We have audited the company's financial statements for the year ended 30 September 2011 which comprise the Profit and Loss Account, the Balance Sheet and the related notes 1 to 8. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of director and auditor

Our responsibility is to audit and express opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Report and Financial Statements to identify material inconsistencies within the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and,
- have been prepared in accordance with the requirements of the Companies Act 2006.
