NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 31 MARCH 2015

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents net invoiced sales of services, excluding value added tax.

Intangible fixed assets

Patents and licences are capitalised in the company's balance sheet and are not amortised over the period that the company receives benefit from them.

Deferred tax

Full provision is made in respect of timing differences that have originated but not reversed at the balance sheet date. Timing differences are differences between the company's taxable profits and its results as stated in the accounts. Deferred tax is measured on a non-discounted basis at the tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantially enacted at the balance sheet date. Deferred tax assets are only recognised where their recoverability in the short term is regarded as more likely than not. Deferred tax is not provided on revalued assets unless a binding agreement to sell has been entered into before the year

Going concern

The Directors have agreed to provide financial support to the company for the foreseeable future. On the basis of continued support the Directors consider it appropriate to prepare the financial statements on the going concern basis.
