BOARD24 (SCOTLAND) LIMITED

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2017

1. **General Information**

The company has been dormant as defined in section 1169 of the Companies Act 2006 throughout the year and preceding financial year. It is anticipated that the company will remain dormant for the foreseeable future.

The company is a private company limited by shares and is incorporated and domiciled in the United Kingdom. The address of the registered office is Fourth Floor, 48 Gracechurch Street, London, EC3V OEJ.

2. **Statement of Compliance**

The financial statements of Board24 (Scotland) Limited have been prepared in compliance with United Kingdom Accounting Standards, including Financial Reporting Standard 102, "The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland" ("FRS 102") Section 1A and the Companies Act 2006.

3. **Statement of significant accounting policies**

3.1 Basis of preparation of financial statements

The financial statements have been prepared on a going basis, under the historical costs convention and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the company's accounting policies.

The following principal accounting policies have been consistently applied:

3.2 Profit and loss account

The company is dormant as defined by section 1169 of the Companies Act 2006. The company received no income and incurred no expenditure during the current year or prior year and therefore no profit and loss account is presented within these financial statements. There have been no movements in shareholder funds during the current year or prior year.

3.3 Auditor's information

PricewaterhouseCoopers LLP are the statutory auditors of Board24 (Scotland) Limited. An unqualified audit opinion was issued on 18 September 2018 by senior statutory auditor Emma Murray for the financial year ended 31 December 2017.

3.4 Financial instruments

The company only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities such as amounts owed by/to group undertakings.

3. Statement of significant accounting policies (continued)

3.4 Financial instruments (continued)

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade payables or receivables, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration, expected to be paid or received. However if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or financed at a rate of interest that is not a market rate or in case of an out-right short-term loan not at market rate, the financial asset or liability is measured, initially, at the present value of the future cash flow discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the statement of income and retained earnings.

For financial assets measured at amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

3.5 Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new ordinary shares or options are shown in equity as a deduction, net of tax, from proceeds.

4. Critical judgements and estimation uncertainty

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

(a) Critical judgements in applying the company's accounting policies
There are no critical judgements in applying the entity's accounting policies.

(b) Critical accounting estimates and assumptions
There are no critical accounting estimates and assumptions
