AAPG-Europe

Report of the Trustees for the Year ended June 30, 2020

AAPG-Europe

Aims and Objectives

Purposes and Aims:

Our charity's purposes as set out in the objects contained in the company's memorandum of association are, for the public benefit:

- To advance the science of geology and its allied sciences in particular, but without prejudice to the generality of the forgoing, as they relate to petroleum, natural gas, other subsurface fluids and mineral resources, thorough methods including:
 - Promoting the technology of exploring for, finding and producing such materials in an economically and environmentally sound manner; and
 - Disseminating information related to the geology and associated technology of petroleum, natural gas, other subsurface fluids and mineral resources.

The aims of our charity are to foster scientific exchange which advances the earth sciences, in particular, those related to petroleum, natural gas, and other energy minerals. This is the purpose that our charity was established to further.

The Focus of our Work

Our main objectives for the year were focused on the delivery of science, particularly the geosciences through our many programs. Specifically, we have undertaken the following:

- Implementing a system of dissemination of scientific and geological information, through educational activities
- Conducting additional short courses in Europe
- Developing a schedule of Geoscience Technology Workshops (GTW)
- Executing a regional conference

How Our Activities Deliver Public Benefit

The trustees have complied with the duty in Section 17 of the Charities Act 2011 to have due regard to public benefit guidance as published by the Charity Commission including its guidance 'Public benefit: running a charity (PB2)'. Our main activities and who we are trying to benefit are described below. Our charitable activities focus on the science of geology, the dissemination of that science, and on the many aspects of the energy geosciences. Our work has primarily focused on advancing scientific knowledge through our program of educational events. All charitable activities focus on sharing scientific knowledge which helps the energy industry remain sustainable, and the events focus on the exchange of technology concerning the exploration

AAPG-Europe

Report of the Trustees for the Year ended June 30, 2020

of energy resources for the public benefit. In addition to helping reinforce the training of the geoscientist, this emphasis on sustainability and environmental awareness and responsiveness ultimately serves society in general.

Our courses, presentations and learning opportunities are open to the general public. The primary beneficiaries include geoscientists working and living in the United Kingdom and in the rest of Europe. These programs help develop and expand the knowledge and information on the technical challenges of finding and producing energy resources.

Programs

We generally offer several educational events each year, with differing levels of scientific intensity. Our line-up of events includes Geoscience Technology Workshops, or GTW's and a larger regional conference. The GTWs are scientific learning opportunities that appeal to a much wider audience and are typically focused on issues or topics related to regional activities, or emerging technologies. This year we held a successful GTW in Batumi. We ran our larger regional conference in Athens, covering several scientific and geological topics. We also conducted our 2nd Energy Transitions Conference in Aberdeen. Hosting events throughout Europe helps broaden participation as we have drawn attendance from over a dozen countries, including Norway, France, the Czech Republic, Hungary, Portugal, Spain, Austria and The Netherlands in recent years. The global pandemic caused by the 2019 Novel Coronavirus, SARS-CoV-2 (more commonly known as and referred to hereafter as COVID-19) effectively eliminated our ability to deliver in-person events from March through the end of the fiscal year. We productively used that time and pivoted our format to introduce a new line-up of less formal, free, collaboration events on specific energy geoscience topics using online platforms.

Financial Review

AAPG-Europe has been operating in the United Kingdom for twelve years. The last few years have been especially difficult from a financial standpoint and COVID-19 has compounded the challenges. In addition to the lack of ability to gather in person for our events, we receive most of our financial support from the energy industry (as a whole) in the way of sponsorship and support of our activities. The energy industry is suffering not just from financial hardship the last several years but also the steep drop in prices during the global pandemic. These factors had a pronounced, corresponding effect on our financial activities.

Although our educational offerings increased between 2014 and 2017, we had seen a decline in participation of our traditional format activities prior to the COVID-19 pandemic. Since the lockdown in the United Kingdom was announced in March 2020, we have not conducted any significant revenue generating activities. The trustees are aware of our dramatically declining revenues and are working to manage the charity in as fiscally responsible of a manner as possible in this challenging operating environment. The result of their focus has been significantly cutting operating costs, including relocating (and eventually closing) our physical office.

AAPG-Europe

Report of the Trustees for the Year ended June 30, 2020

In light of the financial strain that we are experiencing, our senior leadership team has proposed to the trustees and has implemented some significantly different events and activities which will continue to fulfil the objects of the charity and hopefully bring back the interest and support of the energy industry when they are able to return to the marketplace. This will not be a short-term fix (and COVID-19 has extended our forecast for challenging economic conditions), but rather this change in approach represents an investment in the development of new activities which we expect will be beneficial in the long term, both in live events and those delivered in a socially-distanced, electronic format.

Most of AAPG-Europe's support and funding used during our time in operation is from the gift aid from the subsidiary trading company. This gift aid provides the critical resources to support our charitable mission. Much like the charity, however, the trading subsidiary has also suffered greatly with decreased revenue the past couple of years, which has had a negative impact on the amount of gift aid available to the charity. The COVID-19 global pandemic may have an impact on the upcoming APPEX event in March 2021, which we are still assessing.

Principal Funding Sources

AAPG-Europe conducted a few educational, scientific events during the year. Aside from the fees generated in pursuit of these educational activities, the charity has fallen short financially with only a limited prospect of gift aid from the trading subsidiary.

The American Association of Petroleum Geologists AAPG has provided a commitment to support the operation of the Charity group by providing working capital as needed and has agreed to not seek repayment of the outstanding balance due to it by AAPG-Europe and its trading subsidiary in the next year. Furthermore, as mentioned above, the Executive Committee of AAPG voted to forgive the legacy debt of both the Charity and the Trading subsidiary in fiscal year June 30, 2018. This provided AAPG-Europe with much needed debt relief and support needed to ensure that we can continue to operate as a going concern for the foreseeable future. The American Association of Petroleum Geologists is a 100+ year-old international professional association located in the United States which has significant resources to help carry out its mission of advancing the profession and science of geology. This mission of AAPG is closely aligned with the objects of the Charity.

Investment Policy

The Trustees of AAPG-Europe are aware of the benefits that a solid financial plan can allow us to continue our mission of disseminating scientific knowledge. This objective has been complicated by the decreased availability of funding from the energy industry, the squeeze on our operating margins, and the distress on the live events portion of our business due to COVID-19. The Management Committee has invested the small amount of current available resources in a business money manager account with a respected financial institution. In light of the current economic environment, our return on our investment appears reasonable.

AAPG-Europe

Report of the Trustees for the Year ended June 30, 2020

Fund Balances

The group results are a shortfall for the period of £48,344 (2019: £105,149). Closing unrestricted reserves of the group are £11,493 (2019: £59,837). At the end of the year, the liability to AAPG had decreased to £135,183 (2019: £228,839). AAPG-Europe has developed a significant loan payable to the American Association of Petroleum Geologists from the operations of the charity, which has persisted after the debt forgiveness in FY 2018. The Trustees have directed that the staff develop and present a plan to reduce and eliminate any deficit and dependence on the sole member of the charity.

The terms of the loan from AAPG are such that there is no defined repayment date, hence in accordance with FRS 102 this is classified as a current liability, however the AAPG has confirmed its willingness to continue to provide the financial support to AAPG-Europe until it has generated sufficient working capital to repay the loan and sustain their day to day operations. For this reason, the trustees are satisfied that there will be no call on repayment that would limit the charity's ability to meet its other liabilities and obligations as they fall due for at least 12 months from the date of signing the accounts.

Reserves Policy

The Management Committee has examined the charity's requirements for reserves in light of the main risks to the organization. The charity has expressed its goal to increase reserves as it continues developing and reducing its indebtedness. The financial results for the years 2015 – 2017 eliminated any progress that had been made in that regard. In light of the current economic challenges for the energy sector, the trustees have not determined a timescale for achieving the desired level of reserves of 6 months of operating expenses. The trustees are mindful of the need to achieve modest surpluses year on year in the shorter term, with an immediate focus of maintaining a positive balance in unrestricted reserves at the end of fiscal year 2021 through aggressive cost cutting, introduction of new revenue streams and stabilizing of our support base. The COVID-19 global pandemic will have a negative impact on our ability to meet these goals in the short term.

Risk

The Management Committee is aware that risk is inherent in most undertakings and believe that most of our risk is minimal or manageable. The trustees have developed a risk register which will be reviewed on a periodic basis and amended as deemed necessary by the trustees. The current largest, and most pressing risk facing the charity continues to be the concentration of potential support for the charity's activities within a single industry. The volatility of energy prices, followed by a prolonged and sustained depression of not only energy prices, but the available support from the previously enthusiastic energy industry have had a profound and illuminating impact. At this point, there have been no plans to deviate from this industry, as they are aligned with the objects of the charity. However, current plans are being implemented which should expand our exposure into other disciplines within the geosciences in addition to our core, geology. Specifically, we are targeting expansion of our topics to include cross-functional disciplines of the geosciences in our training.

AAPG-Europe

Report of the Trustees for the Year ended June 30, 2020

On the liability side of risk, we rented space for our offices and we endeavor to organize our events in reputable, reasonable facilities. We have employment policies in place for the staff that we hire. Despite sound policies and best efforts on logistics, loss can still occur. To that end, we obtained insurance cover for the office space that we rented, as well as the activities that we undertake. We believe that the amounts of coverage, though not limitless, are reasonable and will help minimize the risk of financial loss in the event of a successful claim. During the year, our trustees were covered by indemnity insurance.

We address our indebtedness to AAPG at least annually to ensure that the Trustees are always aware of the status of our financial arrangement.

Plans for Future Periods

Although the charity plans to continue disseminating the energy geosciences, the impact of COVID-19 has been swift and punitive. Our standard method of delivery, in person conferences, courses and workshops has been significantly disrupted. The activities that we have planned are the Geoscience Technology Workshops (GTW, of which we have one planned for fiscal year 2021), the regional conference, the newly designed Energy Transition Forum. We had also planned to launch a new conference, the General Interest Conference in Bologna, Italy in November 2020 which would have had a direct scientific focus for an expanded audience. We are still determining if the conferences will be feasible in FY 2021, or more likely are rescheduled for 2022. In light of our changing business model, we have taken steps to minimize our costs and have begun delivering on-line content through Zoom to continue our mission.

Structure, Governance and Management

Governing Document

The organization is a charitable company, limited by guarantee, incorporated on March 19, 2008, and registered as a charity on October 14, 2008 with the Charity Commission in England & Wales. The charity was registered with OSCR, the Office of the Scottish Charity Register on December 11, 2008. The company was established under a Memorandum of Association which established the objects and purposes of the charitable company and is governed under its Articles of Association. In the event of the company being dissolved, members are required to contribute an amount not exceeding £1.

Trustee Selection

The organizations governing documents require that two trustees are appointed by the American Association of Petroleum Geologists. Three co-opted trustees are appointed by the board of Trustees.

AAPG-Europe

Report of the Trustees for the Year ended June 30, 2020

Induction and Training

Most trustees are already familiar with the practical work of the charity due to the small group and intensive focus on programs to establish. Additionally, the trustees are provided with access to update sessions on current governance practices through the Charity Commission website updates, as well as through bulletins and seminars provided by the charity's external professional advisors.

Auditors

Moore Kingston Smith LLP have indicated their willingness to continue in office and are deemed reappointed in accordance with section 487(2) of the Companies Act 2006.

This report has been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland: The FRS 102 Charities SORP (issued in July 2014) and in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

Statement of Trustees' Responsibilities

The trustees (who are also directors of AAPG-Europe for the purposes of company law) are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires trustees to prepare financial statements for each financial year which give a true and fair view of the state of the affairs of the charitable company and the group and of the incoming resources and application of resources, including the income and expenditure, of the charitable group for that year. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards including FRS 102 have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for maintaining proper accounting records that disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006, The Charities and Trustees Investment (Scotland) Act 2005 (as amended) and The Charities Accounts (Scotland) Regulations 2006 (as amended). They are

AAPG-Europe

Report of the Trustees for the Year ended June 30, 2020

also responsible for safeguarding the assets of the charitable company and the group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the trustees are aware:

- there is no relevant audit information of which the charitable company's auditor is unaware; and
- the trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

Small company rules

These financial statements have been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

Approved by the Trustees on 11 March 2021 and signed on its behalf by:

Mr. D. Curtiss (Secretary)

AAPG-Europe

Independent auditor's report to the members and trustees of AAPG-Europe for the year ended June 30, 2020

Opinion

We have audited the financial statements of AAPG-Europe for the year ended 30 June 2020 which comprise the Consolidated Statement of Financial Activities, the Consolidated and parent company Balance Sheets, the group Consolidated Statement of Cash Flows and the related notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 'The Financial Reporting Standard Applicable in the UK and Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the group's and the parent charitable company's affairs as at 30 June 2020 and of its incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the Companies Act 2006, the Charities and Trustee Investment (Scotland) Act 2005 (as amended), regulations 6 and 8 of the Charities Accounts (Scotland) Regulations 2006 (as amended) and the Charities Act 2011.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs(UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the audit of financial statements section of our report. We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the trustees' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the trustees have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the group's and parent charitable company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

AAPG-Europe

Independent auditor's report to the members and trustees of AAPG-Europe for the year ended June 30, 2020

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The trustees are responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the trustees' annual report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the trustees' annual report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the group and parent charitable company and its environment obtained in the course of the audit, we have not identified material misstatements in the trustees' annual report.

We have nothing to report in respect of the following matters where the Companies Act 2006, the Charities Accounts (Scotland) Regulations 2006 (as amended) and the Charities Act 2011 requires us to report to you if, in our opinion:

- the parent charitable company has not kept adequate and sufficient accounting records, or returns adequate for our audit have not been received from branches not visited by us
- the trustees' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or

AAPG-Europe

Independent auditor's report to the members and trustees of AAPG-Europe for the year ended June 30, 2020

- the trustees were not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies exemption in preparing the Trustees' Annual Report and from preparing a strategic report.

Responsibilities of trustees

As explained more fully in the trustees' responsibilities statement set out on page 8, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the group and parent charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the group or parent charitable company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

We have been appointed as auditor under Section 44(1)(c) of the Charities and Trustee Investment (Scotland) Act 2005, the Companies Act 2006 and Section 151¹ of the Charities Act 2011 and report to you in accordance with regulations made under those Acts.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs (UK) we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

AAPG-Europe

Independent auditor's report to the members and trustees of AAPG-Europe for the year ended June 30, 2020

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of the group and parent charitable company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the trustees.
- Conclude on the appropriateness of the trustees' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the group and parent charitable company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the group or parent charitable company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit report.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Use of our report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006; and to the charity's trustees, as a body, in accordance with Section 44(1)(c) of the Charities and Trustee Investment (Scotland) Act 2005, and in respect of the consolidated financial statements, in accordance with Chapter 3 of Part 8 of the Charities Act 2011. Our audit work has been undertaken so that we might state to the charitable company's members and trustees those matters which we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to any party other than the charitable company, the charitable company's members, as a body, and the charity's trustees, as a body for our audit work, for this report, or for the opinion we have formed.

AAPG-Europe

Notes Forming Part of the Financial Statements for the Year Ended June 30, 2020

1. Accounting Policies

Charity information

AAPG-Europe is a charitable company limited by guarantee that is domiciled and incorporated in England and Wales. The registered office is Devonshire House, 60 Goswell Road, London, England, EC1M 7AD.

The principal accounting policies are summarized below. The accounting policies have been consistently applied throughout the year.

a) Basis of Accounting

The charity's individual and consolidated financial statements have been prepared in accordance with United Kingdom Accounting Standards, in particular 'FRS 102: The Financial Reporting Standard applicable in the UK and Republic of Ireland' (FRS 102).

The charity is a public benefit entity for the purposes of FRS 102 and a registered charity. The charity has therefore also prepared its individual and consolidated financial statements in accordance with 'The Statement of Recommended Practice applicable to charities preparing their financial statements in accordance with FRS 102' (The Charities SORP (FRS 102)).

The Statement of Financial Activities (SOFA) and Balance Sheet consolidate the financial statements of the charitable company and its subsidiary undertaking. The results of the subsidiary are consolidated on a line by line basis.

No separate SOFA has been presented for the charity alone as permitted by section 408 of the Companies Act 2006.

The financial statements are prepared in sterling, which is the functional currency of the charity. Monetary amounts in these financial statements are rounded to the nearest pound.

b) Going Concern

In March 2020, the World Health Organization declared a global pandemic over the novel coronavirus known as COVID-19, which continues to spread throughout the United Kingdom and around the world. This outbreak has caused significant global supply chain disruptions which will have an impact on the charity's operations. Due to quarantine and travel restrictions from COVID-19 many events scheduled for fiscal year 2021 have been postponed or cancelled. In response we have taken steps to limit our costs and prepared revised forecasts and projections for the 12-month period following approval of these financial statements. In light of the difficult financial challenges faced in the current and

AAPG-Europe

Notes Forming Part of the Financial Statements for the Year Ended June 30, 2020 (continued)

previous fiscal years, and considering the impact of COVID-19, the trustees have evaluated whether the use of the going concern basis is appropriate. The trustees have considered possible events or conditions that might cast significant doubt on the ability of the charity to continue as a going concern. In particular, the trustees have considered the revised forecasts and projections and have taken account of the recent financial pressures on events and the development of new activities.

After making enquiries, the trustees have concluded that there is a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. This is because the American Association of Petroleum Geologists, the charity's ultimate controlling party, has confirmed that it will provide sufficient financial support to the company to enable it to continue to trade and to meet its liabilities as they fall due, for at least one year from the signing date of approval of the financial statements for the year ended 30 June 2020. Thus the trustees continue to adopt the going concern basis of accounting in preparing the financial statements.

c) Critical Accounting Estimates and Areas of Judgement

In preparing financial statements it is necessary to make certain judgements, estimates and assumptions that affect the amounts recognized in the financial statements. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which such estimates are revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods. Other than as stated above in relation to going concern, the trustees are of the opinion that there are no significant estimates or judgements made in preparing these financial statements.

d) Fund Accounting

Purposes of Unrestricted Funds

- Unrestricted funds are available for use at the discretion of the trustees in furtherance of the general objectives of the charity.

Purposes of Restricted Funds

- At this point, there are no funds provided to AAPG-Europe which are restricted in their specific purpose.

Purposes of Designated Funds

- All available resources are being re-invested into the charity to establish the services required by the objects of the charity. As such, the board has not designated any funds for specific purposes or projects.

AAPG-Europe
Notes Forming Part of the Financial Statements for the Year Ended
June 30, 2020 (continued)

e) Incoming Resources

All incoming resources are included in the statement of financial activities when the charity is entitled to the income, the receipt is probable, and the amount can be quantified reliably. The following policies are applied to specific categories of income.

- Investment income is included when receivable.
- Incoming resources from charitable trading activity are accounted for when earned.

f) Resources Expended

Expenditure is recognized on an accrual basis. Expenditure includes any VAT, which cannot be fully recovered, and is reported as part of the expenditure to which it relates:

- Other trading activities expenditure comprises the costs of trading in the Charity's subsidiary.
- Charitable activities expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.
- Governance costs, which are included within support costs, include those costs associated with meeting the constitutional and statutory requirements of the charity and include the audit fees and costs linked to the strategic management of the charity.
- All costs are allocated between the expenditure categories of the SoFA on a basis designed to reflect the use of the resource. Costs relating to a particular activity are allocated directly; others are apportioned on an appropriate basis, linked to staff time.

g) Fixed Assets

Fixed assets (excluding investments) are stated at cost less accumulated depreciation. The costs of minor additions or those costing below £500 are not capitalized. Depreciation is provided at rates calculated to write off the cost of each asset over its expected useful life, which for computer and electronic equipment and software is estimated at 3 years, in all other cases is estimated at 5 years.

Useful economic lives and residual values of assets are reassessed annually.

h) Fixed Asset Investments

The only investment held by the charity is that of its trading subsidiary and is included at cost.

AAPG-Europe
Notes Forming Part of the Financial Statements for the Year Ended
June 30, 2020 (continued)

i) Taxation

As a charity, AAPG-Europe is exempt from tax on income and gains falling within section 505 of the Taxes Act 1988 or section 256 of the Taxation of Chargeable Gains Act 1992 to the extent that these are applied to its charitable objects. Tax is charged on non-primary-purpose activities in excess of trading limits.

j) Operating Lease Rentals

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against the Statement of Financial Activities as incurred.

k) Foreign Currency Translation

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to the SOFA.

l) Financial Instruments

- Cash and cash equivalents - Cash and cash equivalents include cash at banks and in hand and short term deposits with a maturity date of three months or less.
- Debtors and creditors - Debtors and creditors receivable or payable within one year of the reporting date are carried initially at their transaction price and subsequently at settlement value.

m) Employee Benefits

- The costs of short-term employee benefits are regarded as a liability and an expense, unless these costs are required to be recognized on the cost of fixed assets.
- The cost of any unused holiday entitlement is recognized in the period in which the employee's services are reviewed.
- Termination benefits are recognized immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

n) Retirement Benefits

Payment to defined contribution retirement benefit schemes are charged as an expense as they fall due.

AAPG-Europe has one loan outstanding, which is to the American Association of Petroleum Geologists, who has provided working capital to AAPG-Europe. The loan to AAPG-Europe does not have a specific due date, which is anticipated to be settled as the charity and the trading company develop established revenue streams. The American Association of Petroleum Geologists has asserted its intention to not call the loan or impose any collections requirements on the loan for the next fiscal year, at a minimum.

In the current year there was no deferred income. In the previous years there was deferred income of £11,721.

13. Unrestricted funds

Notes Forming Part of the Financial Statements for the Year Ended June 30, 2020 (continued)

14. Trustee Remuneration and Related Party Transactions

There were no travel costs or other expenses reimbursed to any member of the management committee. No trustee or other person related to the charity had any personal interest in any contract or transaction entered into by the charity during the year.

At the year-end date the charity owed its parent, American Association of Petroleum Geologists £137,455 (2019 - £217,009). The transactions between the charity and its parent comprised expenses paid on behalf of each other and also a recharge of costs from the charity to its parent in respect of support for the Imperial Barrel Awards program.

At the year-end date the charity's subsidiary, AAPG-Europe Trading Limited, owed the charity £20,965 (2019 - £123,705). The transactions between the charity and its subsidiary comprised recharged expenditure and loan repayments.

15. Operating Lease Commitments

At the reporting year end date the group had outstanding commitments for future minimum lease payments under non-cancellable operating leases, which fall due as follows:

	Group		Charity	
	2020	2019	2020	2019
	£	£	£	£
Within one year	-	14,781	-	14,781
Between two and five years	-	-	-	-
	<u>-</u>	<u>14,781</u>	<u>-</u>	<u>14,781</u>

Total lease payments recognized as an expense during the year was £14,781 (2019: £49,496).

16. Control

The ultimate controlling party is AAPG (the American Association of Petroleum Geologists), an entity registered in the USA. AAPG is the parent company of AAPG-Europe by virtue of being its sole member. AAPG seeks to advance the science of geology and advance the profession of petroleum geology worldwide through fostering scientific research and the dissemination of scientific knowledge through publications, education training, workshops and conventions. Consolidated financial statements of AAPG are obtainable from 1444 South Boulder Avenue, Tulsa, Oklahoma 74119, USA (Registration no. 73-0125920).

AAPG-Europe
Notes Forming Part of the Financial Statements for the Year Ended
June 30, 2020 (continued)

17. Prior year adjustment

The prior year adjustment is for the year ended 30 June 2019.

The 2018 Corporation tax liability was overstated by £9,999 due to group relief not being considered at the time the financial statements were prepared.

The 2018 VAT liability was understated by £7,150.

The individual amounts are material. The net effect on 2018 reserves is a credit to reserves of £2,849.
