DMA Media Holdings Limited

Notes to the financial statements (continued) **For the year ended 31 December 2022**

1. Accounting policies

The principal accounting policies are summarised below. They have all been applied consistently throughout the current and preceding year.

General information and basis of accounting

DMA Media Holdings Limited is a company incorporated in the United Kingdom under the Companies Act.

The Company is a private company limited by shares and is registered in England and Wales. The address of the Company's registered office and principal place of business is shown on page 2. The principal activities of the Company are set out in the Directors' report.

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006

Exemption from preparing consolidated financial statements

The Company, and the Group headed by it, qualify as small as set out in section 383 of the Companies Act 2006 and the parent and Group are considered eligible for the exemption to prepare consolidated accounts.

Investments

Investments in equity shares which are publicly traded or where the fair value can be measured reliably are initially measured at fair value, with changes in fair value recognised in profit or loss. Investments in equity shares which are not publicly traded and where fair value cannot be measured reliably are measured at cost less impairment.

When there are indicators of impairment, an impairment review on investments is carried out and a provision booked where necessary.

Interest income on debt securities, where applicable, is recognised in income using the effective interest method. Dividends on equity securities are recognised in income when receivable.

Debtors

Short-term debtors are measured at transaction price, less any impairment.

Creditors

Short-term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.
