<b>Shareholders' funds</b>		<u>(88,856)</u>	<u>(115,560)</u>

- For the year ending 31 May 2014 the company was entitled to exemption under section 477 of the Companies Act 2006 relating to small companies.
- The members have not required the company to obtain an audit in accordance with section 476 of the Companies Act 2006.
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.
- These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime.

Approved by the Board on 27 March 2015

And signed on their behalf by:

**A Hanson, Director**

**Notes to the Abbreviated Accounts for the period ended 31 May 2014****1 Accounting Policies****Basis of measurement and preparation of accounts**

The financial statements are prepared in accordance with applicable accounting standards. The particular accounting policies adopted are as follows:

**Basis of Preparation of the Financial Statements**

"The company meets its day to day working capital requirements through a loan advanced by the director, Mr Alastair Hanson.

The director has given an undertaking not to seek repayment of £120,000 of this loan within the next twelve months and £120,000 of the loan has, therefore, been classified as a long term liability in the financial statements.

On this basis, the director considers it appropriate to prepare the financial statements on a going concern basis. The financial statements do not include any adjustment that would result from a withdrawal of the loan facilities by the director."

**Accounting Convention**

The financial statements are prepared under the historical cost convention.

**Stocks**

Stocks are stated at the lower of cost and net realisable value. Cost includes all direct costs incurred in bringing the stocks to their present location and condition, including where appropriate, a proportion of manufacturing overheads.

**Leases and Hire Purchase Contracts**

Assets held under finance leases and hire purchase contracts and the relating obligations are recorded in the balance sheet at the fair value of the assets at the inception of the agreements. The excess of the payments over the recorded obligations are treated as finance charges which are amortised over the term of each agreement to give a constant rate of charge on the remaining balance of the obligation.

Rental costs under operating leases are charged to the profit and loss account in equal annual amounts over the periods of the leases.

**Finance Costs of Debt**

The finance costs of debt, including interest and issue costs, are allocated to each period over the term of the debt and charged to the profit and loss account at a constant rate on the outstanding amount.

**Deferred Taxation**

Deferred taxation is recognised in respect of all timing differences, between the treatment of certain

items for accounts purposes and their treatment for tax purposes, that have originated but not reversed by the balance sheet date.

Deferred taxation is not recognised when assets are revalued unless, by the balance sheet date, the company has entered into a binding agreement to sell the assets and recognised the gains and losses expected to arise on sale or where assets have been sold and it is expected that the taxable gain will be rolled over into a replacement asset.

#### Cash Flow Statement

The company qualifies as a small company under the Companies Act 2006. The directors have elected to take advantage of the exemptions under FRS 1 not to prepare a cash flow statement.

#### Foreign Currency Transactions

Assets and liabilities denominated in a foreign currency are translated into sterling at the rate of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated at the rate on the date of the transaction. All exchange differences are dealt with through the profit and loss account.

#### Tangible assets depreciation policy

Depreciation is provided on a straight line or reducing balance basis over the expected useful lives of each category of tangible fixed assets:

Improvements to Landlord's Property 4% per annum on cost

Plant and Machinery 20% per annum on written down value

## 2 Tangible fixed assets
