#### INTRODUCTION

This report has been prepared to provide creditors with an update on the progress of the Administration of the Company since our last report to creditors dated 03 December 2015

Given the information previously provided to creditors in our earlier report to creditors, we have not included detailed background information in respect of the Company and have focussed on progress of the Administration subsequent to that report.

The Joint Administrators' proposals were deemed approved. A formal notice confirming this was sent to all creditors on 22 December 2015.

A schedule of statutory information in respect of the Company is attached at Appendix 1

ı

#### THE PROGRESS OF THE ADMINISTRATION

As previously reported the Company's live client files were transferred immediately prior to the appointment of Administrators on 09 October 2015

It was not possible for Administrators to trade a regulated legal practice given that the Administrators are not regulated by the Law Society and do not hold practicing certificates. The SRA would therefore not sanction the ongoing trading of a legal practice within Administration and as a result, the assignment of the live client files represented the optimum method to achieve the objective of the Administration and to maximise returns to creditors.

The three acquiring firms are IC Law Solicitors, Pilkington Shaw Solicitors and Neumans LLP. The terms of the assignments were slightly varied between the three acquiring firms but the main basis of the assignments is for a set fee to be paid to the Company by the acquiring firm on each assigned case that is successfully settled, together with any recovered pre-paid disbursements. Full details of specific terms of the sale agreements were referred to in the Administrators' Proposals.

The Company was also involved in two large group actions, 'Sonae' and 'Mau Mau'. Both of these group actions have been assigned to IC Law Solicitors and the Company will receive a pre-defined percentage of any recoveries resulting from the success of these group actions. It is not possible to quantify the potential recoveries from these group actions at present and it is likely that these actions will continue to run for some considerable time.

The Administrators appointed a Solicitor Manager, Samantha Palmer of Ashfords LLP to oversee the handover of files to the purchasing entities and to satisfy regulatory requirements, with these costs being met from the administration estate in relation to the orderly migration of the client account

#### **Assignments of Client Files**

Recoveries from the assigned client files have been slightly lower than anticipated and therefore my staff and I have been liaising with the acquiring firms and closely monitoring recoveries. I considered it necessary for on-site audits of the assigned client files to be carried out at the relevant acquiring firms in order to be satisfied that the files are being satisfactorily progressed and the costs due to the Administration properly transferred in accordance with the sale agreements. The Solicitor Manager has assisted the Administrators with this

#### **Settled Cases**

There were a number of cases that were settled prior to the Administration appointment or were at the point of settlement and these cases have remained within the Administration. Costs relating to these files have been pursued and are being received directly into the Administration. I instructed the Company's former practice manager to assist me with the collection of these debts as I considered her specialist knowledge of the cases and relevant parties involved would significantly reduce the costs incurred by the Administration in pursuing these debts. To the date covered by this report, profit costs on settled matters totalling £155,613 have been received into the Administration.

#### Other Matters

There have been a number of other matters that have required significant attention during the reporting period, which are summarised and listed below

- Facilitating client requests and providing information and assistance whereupon requested by various interested parties in order to ensure that clients' interests are met,
- Monitoring the transfer of Client Files to other law firms and ensuring undertakings are provided by any acquiring solicitor firms,
- Liaising with the Solicitor Manager in respect of the distribution of client account funds held,
- Liaising with suppliers and ensuring that valid disbursements are paid to suppliers on cases that have been settled.
- Liaising with the Solicitor Manager in respect of regulatory matters arising in the Administration,

- Dealing with a number of potential negligence claims and liaising with the Company's Pl insurer,
- Instructing cost draftsmen to deal with costs due to the Company on client files remaining with the Administration,
- Corresponding with creditors in relation to claims submitted

#### The Joint Administrators' receipts and payments account

Attached at Appendix 2 is a receipts and payments account for the Review Period together with a summary of the transactions in the previous review period

An EOS as at 08 April 2016 is attached at Appendix 3

The rest of this report describes the key developments in the Administration over the Review Period

For a detailed list of work undertaken by the Joint Administrators during the Review Period, see Appendix 4

We have also summarised the main asset realisations during the Review Period and an estimation of those assets yet to be realised, together with details of costs incurred but as yet remaining unpaid

#### Administrative, Statutory & Regulatory Tasks

The Joint Administrators have met a considerable number of statutory and regulatory obligations. Whilst many of these tasks have not had a direct benefit in enhancing realisations for the insolvent estate, they have assisted in the efficient and compliant progressing of the administration, which has ensured that the Joint Administrators and their staff have carried out their work to high professional standards.

During the Review Period, primarily these tasks have included

- Drafting and issuing the progress report to creditors,
- Consulting with and instructing independent advisers as regards practical, technical and legal aspects of the case to ensure efficient progress,
- Maintaining case files, which must include records to show and explain the administration and any decisions made by the Joint Administrators that materially affect the administration,
- Monitoring and maintaining an adequate statutory bond,
- Conducting periodic case reviews to ensure that the administration is progressing efficiently, effectively and in line with the statutory requirements,
- Maintaining and updating the estate cash book and bank accounts, including regular bank reconciliations and processing receipts and payments, and
- · Completing periodic tax returns
- Preparing a report on the conduct of the directors as required by the Company Directors
  Disqualification Act

#### Realisation of assets

#### Debtors

As noted above the Administrators have recovered debts from settled cases totalling £155,613 in the period covered by this report

The amount of £125,878 has been received from the acquiring firms in respect of the assigned client files. Significant further recoveries are anticipated as detailed on the enclosed EOS and whilst recoveries to date have not been as high as expected there is no reason to suggest at this stage that the estimated realisations of £950,000 will not be achieved.

#### Fixtures and Fittings and Computer Equipment

This comprised mainly of various office furniture and computer equipment which was considered to be of negligible realisable value given that the associated costs of uplifting and selling these items at

auction would have outweighed the benefit received to the Administration Agents, Winterhill Group ("Winterhill") (which is a Royal Institution of Chartered Surveyors regulated firm), were instructed to dispose of the equipment and realised £542 in total from these items from non-auction sales

Winterhill were also instructed to wipe all the computer hard drives as they would have contained sensitive information

The Company also owns some servers which cannot yet be disposed of as they are running the Company's secure case archiving system and are therefore still required in this transitional period. The servers are anticipated to be of minimal realisable value but agents will be instructed to dispose of these items when they are no longer required.

#### Estimated future realisations

#### **Debtors**

The Administrators will continue to receive the costs due to the Company on client files that have been assigned at the point when each file settles. I am unable to estimate when this process will be completed as it will be entirely dependent upon the length of time the acquiring law firms take to conclude proceedings on all of the assigned files, however, I do anticipate that the Administration will need to be extended beyond 12 months

#### **Directors' Loan Account**

The directors' Statement of Affairs states that the director, Gordon Tucker, is indebted to the Company in the amount of £264,000 in respect of his overdrawn directors' loan account ("DLA"). This figure was obtained from the Company's management accounting information, however, the DLA is not fully reconciled and from a review of the Company's bank and credit card statements it is likely that there will have been further movement on the account up to the date of Administration.

The Administrators have been liaising with the director in relation to repayment of his indebtedness to the Company and the director has advised that he does not currently have the means to repay any of this debt

The Administrators have requested that the director discloses full details of his personal financial position, including executing a declaration that the contents are true and I can confirm that the director has complied with this request. It is apparent, upon review of his personal finances questionnaire that the director is not presently able to make any payments against his overdrawn DLA and the Administrators therefore do not intend to undertake any further reconciliation of the DLA as it would not be cost effective to do so at this time. The Administrators will, however, continue to monitor and review the position.

#### **Payments**

#### Costs incurred but remaining unpaid

Included within the EOS at Appendix 3 are costs incurred during the Review Period, but which as yet remain unpaid. These costs are separately detailed below

Cost Description	Amount (£)
Ashfords LLP – solicitor manager's fees	26,955
Mishcons De Reya LLP – security review	6,939
TOTAL	33,894

During the Review Period, the Joint Administrators have also incurred time costs and direct expenses, not all of which have yet been discharged. Further details of these costs are set out below

#### **CREDITORS CLAIMS AND DISTRIBUTIONS**

#### Secured creditors

The Company granted a fixed and floating charge to HTG Ventures Limited ("HTG") on 01 December 2010 who was owed £3,995,910 on appointment. During the Review Period, the Joint Administrators' legal advisors, Mishcon de Reya LLP, have confirmed the validity of the charge.

No distributions have yet been paid to HTG. Under the provisions of the Insolvent Act 1986 (as amended), preferential creditors' claims must be paid in priority to creditors holding a floating charge. The Administrators are required to pay or set aside sufficient funds for the payment of preferential creditors but as at the date of this report a final preferential claim from the Redundancy Payments. Service has not been received and therefore we are unable to confirm the amount that must be set aside.

I anticipate being in a position to make an interim distribution to HTG once a final preferential claim has been received from the Redundancy Payments Service

It is not anticipated that the secured creditor will be paid in full, as detailed in the enclosed Appendix 3

#### Preferential creditors

The Joint Administrators and their staff have incurred time costs in assisting employees to obtain payment from the Redundancy Payments Office

Preferential claims relating to unpaid wages and holiday pay were estimated at £10,000 in the Director's Estimated Statement of Affairs, however, a final claim has not yet been received from the Redundancy Payments Service. It is anticipated that preferential claims will be paid in full

#### **Prescribed Part**

Under Section 176A of the Insolvency Act 1986, where after 15 September 2003 a company has granted to a creditor a floating charge, a proportion of the net property of the company must be made available purely for the unsecured creditors. This equates to

- 50% of net property up to £10,000,
- Plus, 20% of net property in excess of £10,000
- Subject to a maximum of £600,000

Based on present information, the Joint Administrators estimate that, after allowing for costs and payment of preferential claims, the value of the Company's net property will be £611,297, which means that the prescribed part is estimated to be £125,259. The Joint Administrators anticipate therefore that there will be funds for a dividend to unsecured creditors from the prescribed part, but this will be dependent on final costs.

#### Unsecured creditors

Unsecured claims were estimated at £519,502 in the Director's Estimated Statement of Affairs and to date claims received from unsecured creditors total £579,026. Some of the claims received to date are higher than the director estimated in his Statement of Affairs and it should be noted that HMRC's final claim is likely to be significantly higher than was estimated by the director in his Statement of Affairs as the Administrators' have received a notice of VAT determination together with further interest and penalties.

A dividend to unsecured creditors from the prescribed part, as explained above, is expected. The quantum of any distribution will be dependent on realisations, the final costs of the Administration and the level of agreed claims. The EOS projects that the estimated dividend will be in the region of 14.41 pence in the £. Although significant time costs have been incurred in liaising with creditors' regarding claims submitted to date, this work has had a financial benefit for creditors as it has ensured that payments will only be made to parties who have a statutory right to a dividend

#### Claims process

Due to the possible distribution to unsecured creditors, you are requested to submit claims to the address on the front of this report, marked for the attention of Tom Burton@Quantuma.com

A Proof of Debt form is attached at Appendix 5

A Notice of Intended Dividend will be circulated to unsecured creditors at the point when the Administrators are in a position to make a distribution to unsecured creditors. This will provide creditors with a further opportunity to submit claims and this will also be when the Administrators will adjudicate on the claims that have been submitted

#### OTHER MATTERS AND INFORMATION TO ASSIST CREDITORS

#### Investigations

As part of the Joint Administrators' statutory duties, an investigation into the conduct of the Company Directors was completed

In this regard, a confidential report was submitted to The Insolvency Service on 06 April 2016

#### Initial Assessment of Potential Recoveries

As part of our duties as Joint Administrators, we are obliged to review shortly after appointment all the information available to us and conduct an initial assessment of whether there are any matters which may lead to any recoveries for the benefit of creditors. This would typically include any potential claims which may be brought against parties either connected to or who have past dealings with the Company

This review has been completed and we confirm that we did not identify any further assets or actions which would lead to a recovery for creditors other than the matters that have been detailed above

Should creditors have any information in relation to the above which you feel we should be made aware of, please contact us as a matter of urgency

#### **Future Actions**

In order to achieve the objective of the Administration of the Company the Administrators propose to -

- Continually review the recoverability of work in progress and debtors.
- Liaise with the acquiring firms and ensure that in accordance with the sale agreements the purchasers pay over to the Administration the fees due to the Company on each settled case,
- Continue to facilitate client requests and provide information and assistance whereupon requested in order to ensure that clients' interests are met. Monitor the transfer of any Client Files to other law firms and ensure undertakings are provided by any acquiring solicitor firms,
- Liaise with suppliers and ensure that valid disbursements are paid to suppliers on cases that have been settled
- Liaise with creditors in relation to claims submitted

#### **Exit Route**

As previously reported it is anticipated that the Administration will end by the filing of notice of dissolution with the Registrar of Companies. The Company will then automatically be dissolved by the registrar of companies three months after the notice is registered.

The insolvency legislation has set a 12 month maximum duration for Administrations and given that fees due to the Company are likely to be received for some considerable time on the assigned client files, it is likely that the Administrators will be required to extend the Administration. I will seek approval from the secured creditor and the preferential creditors at the point that this is required.

#### **EC Regulations**

Council Regulation (EU) No 1346/2000 applies and these are the main proceedings as defined in that regulation

#### **Further Information**

Creditors should note that the Joint Administrators are bound by the Insolvency Code of Ethics when carrying out all professional work relating to an insolvency appointment. Additionally the Joint Administrators are also bound by the regulations of their Licensing Bodies.

To comply with the Provision of Services Regulations, some general information about Quantuma LLP, including our complaints policy and Professional Indemnity Insurance, can be found at <a href="http://www.quantuma.com/uploads/1/6/1/1/16116268/quantuma.lip\_provision.of-services-regulations-2009-3-pdf">http://www.quantuma.com/uploads/1/6/1/1/16116268/quantuma.lip\_provision.of-services-regulations-2009-3-pdf</a>

#### **PRE-ADMINISTRATION COSTS**

Included within the Joint Administrators' Proposals dated 03 December 2016 was a Statement of Pre-Administration Costs

These costs were approved as detailed below

Party instructed	Amount approved (£)	Date approved	Date paid
Quantuma LLP	£23,386	29 December 2015	30 December 2015
Michcons de Reya LLP Solicitors	£18,254	29 December 2015	08 February 2016
Administrators' pre- administration disbursements	£855 45	29 December 2015	30 December 2015
TOTAL APPROVED	£42,495 45		

#### THE JOINT ADMINISTRATORS' FEES AND EXPENSES

#### The Joint Administrators' Fees

The basis of the Joint Administrators' fees was fixed on 29 December 2015 by the secured and preferential creditors as follows

The Joint Administrators shall be authorised to be remunerated by reference to time properly spent by themselves and their staff in dealing with matters relating to the Administration of the Company, such time to be charged at the hourly charge out rate of the grade of staff undertaking the work at the time it was undertaken. It is estimated that time costs for undertaking all work in connection with the Administration will be £121,515 as confirmed in the Fee Estimate appended to the Proposals.

#### Comparison of estimates

The Joint Administrators' time costs incurred to date (whether or not they have been charged to the Administration estate) are compared with the original fees estimate as follows

	Actual time	costs incurred to	o date			
Work category	No. of hours	Blended hourly rate £ per hour	Total fees	No. of	Average hourly rate £ per hour	Total time
Administration and Planning	120 00	207 50	24,900 00	118 20	326 45	38,586 50
Creditors ( )	230 00	207 50	47,725 00	174 30	187 34	32,653 00
Investigations 4	25 00	207 50	5,187 50	14 10	185 00	2,608 50
Realisation of Assets	180 00	207 50	37,350 00	56 50	202 89	11,463 50
Trading / Managing Shut Down of Business	-	-	* see note below	29 90	187 17	5,596 50
Cashiering	25 00	192 50	4,812 50	33 30	128 96	4,294 50
Total	588 00	206.66	121,515 00	426.30	223.32	95,202.50

<sup>\*</sup> N B The time incurred in managing the orderly shutdown of the business was originally estimated within the Administration and Planning work category

The expenses incurred to date are compared with the original expenses estimate as follows

Expenses	Original expenses estimate £	 Actual, expenses Reason for any excess (if the expenses are incurred to date likely to, or have, exceeded the original estimate)
Legal costs	80,000 00	61,889
Agents' and valuers' costs	2,540 00	2,360
Advertising	225 00	75 00
'Insurance (大家是港灣電	212 00	212 00

Expenses	Original expenses estimate £	Actual expenses incurred to date	Reason for any excess (if the expenses are likely to, or have, exceeded the original estimate)
Bank Charges	550 00	925 00	Further transfers from the Company's client account have been needed as funds have continued to be received by the Company
<sub>9</sub> Bóñding かざ、 よだな。	250 00	135 00	
Storage // Destruction of records	5,658 00	1,899 97	
Other Category 1	2,093 40	3,275 34	Further train and subsistence costs have been necessarily incurred in carrying out audits of the assigned files and meetings with the Solicitor Manager
Category 2 expenses	75 00	347 95	Further mileage costs have been necessarily incurred in carrying out audits at the acquiring firms
Other Expenses necessarily Incurred but not included in original expenses estimate			
Rents Payable		5,845 40	
JT Services		14,035 14	It was essential to maintain the Company's IT service in the transitional period for the assignment of client files
Accounting / Consultancy fees		52,450 00	These costs were fully disclosed in the Administrators' Proposals and have been necessarily incurred by the Administrators, as detailed further below
TOTAL	91,603 40	137,604 40	

Having regard for the costs that are likely to be incurred in bringing this Administration to a close, the Joint Administrators consider that the original fees estimate is likely to be exceeded, although I am unable to estimate by how much due to the length of time it is likely to take for the Administration to be concluded

The main reasons why the original fees estimate is likely to be exceeded is due to the reasons stated below -

- Additional previously un-forecasted monitoring of the assigned files, including undertaking audits of the acquiring firms, to ensure that the terms of the sale agreements are being strictly adhered to
- Additional unforeseen work required in dealing with regulatory issues that have arisen since the commencement of the Administration
- Significantly higher costs incurred in dealing with creditors' claims. This has arisen due to the
  nature of the business, dealing predominantly in high volume, low level personal injury claims,
  which has led to thousands of cases having disbursements on that are either unpaid or have
  slightly differing amounts paid than the original invoice

Although I anticipate that my total time costs will exceed my original fees estimate over the duration of the Administration, I am not seeking any further approval of my costs at this time. Further approval will only be sought when my fees incurred exceed my original estimate.

#### **Subcontracted Work**

I have sub-contracted some of the work I am required to undertake as Joint Administrator, as detailed below

Due to his specialist knowledge of the Company's client account 1 instructed the Company's former accountant, Craig Parry, to assist the Solicitor Manager in overseeing the distribution of the client account monies. Due to the high volume nature of the Company's case portfolio the Company has continued to receive a large number of settlement cheques on a daily basis since the commencement of the Administration and these cheques have needed to be banked into the Company's client account and properly distributed. I considered this to be cost effective to the Administration and in the best interests of creditors that he assists in this process.

I also instructed Kay Johnson Gee accountants to complete the Company's payroll, including issuing P45's to the employees and completing the work required on the Company's pension scheme. The Administrators agreed a monthly fee with the Company's former I T provider to ensure continuity of service. The provider ran the Company's secure case archiving system and the system was required in this transitional period to ensure that the assigned files could be accessed. The I T provider has also assisted in running reports and printing officase files where clients have requested that their files be transferred to a new firm of solicitors.

I have also made payments to the Company's former senior case manager, Ms Emma Garner, in respect of her work on behalf of the Administrators to facilitate the transition of all the transferred client files, as well as assisting the Administrators in pursuing the costs due to the Company on cases remaining with the Administration. Due to the complexity and volume of the Company's case portfolio it has been imperative that the process has been properly managed in order that no deadlines / hearings / statutory limitation dates are missed and to ensure that the interests of all clients are protected.

The above costs have been paid in full and I only anticipate having to make further payments to the IT provider in respect of this work

Information about this insolvency process may be found on the R3 website at <a href="https://www.creditorinsolvencyguide.co.uk">www.creditorinsolvencyguide.co.uk</a> A copy of 'A Creditors Guide to Administrators' Fees' together with the firm's current schedule of charge-out rates and chargeable disbursements may be found at <a href="http://www.quantuma.com/creditors-guide-to-fees.html">http://www.quantuma.com/creditors-guide-to-fees.html</a> A hard copy of both the Creditors' Guide and the firm's charge-out rate and disbursement policy may be obtained on request at no cost

#### Creditors' rights to request information

Any secured creditor, or unsecured creditor with the support of at least 5% in value of the unsecured creditors or with permission of the Court, may request in writing the Joint Administrators to provide additional information regarding fees or expenses to that already supplied within this report. Such requests must be made within 21 days of receipt of this report.

#### Creditors' rights to challenge fees and/or expenses

Any secured creditor, or unsecured creditor with the support of at least 10% in value of the unsecured creditors or with permission of the Court, may apply to the Court for one or more orders, reducing the amount or the basis of fees which the Joint Administrators are entitled to charge or otherwise challenging some or all of the expenses incurred

Such applications must be made within 8 weeks of receipt by the applicant(s) of the progress report detailing the fees and/or expenses being complained of

Please note that such challenges may not disturb fees or expenses (whether or not discharged from the estate) disclosed in prior progress reports

Should you have any queries in regard to any of the above please do not hesitate to contact Tom Burton on 01273 322400 or by e-mail at Tom Burton@Quantuma.com
