INNOVA INVESTMENT MANAGEMENT LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2018

1. Principal accounting policies

Basis of preparation

These financial statements have been prepared on a going concern basis under the historic cost convention and in accordance with the Companies Act 2006 and United Kingdom Accounting Standards, in particular, Financial Reporting Standard 101 Reduced Disclosure Framework ("FRS 101").

FRS 101 sets out a reduced disclosure framework that addresses the financial reporting requirements of and disclosure exemptions available in the individual financial statements of qualifying entities that otherwise apply the recognition, measurement and disclosure requirements of EU-adopted IFRS. Amendments are made to the requirements of IFRS where necessary so as to comply with the Companies Act 2006.

The Company, as a qualifying entity, is a member of a group where the parent of that group, being Capital & Counties Properties PLC, prepares publicly available consolidated financial statements that are intended to give a true and fair view and the Company is included in the consolidation. Details of where the 2018 Annual Report & Accounts of Capital & Counties Properties PLC can be obtained are disclosed in note 3.

The Directors of the Company have taken advantage of the following disclosure exemptions available under FRS 101:

- The requirements of paragraphs 10(d), 10(f), 16, 38A, 38B, 38C, 38D, 40A, 40B, 40C, 40D, 111 and 134 to 136 of IAS 1 'Presentation of Financial Statements';
- The requirements of IAS 7 'Statement of Cash Flows';
- The requirements of paragraphs 30 and 31 of IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors'; and
- The requirements in IAS 24 'Related Party Disclosures' to disclose related party transactions entered into between two or more members of a group.

The Directors have notified the shareholder of the Company in writing about the use of disclosure exemptions in these financial statements and the shareholder does not object.

New standards and interpretations

No new accounting standards and interpretations that are effective for the year ended 31 December 2018 have had a material impact on the financial statements.

The principal accounting policies which have been adopted and consistently applied in the preparation of the financial statements are set out below.

Investments in subsidiaries

Investments are stated at cost less impairment losses, if any. Impairment losses are determined with reference to the investment's fair value less estimated selling costs. Fair value is derived from the net assets attributable to the investment at the balance sheet date. Reversal of prior impairment is calculated on a consistent basis as the original impairment charge and may not exceed the original cost prior to impairment. On disposal, the difference between the net disposal proceeds and the carrying amount is recognised in the statement of comprehensive income.
