**3. ACCOUNTING POLICIES**

**Basis of preparing the financial statements**

The financial statements have been prepared on a going concern basis under the historical cost convention. The Covid-19 pandemic has adversely impacted on global and UK societies and economies, and this impact has continued into the 2020/2021 financial year. However in the directors' opinion there is no significant uncertainty as to the going concern basis.

**Significant judgements and estimates**

The principal accounting policies and significant judgements and estimates applied in the preparation of these financial statements are set out below. These policies, judgements and estimates have been consistently applied to all years presented unless otherwise stated.

**Turnover**

Turnover represents amounts earned on goods and services provided during the year and derives from the provision of goods and services falling within the company's ordinary activities.

**Tangible fixed assets**

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.  
Plant and machinery - 25% on reducing balance

All fixed assets are initially recorded at cost.

**Stocks**

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

**Taxation**

Taxation for the year comprises current and deferred tax. Tax is recognised in the Statement of Income and Retained Earnings, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

**Notes to the Financial Statements - continued

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.
