These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Turnover

Turnover is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods supplied and services rendered, stated net of discounts and of Value Added Tax.

Tangible fixed assets are stated at cost less accumulated depreciation and accumulated impairment losses.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Financial instruments

The following assets and liabilities are classified as financial instruments - trade debtors, trade creditors, and directors loans.

Directors loans (being repayable on demand, trade debtors and trade creditors are measured at the undiscounted amount of the cash or other consideration expected to be paid or received.
