1 Accounting policies

Basis of accounting

These financial statements were prepared in accordance with Financial Reporting Standard 102, The Financial Reporting Standard applicable in the UK and Republic of Ireland ("FRS 102") as issued in August 2014. As the company has met the Companies Act 2006 definition of a dormant company as at and since the date of transition, the accounting policies applied at the date of transition under previous GAAP have been retained as permitted by paragraph 10(m) of chapter 35 of FRS 102. As a result, there will be no changes to amounts reported at 31 March 2014 until there is any change to those balances or the Company undertakes any new transactions.

The principal accounting policies are set out below all of which have been applied consistently throughout the year and the preceding year.

Exemptions taken

The entity satisfies the criteria of being a qualifying entity as defined in FRS 102. Its financial statements are consolidated into the consolidated financial statements of Auto Trader Group plc. The shareholders of the Company have been informed of the use of the disclosure exemptions set out in FRS 102, and have not objected to their adoption, specifically in relation to the Company not preparing its own cash flow statement, the disclosure of transactions between companies within the same group, certain financial instrument disclosures, share-based payment disclosures and the non-disclosure of the compensation of key management personnel.
