For the year ending 30 September 2012 the company was entitled to exemption under section 477 of the Companies Act 2006 relating to small companies.

The members have not required the company to obtain an audit in accordance with section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.

These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime and in accordance with the Financial Reporting Standard for Smaller Entities (effective 2008).

The financial statements were approved by the Board of Directors on 19 January 2013

SIGNED ON BEHALF OF THE BOARD BY:

Name: A Kingston
Status: Director

The notes form part of these financial statements

KINGSTON CONSULTANTS LIMITED

Notes to the Abbreviated Accounts for the Period Ended 30th September 2012

1. Accounting policies

Basis of measurement and preparation of accounts

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008). It is appropriate for the accounts to be prepared in a manner which is consistent with the business operating as a going concern.

Turnover policy

Turnover represents amounts receivable for goods and services net of VAT. Revenue is recognised at key milestones which are primarily the dates that consultants' reports are issued to customers.

Tangible fixed assets depreciation policy

All fixed assets are initially recorded at cost. Cost includes the original purchase price of the asset and the cost attributable to bringing the asset to its current working condition for its intended use. Depreciation is charged so as to write off the cost of tangible assets, less residual value, over the useful economic life of that asset as follows: office equipment over 5 years.

Intangible fixed assets amortisation policy

Amortisation is calculated so as to write off the cost of an intangible asset, less its estimated residual value, over the useful economic life of that asset. The current policy is to amortise goodwill over 10 years.
