Potential impact of Covid 19

This report has been prepared from information available at the time of its preparation. Due to the global outbreak of Covid 19 and the UK's response to this, requiring working from home and necessarily a lack of access to physical files or other information, we should advise that we may not have all the information required to ensure this report is both complete and accurate. Where there are errors and/or omissions we will endeavour to correct these where possible in our next report to you.

Work undertaken during the Period and work yet to be completed

We attach at **Appendix C** a schedule of work undertaken during the Period together with a summary of work still to be completed.

Loan Accounts

As advised in our last report, our review of the Company's SAGE records indicated that there were two potentially outstanding loan accounts relating to Mr Hodge and Germantech in the sums of £248,668.24 and £835,460.83, respectively.

Any potential claims against Mr Hodge had been assigned to H&J prior to this reporting period. Following the assignment of potential claims against Mr Hodge, H&J have informed us that they are not taking any further action with regards Mr Hodge.

During the Period, we have also sought an update from the liquidator of Germantech Limited (in Liquidation) (Michael Pallott of Mazars) with regards to the progress of the liquidation and the anticipated outcome for creditors. Mr Pallott has confirmed that his investigations into the affairs of Germantech are ongoing, however it is not anticipated that he will be in a position to make a distribution to creditors.

Cash at Bank

During the Period we have received correspondence from the Company's former bankers advising that a payment of £1,347.30 has been received into the pre liquidation bank account. Accordingly, we have arranged for this sum to be transferred

into the liquidation bank account and £1,347.30 has been recovered to the estate. The pre liquidation bank account has now been closed.

Finally, to comply with all of our statutory obligations as Liquidators, we have ensured that all statutory and compliance matters are attended to.

In the event that a distribution is made available to creditors, we will look to agree creditors' claims and distribute funds to creditors where available along with arranging for payment of all costs and expenses of the Liquidation in the statutory order of priority and bring the Liquidation to a close when deemed appropriate.

The key areas of work anticipated but not yet completed in this case are as follows:

- Assist H&J with any additional enquiries where necessary;
- Obtain a final update from the liquidator of Germantech;
- Ensure all statutory and compliance matters are attended to;
- Pay all costs and expenses of the Liquidation in the statutory order of priority and bring the Liquidation to a close when deemed appropriate; and
- Agree the creditors' claims and distribute funds to creditors where available.

Receipts and payments account

Attached at **Appendix B** is a receipts and payments account detailing transactions for the Period.

Investigations

Part of our duties include carrying out proportionate investigations into what assets the Company has, including any potential claims that could be brought by the Company or by us in our capacity as Liquidators against any party which could result in a benefit to the estate.

As advised previously, no further investigations are anticipated for this case.

1. Progress of the liquidation

FRP

Future reporting

We are required to provide all creditors with a further report on the progress of the Liquidation within two months of the next anniversary of our appointment, unless we have a reason to report to creditors prior to that time. The Liquidation will remain open until our investigations and/or potential recovery actions have been concluded.

2. Estimated outcome for the creditors

FRP

The estimated outcome for creditors was included in correspondence previously circulated by us.

Outcome for secured creditors

Our enquiries suggest that there is a secured creditor in this matter. However, we can confirm that no claims have been received in this regard as at the time of reporting.

Preferential Creditors

There are no preferential creditors in this matter.

Unsecured creditors

We have received claims totalling £928,828.46 from unsecured creditors in these proceedings.

Pursuant to the Insolvency Rules, we can advise that (due to a lack of realisations made in the Liquidation to date) no dividend has been declared to unsecured creditors in the Liquidation. The outcome for unsecured creditors is dependent upon the outcome of the potential recovery action(s), future realisations and the costs of the Liquidation.

The Prescribed Part

In accordance with the Insolvency Act 1986, the prescribed part is an element of net realisations due to the floating charge holder which is made available for unsecured creditors (subject to the floating charge post-dating 15 September 2003).

We are aware from Companies House that the Company's former director, Kevin James Edwards, holds a floating charge. However, we have not been advised of the value of this charge.

Given that no realisations have been made in the Liquidation to date, we cannot provide an estimation of the value of the prescribed part at this time. In the event that realisations are made for the benefit of the estate, we will investigate the validity of the floating charge.

3. Liquidators' remuneration, disbursements and expenses

FRP

Liquidators' remuneration

As advised in previous correspondence the creditors passed a resolution that the Liquidators' remuneration should be calculated on a fixed fee basis of £100,000 plus VAT. To date no fees have been drawn by us as Liquidators, due to lack of realisations made in the Liquidation. If the level of realisations is such that our costs are not recovered in full, fees drawn will be restricted to the level of funds available.

The remuneration anticipated to be recovered by the Liquidators is not likely to exceed the fixed fee of £100,000 plus VAT. We are unable to draw fees exceeding the fixed fee without further approval of the creditors. Approval will be sought under separate cover if required.

Liquidators' disbursements

Our disbursements are a recharge of actual costs incurred by them in dealing with this matter. Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the insolvency estate, are paid by FRP Advisory at the HMRC approved mileage rate prevailing at the time the mileage was incurred. FRP Advisory's disbursement policy is included at **Appendix E**.

Expenses of the liquidation

We attach at **Appendix D** a statement of expenses that have been incurred during the Period. It is currently expected that the expenses incurred or anticipated to be incurred are not likely to exceed the amounts detailed at **Appendix D**.

When instructing third parties to provide specialist advice and services, or having the specialist services provided by the firm, we are obligated to ensure that such advice or work is warranted and that the advice or work contracted reflects the best value and service for the work being undertaken. This is reviewed by the us as Liquidators periodically throughout the duration of the assignment. The specialists chosen may regularly be used by us and usually have knowledge specific to the insolvency industry and, where relevant, to matters specific to this insolvency appointment.

Creditors' rights

Creditors have a right to request further information from the Liquidators and further have a right to challenge the Liquidators' remuneration and other expenses, which are first disclosed in this report, under the Insolvency (England and Wales) Rules. (For ease of reference these are the expenses incurred in the Period as set out in **Appendix E** only).

Further details of these rights can be found in the Creditors' Guide to Fees which you can access using the following link <https://creditors.frpadvisory.com/info.aspx> and select the one for liquidation. Alternatively, a hard copy of the relevant guide will be sent to you on request. Please note there is a time limit for requesting information being 21 days following the receipt of this progress report. There is a time limit of 8 weeks following the receipt of this report for a Court application that the remuneration or expenses are excessive.

A schedule of work

FRP

The table below sets out a detailed summary of the work undertaken by the office holders during the reporting period together with an outline of work still to complete.

Where work undertaken results in the realisation of funds (from the sale of assets and/or recoveries from successful actions taken against third parties), there may be a financial benefit to creditors should there be sufficient funds available to make a distribution to one or more class of creditor. In this case work undertaken will include the scrutiny and agreement of creditor claims.

A proportion of the work undertaken by an Insolvency Practitioner is required by statute, including ensuring the appointment is valid, notifications of the appointment to third parties, regular reporting on the progress, notifying statutory bodies where required in relation to the conduct of the directors, complying with relevant legislation and regulatory matters. These matters may not have a direct financial benefit to creditors but are substantially there to protect creditors and other stakeholders and ensuring they are kept informed of developments.

GENERAL ASSUMPTIONS IN COMPILING THIS SCHEDULE OF WORK
• A committee of creditors is not appointed • No preferential creditors are identified • No more than one (first and final) distribution to creditors is declared • No exceptional queries are received from stakeholders • There are no unforeseen assets identified • Litigation will not be required to realise the Company's assets • Any settlement agreement lasts no longer than 6 months and requires no enforcement procedures • There are no unforeseen matters requiring further investigation • Full co-operation is received from the directors and relevant third parties as required by legislation and litigation is not required to enforce compliance • The Liquidators receive complete and up to date information and records from creditors and third parties • There are no health and safety or environmental issues to be dealt with • The case will be closed within 3 years of the Liquidators' appointment

2	ASSET REALISATION Work undertaken during the reporting period	ASSET REALISATION Future work to be undertaken
	One of the main purposes of an insolvency process is to realise the Company's assets and to ensure a fair distribution of the proceeds to the creditors in the correct order of priority as set out by legislation. As part of my enquiries into the Company's affairs I have carried out investigations into what assets the Company has and considered whether there may be antecedent or voidable transactions which, if pursued, could swell the funds available for the insolvency estate (for further detail in this regard, see Section 4 below).	If any Company assets are identified appropriate action will be taken to secure and realise any such assets for the benefit of the estate. Please see the Investigations section below for further information regarding potential actions which may result in further realisations for the benefit of the estate.
3	CREDITORS Work undertaken during the reporting period	CREDITORS Future work to be undertaken
	Dealt with creditor correspondence and queries. Maintained a record of creditor's claims and information.	Continue to deal with creditors' correspondence in a timely manner. Provide a statutory report to creditors at regular intervals and manage any queries arising therefrom. If sufficient funds are available to make a distribution to creditors the Liquidators will write to all known creditors to notify of the possibility of a distribution and request submission of claims. As required, the Liquidators will advertise for claims and adjudicate on them if there are sufficient funds to make a distribution, either agreeing or rejecting, in full or in part. There is a statutory time limit to enable creditors whose claims have been rejected to appeal, once this time limit has passed the Liquidators will make a distribution to creditors.

DISBURSEMENT POLICY

Disbursements are expenses met by and reimbursed to an office holder in connection with an insolvency appointment.

There are two types of disbursements; direct disbursements (known as Category 1) and indirect disbursements (known as Category 2).

Category 1 disbursements:

These are payments to independent third parties where there is specific expenditure directly referable to the appointment in question, these include but are not limited to such items as case advertising, storage, bonding, searches, insurance.

Category 1 disbursements can be drawn without prior approval.

Category 2 disbursements

These are expenses that are directly referable to the appointment in question but not to a payment to an independent third party. With the exception of mileage FRP Advisory do not charge category 2 disbursements.

Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the insolvency estate, are paid by FRP Advisory at the HMRC approved mileage rate prevailing at the time the mileage was incurred, at the time of this report this is 45p per mile.

Category 2 disbursements require prior approval in the same manner as an office holder's remuneration.
