GLID Limited

Strategic report for the year ended 31 December 2014

The Directors present the strategic report of the Company for the year ended 31 December 2014.

Review of business

The principal activity of the Company is the holding of its investment in GLID Wind Farms TopCo Limited, a company registered in England and Wales, a joint venture between the Company (the ultimate parent undertaking of which is Centrica plc, a company registered in England and Wales) and Boreas Holdings S.à.r.l., a company registered in Luxembourg. Boreas Holdings S.à.r.l. is a company ultimately controlled by EIG Global Energy Partners LLC, a US (Delaware registered) limited liability company. GLID Wind Farms TopCo Limited is the parent undertaking of three wholly-owned subsidiary companies which operate wind farms.

During the year, the commercial performance of the joint venture was satisfactory.

Principal risks and uncertainties

Risks are formally reviewed and appropriate processes are put in place to monitor and mitigate them.

The Company's principal risks are on the recovery of the carrying value of its investments and debenture loan with GLID Wind Farms TopCo Limited. In turn this risk is impacted by the availability of the wind farms and the sale of the related output by GLID Wind Farms TopCo Limited. The availability is driven by the technical performance of the wind turbines and ancillary equipment, and the physical access to the wind farms. These risks determine GLID Wind Farms TopCo Limited's ability to make loan and interest repayments and to pay dividends when appropriate.

Key performance indicators ("KPIs")

The Directors of the Centrica group ("the Group") use a number of key performance indicators to monitor progress against the Group's strategy. The development and performance of the Group, which includes the Company, are discussed on pages 18-19 of the 2014 annual report and accounts of the Group which does not form part of this report.

This strategic report was approved by the Board on 23 June 2015.

By order of the board for and on behalf of:

GLID Limited

Directors' report for the year ended 31 December 2014

The Directors present their report and the audited financial statements of GLID Limited ("the Company") for the year ended 31 December 2014.

Future developments

During the year the Company continued to hold its 50% share in its joint venture, GLID Wind Farms TopCo Limited.

Commercial generation by the joint venture is expected to continue for the foreseeable future, and the Company expects to continue to act as a holding company.

Financial risk management

The Directors have established objectives and policies for managing financial risks to enable the Company to achieve its long-term shareholder value growth targets within a prudent risk management framework. These objectives and policies are regularly reviewed. Exposure to counterparty credit risk and liquidity risk arises in the normal course of the Company's business:

- Cash forecasts identifying the liquidity requirements of the Company are produced frequently and reviewed regularly.
- Liquidity risk is managed through funding arrangements with Centrica plc.

The Company did not take part in hedging of any kind during the year (2013: nil).

Results and dividends

The results of the Company are set out on page 7. The profit for the financial year ended 31 December 2014 was £4,679,000 (2013: £4,277,000). No dividends were paid for the year (2013: £nil). The Directors do not recommend the payment of a final dividend (2013: £nil).

Financial position

The financial position of the Company is presented in the balance sheet on page 8. The shareholders' funds at 31 December 2014 were £67,439,000 (2013: £62,760,000).

Going concern

The Directors believe that preparing the financial statements on the going concern basis is appropriate due to the continued financial support of the ultimate parent company, Centrica plc. The Directors have received confirmation that Centrica plc intends to support the company for at least one year after these financial statements are signed.

Directors

The following served as Directors during the year and up to the date of signing this report:

R M McCord

S P Redfern

R W Marsden (appointed 1 September 2014)

Directors' and officers' liability

Directors' and officers' liability insurance has been purchased by the ultimate parent company, Centrica plc, and was in place throughout the year under review. The insurance does not provide cover in the event that the Director is proved to have acted fraudulently.

GLID Limited

Directors' report for the year ended 31 December 2014 (continued)

Statement of Directors' responsibilities

The Directors are responsible for preparing the Strategic Report, Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law, the Directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Disclosure of information to auditors

Each of the Directors who held office at the date of approval of this Directors' report confirm that so far as they are aware, there is no relevant audit information of which the Company's auditors are unaware and they have taken all the steps that they ought to have taken as Directors to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

Independent Auditors

Pursuant to Section 487 of the Companies Act 2006, the auditors will be deemed to be reappointed and PricewaterhouseCoopers LLP will therefore continue in office.

This report was approved by the Board on 23 June 2015.

Report on the financial statements

Our opinion

In our opinion, GLID Limited's financial statements (the "financial statements"):

- give a true and fair view of the state of the Company's affairs as at 31 December 2014 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

What we have audited

GLID Limited's financial statements comprise:

- Balance sheet as at 31 December 2014;
- Profit and loss account for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies and other explanatory information.

The financial reporting framework that has been applied in the preparation of the financial statements is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

In applying the financial reporting framework, the Directors have made a number of subjective judgements, for example in respect of significant accounting estimates. In making such estimates, they have made assumptions and considered future events.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion, the information given in the Strategic report and the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Other matters on which we are required to report by exception

Adequacy of accounting records and information and explanations received

Under the Companies Act 2006 we are required to report to you if, in our opinion;

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Directors' remuneration

Under the Companies Act 2006 we are required to report to you if, in our opinion, certain disclosures of directors' remuneration specified by law are not made. We have no exceptions to report arising from this responsibility.

GLID Limited

Responsibilities for the financial statements and the audit

Our responsibility and those of the Directors

As explained more fully in the Statement of directors' responsibilities, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK & Ireland) ("ISAs (UK&Ireland)"). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the Company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

What an audit of financial statements involves

We conducted our audit in accordance with ISAs (UK & Ireland). An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of;

- whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed;
- the reasonableness of significant accounting estimates made by the Directors; and
- the overall presentation of the financial statements.

We primarily focus our work in these areas by assessing the Directors' judgements against available evidence, forming our own judgements, and evaluating the disclosures in the financial statements.

We test and examine information, using sampling and other auditing techniques, to the extent we consider necessary to provide a reasonable basis for us to draw conclusions. We obtain audit evidence through testing the effectiveness of controls, substantive procedures or a combination of both.

In addition, we read all the financial and non-financial information in the Annual report and Financial Statements to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

GLID Limited

Notes to the financial statements for the year ended 31 December 2014

1 Principal accounting policies

Accounting principles

These financial statements have been prepared on the going concern basis, under the historical cost convention and in accordance with applicable United Kingdom Accounting Standards and the Companies Act 2006. The principal accounting policies are set out below.

Accounting policies have been applied consistently, other than where new policies have been adopted.

Basis of preparation

The Directors believe that the going concern basis is applicable for the preparation of the financial statements as the ultimate parent company, Centrica plc, has confirmed its present intention to provide financial support such that the Company is able to repay its liabilities as they fall due.

Investments

Fixed asset investments are shown at cost less any provision for impairment. Investments consist of an equity interest in a joint venture, debenture loan and accrued interest.

Impairment

At each balance sheet date, the Company reviews the carrying amounts of its fixed assets to determine whether there is any indication that those assets have suffered an impairment. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of any impairment. Recoverable amount is the higher of net realisable value and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised as an expense immediately.

Foreign currency

The financial statements of the Company are presented in sterling, which is the Company's functional currency. Transactions in foreign currencies are initially recorded at the functional currency rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency rate of exchange ruling at the balance sheet date, and movements are included in the profit and loss account.

Loans

Loans payable are initially recognised at the fair value of the consideration received, after deduction of transaction costs that are directly attributable to the issue of the loan.

Loans receivable are initially recognised at fair value plus transaction costs that are directly attributable to the acquisition or issue of the loan. They are subsequently carried at amortised cost using the effective interest rate method less any allowance for estimated impairments. A provision is established for impairments where there is objective evidence that the Company will not be able to collect all amounts due under the original terms of the loan. Interest income, together with losses when the loans are impaired, is recognised in the profit and loss account.

GLID Limited

Notes to the financial statements for the year ended 31 December 2014 (continued)

1 Principal accounting policies (continued)

Interest income and expense

Interest income and expense are accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

Taxation

Current tax being UK corporation tax is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantially enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated, but not reversed, at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future, or a right to pay less tax in the future, have occurred at the balance sheet date. Timing differences are differences between the Company's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

A deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits in the foreseeable future from which the reversal of the underlying timing differences can be deducted. Deferred tax is not recognised when fixed assets are sold and it is more likely than not that the taxable gain will be rolled over, being charged to tax only if and when the replacement assets are sold.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantially enacted by the balance sheet date. Deferred tax is measured on a non-discounted basis.

2 Consolidated financial statements, cash flow statements and related party disclosures

The Company is a wholly-owned subsidiary of Centrica Renewable Energy Limited and is included in the consolidated financial statements of Centrica plc, which are publicly available. Consequently, the Company has taken advantage of the exemption from the need to prepare group financial statements offered under Section 400 of the Companies Act 2006. Similarly the Company has taken advantage of the exemption from preparing a cash flow statement under the terms of Financial Reporting Standard No. 1 (revised 1996) 'Cash Flow Statements'. The Company is also exempt under the terms of Financial Reporting Standard No. 8 'Related Party Disclosures' from disclosure of transactions with other wholly owned companies that are part of the Centrica plc group.

3 Segmental reporting

The Company's activities consist solely of holding its investment in its joint venture and occur wholly within the United Kingdom.

	2014 £000	2013 £000
(a) Analysis of tax charge for the year		
The tax charge comprises:		
Current tax:		
United Kingdom corporation tax at 21.49% (2013: 23.25%)	1,281	1,296
Total current tax	<u>1,281</u>	<u>1,296</u>
Deferred tax		
Effect of change to deferred tax rate	-	-
Total tax on profit on ordinary activities	<u>1,281</u>	<u>1,296</u>

(b) Factors affecting the tax charge for the year

The tax charge for the financial year differs (2013: differs) from the standard rate of corporation tax in the UK of 21.49% (2013: 23.25%). The differences are explained below:

	2014 £000	2013 £000
Profit on ordinary activities before tax	5,960	5,573
Tax on profit on ordinary activities at standard UK corporation tax rate of 21.49% (2013: 23.25%)	1,281	1,296
Effects of:		
Group relief for nil consideration	-	-
Total current tax charge for the year	<u>1,281</u>	<u>1,296</u>

The main rate of corporation tax was reduced from 23% to 21% from 1 April 2014. A further reduction to reduce the rate to 20% from 1 April 2015 was substantively enacted in Finance Act 2013 on 2 July 2013 and have been reflected within these financial statements.
