1 Accounting policies

Basis of preparation

These financial statements are prepared on the going concern basis, under the historical cost convention, and in accordance with the Companies Act 2006 and applicable accounting standards in the United Kingdom. The principal accounting policies, which have been applied consistently throughout the year, are set out below.

Going concern

The directors believe that preparing the financial statements on the going concern basis is appropriate due to the continued financial support of London & Regional Group Holdings Limited. The directors have received confirmation that London & Regional Group Holdings Limited intend to support the company for at least one year after these financial statements are signed.

Deferred taxation

Deferred tax is provided in respect of all timing differences that have originated, but not reversed, at the balance sheet date that give rise to an obligation to pay more or less tax in the future. Deferred tax is not recognised when fixed assets are revalued unless, by the balance sheet date, there is a binding agreement to sell the revalued assets and the gain or loss expected to arise on sale has been recognised in the financial statements.

Deferred tax is measured on a non-discounted basis. A deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Cash flow statement

The company has taken advantage of the exemption in the Financial Reporting Standards No 1 (Revised 1996) 'Cash flow statements' from including a cash flow statement in the financial statements on the grounds that the company is a wholly owned and its ultimate parent publishes a consolidated cash flow statement.

Exemption from consolidation

The financial statements contain information about London & Regional Group Trading No 3 Limited as an individual company and do not contain consolidated financial information as the parent of a group. The company is exempt under section 400 of the Companies Act 2006 from the requirement to prepare consolidated financial statements as it and its subsidiary undertakings are included by full consolidation in the consolidated financial statements of its intermediate parent, London & Regional Group Holdings Limited, a company incorporated in England and Wales.

Fixed asset investments

Investments are recorded at cost plus incidental expenses less any provision for impairment. Impairment reviews are performed by the directors when there has been an indication of potential impairment or a change in circumstances which resulted in a previous impairment. Any impairment arising is charged to the profit and loss account for the year.
