# David Lloyd Leisure Property Holdings No 3 Limited Directors' report for the year ended 4 January 2010

The directors present their report on the affairs of the Group together with the financial statements and auditors' report for the year ended 4 January 2010

#### Principal activities

The company acts as a holding company. The principal activity of the group during the year was investment in a portfolio of health club properties.

# Review of the business and future developments

The consolidated profit and loss account page 6 shows turnover for the year of £11 million (2009 £2 4 million) and a loss after taxation of £4 8 million (2009 £0 9 million)

Despite the loss for the year, the directors are satisfied with the performance for the year at both a turnover and group operating profit level. The results are in line with the financial projections made at the time of the acquisition.

# Results and dividends

The results for the year are set out in the consolidated profit and loss account on page 6. No dividends can be paid

#### **Key Performance Indicators**

The directors monitor the performance of the group by reference to the following key performance indicators

- average cost of borrowing the weighted average of interest rates payable on borrowings,
- gearing the ratio of borrowings to the book value of properties owned during the period, and
- rental yield rental income expressed as a percentage of the book value of properties owned during the period. The directors compare the rental yield to the average cost of borrowing.

# Going concern

The Directors have reviewed the current and projected financial position of the Group, making reasonable assumptions about future trading performance. As part of the review, the Directors considered the Group's cash balances, its debt maturity profile and the long-term nature of tenant leases. Specifically the Group has secured bank financing until 2014 and shareholder loans until 2017. The Group continues to meet its day-to-day liabilities including servicing its debt as required by loan agreements. Although current economic conditions create uncertainties, the Directors believe there is adequate headroom above the financial ratios required by the loan agreements.

After making enquiries, the Directors have a reasonable expectation that the Company and Group have adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

# Financial risk management objectives and policies

The Group's activities expose it to a number of financial risks including credit risk, cash flow risk and liquidity risk. The use of financial derivatives is approved by the board of directors. The Group does not use derivative financial instruments for speculative purposes.

# David Lloyd Leisure Property Holdings No 3 Limited Directors' report for the year ended 4 January 2010

# Cash flow risk

The Group's activities expose it primarily to the financial risks of changes in interest rates. The Group uses interest rate swap contracts to hedge these exposures. Interest bearing assets and liabilities are held at fixed rates to ensure certainty of cash flows

#### Credit risk

The Group's principal financial assets are trade and other receivables

The Group's credit risk is primarily attributable to its trade receivables. The amounts presented in the balance sheet are net of allowances for doubtful receivables. An allowance for impairment is made where there is an identified loss event which, based on previous experience, is evidence of a reduction in the recoverability of the receivables

The credit risk on liquid funds and derivative financial instruments is limited because the counterparties are banks with high credit ratings assigned by international credit-rating agencies

The Group has a significant concentration of credit risk, with exposure on one large customer. This is mitigated by the fact that the customer has entered into fixed long-term rental agreements. The customer pays monthly in advance

#### Liquidity risk

In order to maintain liquidity to ensure that sufficient funds are available for ongoing operations and future developments, the company uses a mixture of long-term debt finance

The directors of the company who served throughout the period, except as noted, were as follows

Mr Chris King (resigned 21 August 2009)

Mr R N Luck

Mr T Meanock

Mr A J Powell

Mr R J Livingstone (appointed 21 August 2009)

# Qualifying third party indemnity provisions

The company maintains liability insurance for its directors and officer. Following shareholder approval, the company has also provided an indemnity for its directors and the company secretary, which is a qualifying third party indemnity provision for the purposes of the Companies Act 2006

# **Auditors**

Each of the persons who is a director at the date of approval of this report confirms that

- so far as the director is aware, there is no relevant audit information of which the company's auditors are unaware, and
- the director has taken all steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the company's auditors are aware of that information

This confirmation is given and should be interpreted in accordance with the provisions of s418 of the Companies Act 2006

Approved by the Board and signed on its behalf by

MIRN Luck
Director
30 April 2010

# David Lloyd Leisure Property Holdings No.3 Limited Statement of Directors' responsibilities for the year ended 4 January 2010

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

# INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF DAVID LLOYD LEISURE PROPERTY HOLDINGS NO.3 LIMITED

We have audited the financial statements of David Lloyd Leisure Property Holdings No 3 Limited for the year ended 4 January 2010 which comprise the Consolidated Profit and Loss Account, the Consolidated and Parent Company Balance Sheets, the Consolidated Cash Flow Statement, the Consolidated Statement of Total Recognised Gains and Losses and the related notes 1 to 22. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed

# Respective responsibilities of directors and auditors

As explained more fully in the Directors' Responsibilities Statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

### Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the group's and the parent company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements.

# **Opinion on financial statements**

In our opinion the financial statements

- give a true and fair view of the state of the group's and the parent company's affairs as at 4 January 2010 and
  of the group's loss for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006

# Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements

# Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us, or
- · the parent company financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- · we have not received all the information and explanations we require for our audit

Timothy Steel (Senior Statutory Auditor) for and on behalf of Deloitte LLP Chartered Accountants and Statutory Auditors

London, United Kingdom

#### 1 Accounting policies

The principal accounting policies, which have been applied consistently throughout the year and preceeding period, are set out below:

# Basis of accounting

The financial statements have been prepared under the historical cost convention modified to include the revaluation of certain fixed assets and on a going concern basis in accordance with applicable United Kingdom law and accounting standards. The assumptions and uncertainties in respect of the going concern basis are discussed in more detail in the Directors' Report.

#### Basis of consolidation

The Group financial statements consolidate financial statements of the company and its subsidiary. The accounting reference date of the subsidiary is 4 January. The results of the subsidiaries acquired or sold are consolidated for the periods from or to the date on which control passed. Acquisitions are accounted for under the acquisition method.

As permitted by section 230 of the Companies Act 2006, the profit and loss account of the company is not presented in these accounts. The loss for the period attributable to the shareholders of the company was £3,848,834 (2009 £795,570)

#### Depreciation

Compliance with Statement of Standard Accounting Practice 19 (SSAP 19) "Accounting for Investment Properties" requires departure from the requirements of the Companies Act 2006 relating to depreciation and an explanation for the departure is given below

### Investment properties

In accordance with SSAP 19, investment properties are revalued by the directors annually on an open market basis and independently valued when required by SSAP 19. Temporary changes in the market value of investment properties are taken to the statement of total recognised gains and losses and transferred to the revaluation reserve. Permanent changes in market value, which are in excess of any previously recognised surplus over costs relating to the same property (or the reversal of such a deficit) are charged (or credited) in the profit and loss account of the period. No depreciation is provided in respect of investment properties. The Companies Act 2006 requires all properties to be depreciated. However, this requirement conflicts with SSAP 19, and the directors consider that to depreciate would not give a true and fair view.

#### Investments

Fixed asset investments are stated at cost less provisions for any impairment

# Taxation

Current tax, including UK corporation tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date

Deferred tax is provided in respect of all timing differences that have originated, but not reversed, at the balance sheet date that give rise to an obligation to pay more or less tax in the future. Deferred tax is not recognised when fixed assets are revalued unless, by the balance sheet date, there is a binding agreement to sell the revalued assets and the gain or loss expected to anse on sale has been recognised in the financial statements. Deferred tax is measured on a non-discounted basis.

A deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

# Turnover

Turnover represents rental income, net of value added tax, which is recognised over the term of the lease on a straight-line basis, allowing for inflationary increases. Where payments are received from customers in advance of services provided, the amounts are recorded as deferred income and included as part of creditors due within one year.

# 1 Accounting policies (cont)

# Interest rate swaps

The Group uses derivative financial instruments to reduce exposure to interest rate movements. The Group does not hold or issue derivative financial instruments for speculative purposes.

For an interest rate swap to be treated as a hedge it must be related to actual assets or liabilities or a probable commitment and must change the nature of the interest rate by converting a variable rate to a fixed rate or vice versa. Interest differentials under these swaps are recognised by adjusting interest payable over the periods of the contracts.

If an instrument ceases to be a hedge, for example because the underlying hedged position is eliminated, the instrument is marked to market and any resulting profit or loss recognised at that time

# **Bank borrowings**

Interest-bearing bank loans and overdrafts are recorded at the proceeds received, net of direct issue costs. Finance charges, including premiums payable on settlement or redemption and direct issue costs are accounted for on an accruals basis in the profit or loss account using the effective interest method and are added to the carrying amout of the instrument to the extent that they are not settled in the period in which the anse

# 2 Turnover

The total turnover of the group for the period has been derived from its principal activity, wholly undertaken in the UK

All turnover is derived from the David Lloyd Leisure Limited group, which is a related party by virtue of having controlling shareholders in common with the company

Period from

3	Operating profit	2010	12 May 2008 to 4 January 2009
	The second of the second	£	£
	This is stated after charging		250
	Loss on sale of subsidiary undertakings	0.050	
	Auditors' remuneration	6,250	5,000
	Tax services provided by the company's auditors	5,000	4,000
	Analysis of auditors' remuneration		
	Fees payable to the company's auditors for the audit of the		
	company's annual accounts	3,125	2,500
	Fees payable to the company's auditors for the audit of the		
	company's subsidiaries	3,125	2,500
	Total audit fees	6,250	5,000
4	Directors' emoluments The directors did not receive any emoluments in respect of their services to the company		
	The company has no employees other than the directors		
			Period from 12 May 2008 to 4 January
5	Interest payable and similar charges	2010	2009
		£	£
	Bank loans	12,341,938	2,108,311
	Shareholder loan notes	2,901,740	672,415
	Loan notes from related parties	-	544,519
	•	15,243 678	3 325,245

# 6 Tax on loss on ordinary activities

No tax has been provided for due to the taxable losses of the group

# Factors affecting the tax charge for the period

The tax assessed for the year is lower than the standard rate of corporation tax in the UK of 28%. The differences are explained below	2010 £	Period from 12 May 2008 to 4 January 2009 £
Loss on ordinary activities before taxation	(4,797,406)	(948,130)
Loss on ordinary activities multiplied by standard rate of corporation tax in the UK of 28%	(1,343,274)	(265,476)
Effects of Expenses not deductible for tax purposes Carry forward of tax losses to future penods	812,487 530 <u>,</u> 787	188,276 77,200
Total current tax charge	<u> </u>	

# Factors that may affect future tax charges

No provision has been made for the tax that would arise on the disposal of properties at their book value. The directors have no intention of selling the properties, and therefore, at present, it is not envisaged that any tax will become payable in the forseeable future. The directors consider that it is too onerous to provide an estimate of the tax that would be payable if the properties were sold at the values shown. Such a tax estimate is not considered meaningful as properties are often divested through the sale of companies.

No deferred tax asset has been recognised in the accounts in respect of taxation losses as there is no certainty as to when the group will make sufficient taxable profits to utilise the taxation losses. The group has an unrecognised deferred tax asset of £607,987 (2009 £77,200) based on a UK corporation tax rate of 28% in this respect.

# 7 Investment properties

Group	Freehold Properties £	Long Leasehold Properties £	Total £
Valuation At 5 January 2009 Unrealised deficit on revaluation of investment properties	67,856,376 1,696,066_	91,784,166 	159,640,542 3,990,1 <u>9</u> 6
At 4 January 2010	69,552 442	94,078,296	163,630,738

The investment properties were revalued on an open market valuation basis as at 4 January 2010 by the directors with the advice of independent valuers

# 8 Investments

The parent has an investment in the following subsidiary undertaking which principally affects the profits and net assets of the group

	171,134,765_	168,861,678

The bank loans are secured by fixed charges over the investment properties and have terms expiring in 2014. The bank loans are repayable by instalments from surplus rental income and by bullets on fixed repayment dates. The bank loans bear interest at LIBOR plus a margin and the interest rate is effectively fixed at a blended rate of 8 43% through hedging.

The shareholder loan note facility matures in 2017, with interest being charged at a rate of 12% per annum cumulative
