burberry (Spain) Finance Limited's UK liability.

The tax assessed for the year does not differ from the standard rate of corporation tax in the UK of 24% (2012: 26%).

##### Factors that may affect future tax charges

There were a number of changes to the UK Corporation tax system announced in the March 2013 Budget Statement. In addition to the change in the main rate of Corporation tax to 23% with effect from 1 April 2013, which was substantively enacted on 3 July 2012, further reductions are proposed to reduce the rate by 2% per annum to 21% for 2014 and by a further 1% to 20% in 2015. These further changes had not been substantively enacted at the balance sheet date and, therefore, are not included in these financial statements.
