**Notes to the Abbreviated Accounts
for the Year Ended 31 March 2015**

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents the value, net of value added tax and discounts, of work carried out in respect of services provided to customers. In respect of the revenue stream relating to where the company acts as an agent, income is recognised at the point a project is accepted. Where the company transacts directly with customers, revenue is recognised according to the stage of completion of each project.

Depreciation

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery	- 25% on cost
Computer equipment	- 33% on cost

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date except that :-

- The recognition of deferred tax assets is limited to the extent that the company anticipates to make sufficient taxable profits in the future to absorb the reversal of the underlying timing difference.

Deferred tax balances are not discounted.

Research and development

Research and development is written off in the year in which it is incurred.

Foreign currencies

Transactions in the foreign currencies are recorded at the rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the balance sheet date. All difference are taken to the profit and loss account.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.

Going concern

The directors are satisfied that as trade is currently improving, together with their plans for additional investment in the business, the company should be able to meet its liabilities for a period of at least twelve months from the approval date of the accounts. As such, the directors are of the opinion that the accounts should be prepared on the going concern basis.
