## **Notes to the Financial Statements**

*for the year ended 30th June 2021*

### **1. STATUTORY INFORMATION**

C F Struthers (Holdings) Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

### **2. ACCOUNTING POLICIES**

#### **Basis of preparing the financial statements**

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented unless otherwise stated.

#### **Going concern**

The directors have assessed the risks and uncertainties that may affect the company's ability to trade as a going concern. The directors have in particular considered the company's cashflow following a major customer entering into administration in the prior year. As discussed in the strategic report, the group has acquired the patents previously held by this customer.

As a result of this, new contracts have been achieved which will have a positive impact on cash flow as the worldwide oil price continues to increase. The company has also reviewed its strategy and continues to expand its general fabrication work. Following this assessment, the financial statements have been prepared on a going concern basis, this assumes that the company will continue to be able to meet its financial liabilities as they fall due in the foreseeable future.

#### **Preparation of consolidated financial statements**

The financial statements contain information about C F Struthers (Holdings) Limited as an individual company and do not contain consolidated financial information as the parent of a group. The company is exempt under Section 399(2A) of the Companies Act 2006 from the requirements to prepare consolidated financial statements.

#### **Investments in subsidiaries**

Investments in subsidiary undertakings are recognised at cost.

#### **Taxation**

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

#### **Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.
