Notes to the abbreviated accounts for the year ended 30 September 2013

1 Accounting policies

a) Going concern

The financial statements have been compiled on a going concern basis despite having net liabilities of £1,798,700, as the directors have indicated their willingness to support the company over the next twelve months.

b) Basis of accounting

The financial statements are prepared on the historical cost basis of accounting and have been prepared in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The company has taken advantage of the exemption, conferred by Financial Reporting Standard 1, from presenting a cash flow statement as it qualifies as a small company.

c) Turnover

Turnover represents net invoiced sales of goods and services, excluding value added tax.

d) Depreciation of tangible fixed assets

Depreciation is provided on all tangible fixed assets at rates calculated to write off the full cost or valuation less estimated residual value of each asset over its estimated useful life. The principal rates in use are:

Equipment, fixtures and fittings	25%	on cost
----------------------------------	-----	---------

e) Stocks

Stock is valued at the lower of cost and estimated net realisable value.

f) Deferred taxation

Deferred tax is provided in respect of the tax effect of all timing differences that have originated but not reversed at the balance sheet date.

A deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on a nondiscounted basis, at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

g) Hire purchase and lease transactions

Rentals under operating leases are charged to the profit and loss account as they fall due.
