NOTES TO THE ABBREVIATED ACCOUNTS

FOR THE YEAR ENDED 31<sup>ST</sup> OCTOBER 2015

1. ACCOUNTING POLICIES

**Basis of Accounting**

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

**Turnover**

The turnover shown in the profit and loss account represents amounts invoiced during the year exclusive of Value Added Tax.

In respect of long-term contracts and contracts for on-going services, turnover represents the value of work done in the year, including estimates of amounts not invoiced. Turnover in respect of long-term contracts and contracts for on-going services is recognised by reference to the stage of completion.

**Fixed Assets**

All fixed assets are initially recorded at cost.

**Depreciation**

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Office Equipment, Furniture

Fixtures and Fittings

25% on reducing balance

**Deferred Taxation**

Deferred tax arises as a result of including items of income and expenditure in taxation computations in periods different from those in which they are included within the company's accounts. Deferred tax is provided in full on timing differences which result in an obligation to pay more tax at a future date, at the average tax rates that are expected to apply when the timing differences reverse, based on current tax rates and laws.
