NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

1. General information

Mystify Limited is a private company limited by shares, registered in England and Wales. The address of its registered office is disclosed on the company information page.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The following principal accounting policies have been applied:

2.2 Going concern

The company is dependent on the continuing trade and funding from their parent company, Mystify Global Consolidation and Technology Services Pte Ltd.

A letter of support has been obtained from the directors of Mystify Global Consolidation and Technology Services Pte Ltd to confirm the intention to provide sufficient funding to enable Mystify Limited to meet its liabilities as they fall due and to carry on trading for a period of at least twelve months from the date of approval of these accounts. Furthermore, a letter of support has also been provided by Glotot Global Consolidation LLP which has ultimate control and ownership.

The director acknowledges that whilst they are reliant on the financial support of their ultimate parent company, the COVID-19 has created significant uncertainty in the travel industry for the past year and into the foreseeable future. As a result of the continued UK and worldwide response to COVID-19, the company and wider group have seen a significant reduction in transactions as a result of customers not being able or choosing not to travel. The travel restriction measures, and the continued impact of the pandemic has had a significant financial impact on the wider group and therefore the company.

The directors across the group have taken relevant measures to ensure they are able to safeguard cashflow, such as raising finance, refunding customers after suppliers have refunded the respective company and making a number of redundancies, all of which put the Mystify group in a firm position when business starts to return to normal. Despite this, it is not possible for the director to reliably forecast and fully quantify the financial impact of COVID-19 on Mystify Limited and the wider group and therefore such uncertainties may cast significant doubt on the Company's future trading position, due to the uncertainty with regard future revenues.

The actions taken should enable the company to continue in operational existence, particularly as support from the ultimate parent company continues and therefore, the director has continued to adopt the going concern basis in the preparation of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

2. Accounting policies (continued)

2.3 Foreign currency translation

Functional and presentation currency

The Company's functional and presentational currency is GBP.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rate at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

2.4 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must also be met before revenue is recognised:

2.5 Financial instruments

The Company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

3. Employees

The average monthly number of employees, including directors, during the year was 1 (2020 - 1).

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

6. Auditors' information

The auditors' report on the financial statements for the year ended 31 March 2021 was unqualified.

In their report, the auditors emphasised the following matter without qualifying their report:

Material uncertainty related to going concern:

We draw attention to note 2.2 in the financial statements, which states that there is uncertainty with regard to going concern as a result of the COVID-19 pandemic continuing to cause significant uncertainty in the travel industry. The note states that the company enjoys the financial support of the ultimate parent company which will continue to be provided and the director therefore believe that the company should continue in operational existence. Our opinion is not modified in respect of this matter.

The audit report was signed on 1 September 2021 by Tom Woods ACA (Senior Statutory Auditor) on behalf of Menzies LLP.
