Strategic report

The directors present their strategic report for the year ended 31 December 2019.

Principal Activities

The Company is an investment holding company and the directors expect it to continue as such in the future. Match.com Pegasus Limited ("Pegasus" or the "Company") is a wholly-owned subsidiary of Match.com Europe Limited ("Match Europe"), a UK company. Both companies are ultimately owned by Match Group, Inc.

Review of the business

The key financial and other performance indicators during the year were as follows:

	2019	2018	Change
	\$000	\$000	%
Operating loss on ordinary activities before taxation	\$ (239)	\$ (419)	(43)%

The loss for the year, before taxation, amounts to \$239,000 (2018 - loss of \$419,000). The operating loss, before taxation, in 2019 decreased from 2018 due to British Pound strengthening from 2018 to 2019. The Company continued as a holding company during the year.

Other than noted above, there have not been any significant changes in the company's principal activities in the period under review.

Principal risks and uncertainties

As a parent undertaking the principal risk related to reliance on its profitable subsidiaries, which operate in a competitive market. Subsidiaries that are engaged in on-line dating activities manage this risk by their ability to attract users to their websites and applications, and ultimately to convert these registered users to subscribing members. This is contingent on the effectiveness of on-line and off-line advertising, the quality of the subsidiary websites and applications, and the subsidiaries' ability to maintain productive relationships with affiliate networks. No assurances can be provided that the subsidiaries will continue to be able to effectively attract registered users to their websites and convert such registered users to subscribing members. Failure to do so would adversely affect the Company's business, financial condition and results of operations. The subsidiaries manage this risk by monitoring site performance on an ongoing basis, providing a range of value added services to its subscribers and providing excellent customer service.

Strategic report (continued)

Financial Risk Management

The Company's activities expose it to liquidity risk. The use of financial derivatives is governed by the company's policies approved by the board of directors. The Company does not use derivative financial instruments for speculative purposes. In order to maintain liquidity to ensure that sufficient funds are available for ongoing operations and future developments, the Company obtain loans from the group undertakings. In addition, the Company aims to mitigate the risks associated with its liquidity by managing cash generation by its subsidiary operations and cash collection targets to ensure sufficient cash flows are available for repayment of liabilities when they become due.

Impacts of Brexit

At regular intervals since the referendum in 2016, the company has identified business risks arising from the UK's exit from the European Union. Based on what the company knows to date and given many continuing uncertainties surrounding Brexit, the company believes that it has mitigated the identified risks as best it can in the circumstances. Management has reviewed the likely staffing impacts, software requirements and tax reporting requirements used in the company's operations and have appropriately addressed this risks to the extent possible.

Impacts of the Coronavirus

In January 2020, an outbreak of a new strain of Coronavirus, COVID-19, was identified. The virus has spread globally including the UK and Europe and the World Health Organisation (WHO) declared COVID-19 a pandemic on 11 March 2020. Governments, including the UK government, have imposed restrictions to reduce the risk of further spread of the disease – closing borders, ordering home quarantine, and cancelling public events. The company holds investments in various entities, some which are a provider of online dating services and has continued to provide these services subsequent to the year end, however the company has seen a decline in the number of subscribers impacting revenue as a result of the pandemic. Whilst it is expected that the unprecedented situation will be temporary, there could be a long period of business interruption during which the revenues, profitability, and cashflows of the company could be negatively impacted.

Therefore as part of the ongoing monitoring management have identified the COVID-19 outbreak as a risk that could cause significant disruption to the company. Match Group, Inc., the ultimate parent company, has fared well through the pandemic with group revenues and operating income increasing from comparable periods a year prior. Match Group, Inc. reporting operating cash flow of over \$500 million for the nine months ended September, 30, 2020 along with global cash on hand of approximately \$400 million. The company is dependent on continued support from the ultimate parent company, referred to further in the going concern statement.

Strategic report (continued)

Ultimate Parent Company

On 30 June 2020 the companies formerly known as Match Group, Inc. (referred to as “Former Match Group”) and IAC/InterActiveCorp (referred to as “Former IAC”) completed the separation of Former Match Group from IAC through a series of transactions that resulted in two, separate public companies —(1) Match Group, Inc., which consists of the businesses of Former Match Group and certain financing subsidiaries previously owned by Former IAC, and (2) IAC/InterActiveCorp, formerly known as IAC Holdings, Inc. (“IAC”), consisting of Former IAC’s businesses other than Match Group (the “Separation”). After the Separation, the Company’s ultimate parent is Match Group, Inc.

Statement of directors' responsibilities

The directors are responsible for preparing the Strategic report, the directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law) including FRS 101. Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Statement as to disclosure of information to auditors

So far as the directors are aware, there is no relevant audit information (as defined by Section 418 of the Companies Act 2006) of which the Company's auditors are unaware, and each director has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the company's auditors are aware of that information.

- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including Financial Reporting Standard 101 'Reduced Disclosure Framework'; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report below. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter - subsequent event COVID-19 pandemic

We draw attention to the Strategic Report and note 13 of the financial statements, which describe the financial and operational disruption the company is facing as a result of COVID-19 which is impacting consumer demand. Our opinion is not modified in respect of this matter.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in this report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact.

Independent auditors' report (continued)

to the members of Match.com Pegasus Limited

In light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have identified no material misstatements in the Strategic Report or Directors' Report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement set out on page 5, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at <https://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

2. Accounting policies

Basis of preparation

These financial statements have been prepared in accordance with Financial Reporting standard 101 "Reduced Disclosure Framework" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The financial statements have been prepared on the going concern basis and in accordance with applications accounting standards in the United Kingdom and under historical cost accounting rules. The company has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by FRS 101 "Reduced Disclosure Framework":

- the requirement in paragraph 38 of IAS 1 Presentation of Financial Statements to present comparative information in respect of:
 - paragraph 79(a)(iv) of IAS 1;
 - paragraph 73(e) of IAS 16 Property, Plant and Equipment;
- the requirements of paragraphs 10(d), 10(f), 16, 38A, 38B, 38C, 38D, 40A, 40B, 40C, 40D and 111 of IAS 1 Presentation of Financial Statements;

The company is exempt by virtue of S400 of the Companies Act 2006 from the requirement to prepare group accounts as the company is included in the consolidated accounts of a larger group headed by Match Group, Inc., the parent undertaking established under the laws of America. These financial statements present information about the company as an individual undertaking and not about its group.

As the company is a wholly owned subsidiary of Match.com Europe Limited, the company has taken advantage of the exemption contained in Financial Reporting Standards 101 and has therefore not disclosed transactions on balances which form part of the group.

Going concern

The ultimate parent company, Match Group, Inc. has agreed to provide continued support to the company for the foreseeable future to meet its obligations as and when they fall due, for a minimum period of 12 months from the date of approval of these financial statements to the extent that the company is unable to meet its liabilities.

Notes to the financial statements

for the year ended 31 December 2019

2. Accounting policies (continued)

Going concern (continued)

Match Group, Inc. released its Q3 2020 results on 5 November 2020, which included increases in revenue and operating income over the comparable prior year period, operating cash flow of over \$500 million for the nine months ended 30 September 2020, and cash on hand of approximately \$400 million. Based on this information and on enquiries, the Directors believe that the Ultimate parent company, Match Group, Inc. has the ability to provide financial support to the Company for the foreseeable future.

Taking into account the position of the ultimate parent company, and their assessment of the impact on the Company summarised in the post balance sheet events in the strategic report, the Directors are of the view, to the best of their knowledge, that COVID-19 will not have a material adverse impact on the Company's ability to continue as a going concern. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

Taxation

Current taxes are based on the results shown in the financial statements and are calculated according to local tax rules enacted or substantially enacted by the balance sheet date.

The charge for tax is based on the profit and loss for the year and takes into account taxation deferred because of timing differences between the treatment for reporting purposes and tax purposes.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more tax, or a right to pay less or to receive more tax, with the following exceptions:

- Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable profits from which the future reversal of the underlying timing differences can be deducted.
- Deferred tax is measured on an undiscounted basis at the rates and laws enacted or substantively enacted at the balance sheet date.

Foreign currency transaction

The directors of the Company regard the US dollar as the functional currency of the Company. The majority of the Company's revenue and expenditure is carried out in US dollars. Therefore, the financial statements are presented in US dollars.

Transactions denominated in foreign currencies are translated in to US dollars and recorded at the actual rate of exchange during the year. Monetary assets and liabilities denominated in foreign currencies are translated into US dollars at the rate of exchange ruling at the balance sheet date (2019 - \$1.00 = £0.7715, 2018 - \$1.00 = £0.7869). Exchange gains or losses are included in the profit and loss account.

Investments

Fixed asset investments are stated at cost less provision for impairments in value. The carrying values of investments are reviewed for impairment when events indicate the carry value may not be recoverable.

Management assumptions

In preparing the financial statements, there are no significant management assumptions above or beyond items previously disclosed above.

13. Subsequent Events

Impacts of the Coronavirus

In January 2020, an outbreak of a new strain of Coronavirus, COVID-19, was identified. The virus has spread globally including the UK and Europe and the World Health Organisation (WHO) declared COVID-19 a pandemic on 11 March 2020. Governments, including the UK government, have imposed restrictions to reduce the risk of further spread of the disease – closing borders, ordering home quarantine, and cancelling public events. The company holds investments in various entities, some which are a provider of online dating services and has continued to provide these services subsequent to the year end, however the company has seen a decline in the number of subscribers impacting revenue as a result of the pandemic. Whilst it is expected that the unprecedented situation will be temporary, there could be a long period of business interruption during which the revenues, profitability, and cashflows of the company could be negatively impacted.

Therefore as part of the ongoing monitoring management have identified the COVID-19 outbreak as a risk that could cause significant disruption to the company.
