COMPANIES HOUSE

**DIRECTORS' REPORT**

The directors' present their report and the audited financial statements of Ukrainian MTN Finance PLC (the "Company" or the "Issuer") for the year ended 31 December 2009

**Principal Activities**

The Company was incorporated in England and Wales on 16 June 2008 as a public limited company. The Company is a special purpose entity the principal activity of which is to carry on the business of a finance and investment company for the benefit of Joint Stock Commercial Innovation Bank "UkrSibbank" (referred to in these financial statements as "UkrSibbank"), a company incorporated in Ukraine (see notes 5 and 15). In that capacity, and in accordance with the Base Prospectus dated 22 July 2008 (the "Prospectus") available from the Company Secretary at Fifth Floor, 100 Wood Street, London EC2V7EX, the Company has undertaken the following transactions:

- Issued US\$250,000,000 Fixed Rate Loan Participation Notes due August 2011 (the "Notes"), listed on the London Stock Exchange's Gilt Edged and Fixed Interest Market,
- Granted a Loan of US\$250,000,000 to UkrSibbank (the "Loan")

**Business Review and Future Outlook**

The Company's profit for the year was US\$10,323 (prior period loss of US\$28,880) and the directors do not recommend the payment of a dividend.

The Company had net equity shareholders' surplus of US\$5,792 at the end of 2009 (deficit of US\$4,531 in 2008). The directors consider the financial position of the Company to be satisfactory.

The Company continues to act as a financing and investment vehicle for UkrSibbank and it is the intention of the directors that this activity will continue during 2010 and in the foreseeable future.

The ongoing global financial and economic crisis that emerged out of the severe reduction in global liquidity has posed significant difficulties for all financial institutions, leading also to bank failures and significant levels of government and central bank intervention through direct liquidity support and fiscal stimuli. The Ukraine economy suffered as a result of this crisis, including reduced levels of capital inflow and decrease in demand for exports. Additionally, the Ukraine country ratings by international ratings agencies have been downgraded a number of times. Measures to provide support to the Ukrainian financial markets (in particular from the IMF) have helped to stabilise the position.

The directors have confirmed with the ultimate controlling party that, taking into account the above, its business strategy, capital, liquidity and funding plans remain resilient to the external economic environment, and there are no intentions to reduce or otherwise curtail activities in the foreseeable future. More details of UkrSibbank's plans are set out in its 2009 Annual Report.

In addition, the Company's Notes are trading at a mid market price of 98.817 on the 28 June 2010.

**DIRECTORS' REPORT (CONTINUED)**

The directors have reviewed expenses and cash flows in Sterling and US Dollars and are satisfied that for the foreseeable future there are sufficient funds available to meet expenses as and when they fall due

**Principal Risks and Uncertainties**

The principal risks and uncertainties for the Company include the correct and timely receipt of interest and principal on the loan due from UkrSibbank and, to that effect during the year under review all amounts were paid completely and timely when they were due. However, the consequential risk of default is mitigated by the noteholders' limited recourse to the Company which is only obligated to pay interest and principal repayments to Loan Note holders to the extent that amounts have been received from the borrower.

The directors are satisfied that based on their assessment of the current available financial and other information, they are not aware of any reason why UkrSibbank will not be able to fulfil its obligations to repay principal and interest on the loan when they fall due (see Note 10 below). In the event of a delay or default in the payment of interest by UkrSibbank, the terms of the Notes make it clear that the Company is only obligated to pay interest and capital to Loan Note holders to the extent that amounts have been received from UkrSibbank

**Going Concern**

The directors have undertaken a review and concluded that the Company's business model and financial structure are robust, the Company has adequate capital and liquid resources and suitable arrangements in place for it to be able to continue in operational existence for the foreseeable future. Therefore the directors believe it appropriate for the financial statements to be prepared on a going concern basis

**Key Performance Indicators**

As shown in note 10, the interest rate on the Loan to UkrSibbank is equal to the interest rate on the Notes. Therefore, the net interest income of the Company is USD nil. The majority of the Company's administrative expenses have also been funded and the majority of them paid in advance. As a result, the key performance indicator ("KPI") of the business is considered to be the result before tax. With regard to this KPI for 2009, the Company recorded a profit before tax of US\$10,323 (Prior period: loss US\$28,880), the directors are satisfied that, while the net retained loss is US\$18,557, taking into account the current and future business plans of the ultimate controlling party, the Company's profits over the next two years are expected to be sufficient to compensate this loss

**Directors**

The directors of the Company during the year were:

L.D.C. Corporate Director No 3 Limited

L D C Corporate Director No 4 Limited

I K Bowden

The directors are not subject to retirement by rotation.

**Directors' Interests**

The Directors have no interests in any shares in the Company or its ultimate controlling party

**Financial Instruments**

A discussion of the Company's objectives, policies and strategies with regard to financial instruments can be found in Note 10 to the financial statements.

The Company's only financial liability is the Notes in issue, the purpose of which is to finance the Loan to UkrSibbank

The Company's only financial asset other than cash is the Loan to UkrSibbank

The Company does not undertake financial instrument transactions which are speculative or unrelated to the Company's trading activities.

**Payment of Suppliers**

The directors believe that disclosure of the creditors' payment period is deemed unnecessary as the Company does not have any trade creditors' balances

**Statement of Disclosure of Information to Auditors**

Each of the directors confirms that so far as the directors are aware there is no relevant audit information of which the Company's auditors are unaware. The directors have taken all steps that ought to have been taken to be aware of any relevant audit information and to establish that the auditors are aware of that information

**Auditors**

PricewaterhouseCoopers LLP were appointed by the directors as the Company's first auditors. A resolution to reappoint PricewaterhouseCoopers LLP as auditors for the ensuing year will be proposed at the annual general meeting in accordance with the Companies Act 2006

**STATEMENT OF DIRECTORS' RESPONSIBILITIES**

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations. They are also responsible for ensuring that the annual report includes the information required by the Listing Rules of the Financial Services Authority

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable it to ensure that the financial statements comply with the Companies Act 2006. The directors are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors confirm that they have complied with the above requirements

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF UKRAINIAN MTN FINANCE PLC**

We have audited the financial statements of Ukrainian MTN Finance plc for the year ended 31 December 2009 which comprise the Profit and Loss Account, the Balance Sheet, the Cash Flow Statement and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

**Respective responsibilities of directors and auditors**

As explained more fully in the Directors' Responsibilities Statement the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

**Scope of the audit of the financial statements**

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements.

**Opinion on financial statements**

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 31 December 2009 and of its profit and cash flows for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006

**Opinion on other matter prescribed by the Companies Act 2006**

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

**Matters on which we are required to report by exception**

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF UKRAINIAN MTN FINANCE PLC (CONTINUED)**

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit.

**1. STATEMENT OF ACCOUNTING POLICIES**

The financial statements have been prepared in accordance with applicable Accounting Standards in the United Kingdom and in accordance with the historical cost convention. A summary of the more important accounting policies, which have been applied consistently, is set out below.

**Preparation of financial statements in US Dollars**

The financial statements of the Company have been drawn up in US Dollars as the directors consider this is the Company's functional currency. The USD exchange rate to Sterling at 31 December 2009 was US\$1.59280 to £1 (2008 US\$1.44792 to £1).

**Basis of preparation**

In preparing these financial statements, the directors consider that the Company has adequate resources, an appropriate financial structure and suitable arrangements in place for it to continue in operational existence for the foreseeable future as the on-going running costs of the Company are financed by UkrSibbank. Consequently, the directors consider it appropriate for the financial statements to be prepared on the going concern basis (see Note 10).

**Revenue recognition*****Interest income***

Interest receivable on the loan is calculated in accordance with the terms of the loan agreement and recognised on a time apportioned basis.

***Other operating income***

Other operating income, which comprises amounts received from the borrower to finance the administration costs of the Company, is accounted for on an accruals basis.

**Finance costs**

Finance costs ('issue costs') are calculated in accordance with the terms of the Notes and recognised on a time apportioned basis so as to reflect the effective yield.

**Administrative expenses**

All administrative expenses, which comprise primarily professional fees and other overheads, are accounted for on an accruals basis.

Expenses paid in respect of periods subsequent to the balance sheet date are carried forward as prepayments with the related payment financed by the borrower shown as deferred income.

**Taxation**

Corporation tax is payable on profits based on the applicable tax law and is recognised as an expense in the period in which profits arise. The tax effects of tax losses available to carry forward are recognised as an asset when it is probable that future taxable profits will be available against which these losses can be utilised.

**Financial Instruments**

In accordance with Financial Reporting Standard 26 "Financial Instruments Measurement" the interest and loans receivable are classified as loans and receivables and are initially recognised at fair value and then carried at amortised cost. Interest and loans payable are also initially recognised at fair value and then are carried at amortised cost. Costs relating to the issue of the Notes are initially recognised at cost and are amortised over the period the Loan Notes are in issue. Fees related to the issue of the loan to UkrSibbank are initially recognised at cost and are amortised over the period until contractual maturity of the loan. Unamortised fees receivable are recorded as deferred income within creditors, while unamortised issue costs are recorded as such within debtors.

**Foreign currencies**

Transactions in foreign currencies are translated into US Dollars at the rate of exchange at the date of the transaction. Foreign currency monetary assets and liabilities are translated into US Dollars at the rate of exchange ruling at the balance sheet date. Resulting exchange gains or losses are taken to the profit and loss account.

**Critical accounting estimates and judgments**

The estimates and judgments made by the directors, which have a significant risk of causing a material adjustment to the carrying amounts of financial assets and liabilities within the next financial year are as follows:

**(a) Loan to UkrSibbank**

The directors assess the recoverability of the loan to UkrSibbank on a regular basis, using the available market and other financial data, including taking into consideration the financial position, capital and liquidity levels and profitability of the borrower.

**2. EMPLOYEE INFORMATION AND DIRECTOR'S EMOLUMENTS**

There were no employees in the Company during the period.

The directors received no emoluments in respect of their services to the Company during the period.

**3. PROFIT / (LOSS) ON ORDINARY ACTIVITIES BEFORE TAXATION**

The following amounts have been included in arriving at the result on ordinary activities before taxation

	<b>31 Dec 2009</b>	<b>16 June to 31 Dec 2008</b>
	<b>US\$000</b>	<b>US\$000</b>
Foreign exchange (gain) / loss	(10)	30
Auditors' remuneration for audit of the Company's annual accounts	<u>40</u>	<u>33</u>

**4. TAXATION CHARGE****(a) Analysis of charge in the period**

	<b>US\$000</b>	<b>US\$000</b>
<b>Current tax:</b>		
Corporation tax charge for the period	<u>-</u>	<u>-</u>
Total taxation charge for the period	<u>-</u>	<u>-</u>

**(b) Reconciliation of effective tax rate**

The tax assessed on the profit/ loss on ordinary activities for the period is lower than the standard rate of corporation tax in the UK of 28%

	<b>31 Dec 2009</b>	<b>16 June to 31 Dec 2008</b>
	<b>US\$000</b>	<b>US\$000</b>

Tax levied at the standard rate of corporation tax in the UK of 28%	<u>-</u>	<u>-</u>
Total current tax charge for the period	<u>-</u>	<u>-</u>

The Company has elected to enter the permanent tax regime for securitisation companies. The directors are satisfied that the Company meets the definition of a 'securitisation company' as defined by both The Finance Act 2005 and subsequent secondary legislation and that no incremental unfunded tax liabilities will arise.

For the year ended 31 December 2009 the retained profit was US\$333.33 (period ended 31 December 2008 US\$166.67)

**10. FINANCIAL INSTRUMENTS**

The Company's financial instruments comprise borrowings, interest receivable and interest payable, that arise directly from its operations and which are classified as loans and receivables under Financial Reporting Standard 26. The main purpose of these financial instruments is to raise funds and provide finance for the Company's operations.

The principal financial assets held by the Company comprise a loan to UkrSibbank which has been financed by Notes in issue. The Company has not entered into any derivative transactions.

The Company does not undertake financial instrument transactions which are speculative or unrelated to the Company's trading activities.

A description of the principal risks relating to financial instruments and their relevance to the Company and how they are managed is given below.

**Interest rate risk**

There is no interest rate risk because interest rates on the Company's principal asset and liability are matched. Interest and other sums payable to the Company by UkrSibbank exactly match the interest and other sums payable by the Company to the Note holders.

**Liquidity risk**

The risk of the Company not having sufficient cash available in order to meet the interest repayments on the Loan Notes is not considered to be significant as the interest payment dates and repayment of the loan from UkrSibbank matches exactly the interest payment dates and repayment of the loan notes payable. In the event of a delay or default in the payment of interest by the borrower, the terms of the fixed rate Notes make it clear that the Company is only obligated to pay interest and capital to Loan Note holders to the extent that amounts have been received from UkrSibbank. The majority of the Company's administrator expenses have been paid in advance.

**Currency risk**

There is minimal foreign currency risk as both the loan to UkrSibbank and the loan notes payable are denominated in US Dollars, the function currency of the Company. The Company also holds sufficient cash in sterling to meet its expected expenses in sterling as and when they fall due.

**Credit risk**

Although UkrSibbank is the only client of Ukrainian MTN Finance plc, the directors are, through regular contact with its management, satisfied that UkrSibbank will be able to fulfil its obligations. Failing that, the consequential risk of default is mitigated by the noteholders' limited recourse to the Company which is, as noted above, only obligated to pay interest to Loan Note holders to the extent that amounts have been received from the borrower.
