Introduction

- 1 1 This report provides an update on the progress in the liquidation of Paxton Distribution Services Limited (the **Company**) I was appointed Liquidator of the Company at the first meeting of creditors held on 13 February 2013
- 1 2 I enclose at Appendix A an account of the Liquidator's Receipts and Payments for the period ended 19 December 2013 together with a comparison to the Director's Statement of Affairs values
- 2 **Realisation of Assets**
- 2 1 The Company's assets were shown by the Director in her estimated statement of affairs as at 13 February 2013 to be Book Debts in the approximate sum of £124,514 00, subject to a invoice discounting agreement with Lloyds TSB Commercial Finance Ltd ("LTSBCF")

2 2 A number of the book debts were paid directly into the Company's bank account as opposed to the LTSBCF Trust account. The approximate sum of £160,323 is due payable to LTSBCF leaving a resultant shortfall in the region of £35,809. The Director petitioned for her own bankruptcy and a Bankruptcy Order was made in the Bradford County Court (No 159 of 2013) on 15 May 2013.

2 3 The Director has contributed the sum of £6,600 in respect of the Liquidator's costs.

2 4 There have been no estate asset realisations achieved in this Liquidation.

3 Investigations

3 1 In accordance with the Company Directors Disqualification Act 1986 the Liquidator has submitted a report on the conduct of the Director of the Company to the Department for Business, Innovation & Skills ("BIS"). As this is a confidential report, I am not able to disclose the contents.

3 2 The Liquidator also has a duty to investigate the extent of the Company's assets including potential claims against third parties including the Director, and to report her findings, subject to considerations of privilege and confidentiality and whether those investigations and/or any potential litigation might be compromised.

3 3 The preliminary assessment of the conduct of the Company's affairs prior to winding up did reveal certain matters that it was in the interest of creditors for the Liquidator to pursue. These investigations did not lead to any further realisations for the benefit of the estate and accordingly I am not conducting or proposing to conduct any further, more detailed investigations.

4 Creditors

Secured Creditors and the Prescribed Part

4 1 There is one secured creditor in this liquidation. LTSBCF hold security over the Company's assets in the form of a debenture created on 26 July 2012 and registered on 27 July 2012 which created a fixed and floating charge.

Preferential Creditors

4 2 There is one preferential creditor in this liquidation. The National Insurance Fund claims the sum of £8,761.29 preferentially in respect of payments made to former employees of the Company for claims for wages and holiday pay.

The Prescribed Part

- 4 3 Where a Company has granted security over its assets which includes a qualifying floating charge the Liquidator is obliged to consider setting aside a proportion of net property, which would otherwise be available to the holder of floating charge security over the Company's assets, for the benefit of unsecured creditors (known as "the Prescribed Part")
- 4 4 These provisions will not have any practicable effect on this Company as there is no likelihood of any dividend to any class of creditor

Unsecured Creditors

- 4 5 The Liquidator has received claims totalling £133,075 74 from 18 creditors. I have yet to receive claims from 17 creditors whose debts total £474,672 15 per the Director's Statement of Affairs

Notice of no dividend

- 4 6 Assets realised have been utilised fully in contributing towards defraying the administrative costs of the liquidation
- 4 7 Formal Notice given in accordance with Rule 11 7 that no funds are expected to become available to enable any form of distribution to be made to any class of creditor was sent with my progress report dated 21 October 2013

5 Liquidator's Remuneration, Disbursements and Expenses

Basis of the Liquidator's remuneration

- 5 1 At the initial meeting of creditors held pursuant to Section 98 of the Act on 13 February 2013 it was resolved that the Liquidator would be remunerated by reference to the time properly spent in dealing with this matter at Walsh Taylor's standard charging rates, and that her disbursements would be drawn in accordance with Walsh Taylor's standard tariff (see Appendix E)
- 5 2 Apart from a small increase in stationery charges to reflect the increased costs associated therein, there have been no increases to Walsh Taylor's charge out rates or disbursement tariff since then

Remuneration charged and disbursements incurred

- 5 3 In aggregate, the Liquidator's post liquidation time costs as at 19 December 2013 total £9,482 50 in respect of 51 90 hours at an average hourly rate of £182 71

5 4 Disbursements incurred are summarised at Appendix C

Remuneration and disbursements drawn

5 5 As at the date of this report no monies have been drawn by way of Liquidator's remuneration

5 6 Details of disbursements drawn are set out in Appendix C

Liquidation expenses charged and drawn

5 7 Details of the costs incurred and paid by the Liquidator in relation to liquidation expenses are also attached at Appendix C

5 8 I comment specifically that at the first meeting of creditors held on 13 February 2013 it was resolved that the fees and disbursements of Walsh Taylor for assisting the Director in convening the statutory meetings to place the Company into liquidation and for assistance in preparing the Statement of Affairs would be a set fee of £10,000 plus VAT, to be paid out of the assets of the Company, together with disbursements incurred

5 9 The sum of £5,828 94 has been drawn in this respect

Creditors' Guide to Fees and Statement of Creditors' Rights

5 10 If you require any further information with respect to a Liquidator's remuneration, disbursements and expenses, please see Appendix E This document also includes a statement of creditors' rights

6 Conclusion

6 1 This report together with final meetings of members and creditors concludes my administration Details of the final meetings and resolutions considered have been circulated with this report

6 2 If you require any further information please do not hesitate to contact me at the above address

Yours faithfully

A CREDITORS' GUIDE TO LIQUIDATORS' FEES

ENGLAND AND WALES

1 Introduction

1.1 When a company goes into liquidation the costs of the proceedings are paid out of its assets. The creditors who hope to recover some of their debts out of the assets therefore have a direct interest in the level of costs and in particular the remuneration of the insolvency practitioner appointed to act as liquidator. The insolvency legislation recognises this interest by providing mechanisms for creditors to fix the basis of the liquidator's fees. This guide is intended to help creditors be aware of their rights to approve and monitor fees, explain the basis on which fees are fixed and how creditors can seek information about expenses incurred by the liquidator and challenge those they consider to be excessive.

2 Liquidation procedure

2.1 Liquidation (or winding up) is the most common type of corporate insolvency procedure. Liquidation is the formal winding up of a company's affairs entailing the realisation of its assets and the distribution of the proceeds in a prescribed order of priority. Liquidation may be either voluntary when it is instituted by resolution of the shareholders or compulsory when it is instituted by order of the court.

2.2 Voluntary liquidation is the more common of the two. An insolvent voluntary liquidation is called a creditors' voluntary liquidation (often abbreviated to CVL). In this type of liquidation an insolvency practitioner acts as liquidator throughout and the creditors can vote on the appointment of the liquidator at the first meeting of creditors.

2.3 In a compulsory liquidation on the other hand, the function of liquidator is in most cases initially performed not by an insolvency practitioner but by an official called the official receiver. The official receiver is an officer of the court and an official belonging to The Insolvency Service. In most compulsory liquidations the official receiver becomes liquidator immediately on the making of the winding up order. Where there are significant assets an insolvency practitioner will usually be appointed to act as liquidator in place of the official receiver either at a meeting of creditors convened for the purpose or directly by The Insolvency Service on behalf of the Secretary of State. Where an insolvency practitioner is not appointed the official receiver remains liquidator.

2.4 Where a compulsory liquidation follows immediately on an administration the court may appoint the former administrator to act as liquidator. In such cases the official receiver does not become liquidator. An administrator may also subsequently act as liquidator in a CVL.

3 The liquidation committee

3.1 In a liquidation (whether voluntary or compulsory) the creditors have the right to appoint a committee called the liquidation committee with a minimum of 3 and a maximum of 5 members to monitor the conduct of the liquidation and approve the liquidator's fees. The committee is usually established at the creditors' meeting which appoints the liquidator, but in cases where a liquidation follows immediately on an administration any committee established for the purposes of the administration will continue in being as the liquidation committee.

3.2 The liquidator must call the first meeting of the committee within 6 weeks of its establishment (or his appointment if that is later) and subsequent meetings must be held either at specified dates agreed by the committee, or when requested by a member of the committee or when the liquidator decides he needs to hold one. The liquidator is required to report to the committee at least every 5 months on the

progress of the liquidation unless the committee directs otherwise. This provides an opportunity for the committee to monitor and discuss the progress of the insolvency and the level of the liquidator's fees.

4 Fixing the liquidator's remuneration

4.1 The basis for fixing the liquidator's remuneration is set out in Rules 4.127 – 4.127B of the Insolvency Rules 1986. The Rules state that the remuneration shall be fixed

- as a percentage of the value of the assets which are realised or distributed or both,
- by reference to the time properly given by the liquidator and his staff in attending to matters arising in the liquidation or
- as a set amount.

Any combination of these bases may be used to fix the remuneration and different bases may be used for different things done by the liquidator. Where the remuneration is fixed as a percentage different percentages may be used for different things done by the liquidator.

It is for the liquidation committee (if there is one) to determine on which of these bases or combination of bases the remuneration is to be fixed. Where it is fixed as a percentage it is for the committee to determine the percentage or percentages to be applied. Rule 4.127 says that in arriving at its decision the committee shall have regard to the following matters:

- the complexity (or otherwise) of the case
- any responsibility of an exceptional kind or degree which falls on the liquidator in connection with the insolvency
- the effectiveness with which the liquidator appears to be carrying out, or to have carried out, his duties,
- the value and nature of the assets which the liquidator has to deal with.

4.2 If there is no liquidation committee or the committee does not make the requisite determination, the liquidator's remuneration may be fixed by a resolution of a meeting of creditors. The creditors take account of the same matters as apply in the case of the committee. A resolution specifying the terms on which the liquidator is to be remunerated may be taken at the meeting which appoints the liquidator.

4.3 If the remuneration is not fixed as above it will be fixed in one of the following ways. In a CVL it will be fixed by the court on application by the liquidator, but the liquidator may not make such an application unless he has first tried to get his remuneration fixed by the committee or creditors as described above and in any case not later than 18 months after his appointment. In a compulsory liquidation it will be in accordance with a scale set out in the Rules.

4.4 Where the liquidation follows directly on from an administration in which the liquidator had acted as administrator the basis of remuneration fixed in the administration continues to apply in the liquidation (subject to paragraph 8 below).

5 Review of remuneration

Where there has been a material and substantial change in circumstances since the basis of the liquidator's remuneration was fixed, the liquidator may request that it be changed. The request must be made to the same body as initially approved the remuneration and the same rules apply as to the original approval.

6 What information should be provided by the liquidator?

6.1 When fixing bases of remuneration

6.1.1 When seeking agreement for the basis or bases of remuneration the liquidator should provide sufficient supporting information to enable the committee or the creditors to make an informed judgement as to whether the basis sought is appropriate having regard to all the circumstances of the case. The nature and extent of the information provided will depend on the stage during the conduct of the case at which approval is being sought. The appendix to this guide sets out a suggested format for the provision of information.

6.1.2 If any part of the remuneration is sought on a time costs basis the liquidator should provide details of the minimum time units used and current charge-out rates, split by grades of staff of those people who have been or who are likely to be involved in the time costs aspects of the case.

6.1.3 The liquidator should also provide details and the cost of any work that has been or is intended to be sub-contracted out that could otherwise be carried out by the liquidator or his or her staff.

6.1.4 If work has already been carried out, the liquidator should state the proposed charge for the period to date and provide an explanation of what has been achieved in the period and how it was achieved, sufficient to enable the progress of the case to be assessed and whether the proposed charge is reasonable in the circumstances of the case. Where the proposed charge is calculated on a time costs basis the liquidator should disclose the time spent and the average charge-out rates in larger cases split by grades of staff and analysed by appropriate activity. The liquidator should also provide details and the cost of any work that has been sub-contracted out that could otherwise be carried out by the liquidator or his or her staff.

6.2 After the bases of remuneration have been fixed

The liquidator is required to send progress reports to creditors at specified intervals (see paragraph 7.1 below). When reporting periodically to creditors in addition to the matters specified in paragraph 7.1, the liquidator should provide an explanation of what has been achieved in the period under review and how it was achieved, sufficient to enable the progress of the case to be assessed. Creditors should be able to understand whether the remuneration charged is reasonable in the circumstances of the case (whilst recognising that the liquidator must fulfil certain statutory obligations and regulatory requirements that might be perceived as bringing no added value for the estate). Where any remuneration is on a time costs basis the liquidator should disclose the charge in respect of the period, the time spent and the average charge-out rates in larger cases split by grades of staff and analysed by appropriate activity. If there have been any changes to the charge-out rates during the period under review, rates should be disclosed by grades of staff split by the periods applicable. The liquidator should also provide details and the cost of any work that has been sub-contracted out that could otherwise be carried out by the liquidator or his or her staff.

6.3 Disbursements and other expenses

6.3.1 Costs met by and reimbursed to the liquidator in connection with the liquidation should be appropriate and reasonable. Such costs will fall into two categories:

- Category 1 disbursements. These are costs where there is specific expenditure directly referable both to the liquidation and a payment to an independent third party. These may include for example advertising, room hire, storage postage, telephone charges, travel expenses and equivalent costs reimbursed to the liquidator or his or her staff.

- Category 2 disbursements. These are costs that are directly referable to the liquidation but not to a payment to an independent third party. They may include shared or allocated costs that can be allocated to the liquidation on a proper and reasonable basis, for example, business mileage.

Category 1 disbursements can be drawn without prior approval, although the liquidator should be prepared to disclose information about them in the same way as any other expenses. Category 2 disbursements may be drawn if they have been approved in the same manner as the liquidator's remuneration. When seeking approval the liquidator should explain, for each category of expense, the basis on which the charge is being made.

6.3.2 The following are not permissible:

- a charge calculated as a percentage of remuneration
- an administration fee or charge additional to the liquidator's remuneration
- recovery of basic overhead costs such as office and equipment, rental, depreciation and finance charges

6.4 Realisations for secured creditors

Where the liquidator realises an asset on behalf of a secured creditor and receives remuneration out of the proceeds (see paragraph 11.1 below) he should disclose the amount of that remuneration to the committee (if there is one) to any meeting of creditors convened for the purpose of determining his fees and in any reports he sends to creditors.

7 Progress reports and requests for further information

7.1 The liquidator is required to send annual progress reports to creditors. The reports must include:

- details of the basis fixed for the remuneration of the liquidator (or if not fixed at the date of the report, the steps taken during the period of the report to fix it)
- if the basis has been fixed, the remuneration charged during the period of the report, irrespective of whether it was actually paid during that period (except where it is fixed as a set amount, in which case it may be shown as that amount without any apportionment for the period of the report)
- if the report is the first to be made after the basis has been fixed, the remuneration charged during the periods covered by the previous reports together with a description of the work done during those periods, irrespective of whether payment was actually made during the period of the report
- a statement of the expenses incurred by the liquidator during the period of the report, irrespective of whether payment was actually made during that period
- a statement of the creditors' rights to request further information as explained in paragraph 7.2, and their right to challenge the liquidator's remuneration and expenses

7.2 Within 21 days of receipt of a progress report (or 7 business days where the report has been prepared for the purposes of a meeting to receive the liquidator's resignation) a creditor may request the liquidator to provide further information about the remuneration and expenses set out in the report. A request must be in writing, and may be made either by a secured creditor or by an unsecured creditor with the concurrence of at least 5% in value of unsecured creditors (including himself) or the permission of the court.

7.3 The liquidator must provide the requested information within 14 days unless he considers that:

- the time and cost involved in preparing the information would be excessive or

10	What if the liquidator is dissatisfied?	
	If the liquidator considers that the remuneration fixed by the liquidation committee or in the preceding administration is insufficient or that the basis used to fix it is inappropriate he may request that the amount or rate be increased or the basis changed by resolution of the creditors. If he considers that the remuneration fixed by the liquidation committee the creditors in the preceding administration or in accordance with the statutory scale is insufficient or that the basis used to fix it is inappropriate he may apply to the court for the amount or rate to be increased or the basis changed. If he decides to apply to the court he must give at least 14 days' notice to the members of the committee and the committee may nominate one or more of its members to appear or be represented at the court hearing. If there is no committee the liquidator's notice of his application must be sent to such of the creditors as the court may direct, and they may nominate one or more of their number to appear or be represented. The court may order the costs to be paid out of the assets.	If the liquidator considers that the remuneration fixed by the liquidation committee or in the preceding administration is insufficient or that the basis used to fix it is inappropriate he may request that the amount or rate be increased or the basis changed by resolution of the creditors. If he considers that the remuneration fixed by the liquidation committee the creditors in the preceding administration or in accordance with the statutory scale is insufficient or that the basis used to fix it is inappropriate he may apply to the court for the amount or rate to be increased or the basis changed. If he decides to apply to the court he must give at least 14 days' notice to the members of the committee and the committee may nominate one or more of its members to appear or be represented at the court hearing. If there is no committee the liquidator's notice of his application must be sent to such of the creditors as the court may direct, and they may nominate one or more of their number to appear or be represented. The court may order the costs to be paid out of the assets.
11	Other matters relating to remuneration	
11.1	Where the liquidator realises assets on behalf of a secured creditor he is entitled to be remunerated out of the proceeds of sale in accordance with a scale set out in the Rules. Suggested format for the provision of information

Professional guidance issued to insolvency practitioners sets out the following suggested format for the provision of information when seeking approval of remuneration. However, the level of disclosure suggested below may not be appropriate in all cases and will be subject to considerations of proportionality. In larger or more complex cases the circumstances of each case may dictate the information provided and its format.

Narrative overview of the case

In all cases, reports on remuneration should provide a narrative overview of the case. Matters relevant to an overview are:

- the complexity of the case
- any exceptional responsibility falling on the liquidator
- the liquidator's effectiveness
- the value and nature of the property in question

The information provided will depend upon the basis or bases being sought or reported upon and the stage at which it is being provided. An overview might include:

- an explanation of the nature and the liquidator's own initial assessment of the assignment (including the anticipated return to creditors) and the outcome (if known)
- initial views on how the assignment was to be handled, including decisions on staffing or subcontracting and the appointment of advisers
- any significant aspects of the case, particularly those that affect the remuneration and cost expended
- the reasons for subsequent changes in strategy,
- the steps taken to establish the views of creditors, particularly in relation to agreeing the strategy for the assignment, budgeting and fee drawing
- any existing agreement about remuneration
- details of how other professionals, including subcontractors, were chosen, how they were contracted to be paid and what steps have been taken to review their fees
- in a larger case, particularly if it involved trading, considerations about staffing and managing the assignment and how strategy was set and reviewed
- details of work undertaken during the period
- any additional value brought to the estate during the period for which the liquidator wishes to claim increased remuneration

Time cost basis

Where any part of the remuneration is or is proposed to be calculated on a time costs basis, requests for and reports on remuneration should provide:

- An explanation of the liquidator's time charging policy, clearly stating the units of time that have been used, the grades of staff and rates that have been charged to the assignment, and the policy for recovering the cost of support staff. There is an expectation that time will be recorded in units of not greater than 6 minutes
- A description of work carried out, which might include:
 - details of work undertaken during the period, related to the table of time spent for the period
 - an explanation of the grades of staff used to undertake the different tasks carried out and the reasons why it was appropriate for those grades to be used
 - any comments on any figures in the summary of time spent accompanying the request the liquidator wishes to make
- Time spent and charge-out summaries in an appropriate format

It is useful to provide time spent and charge-out value information in a tabular form for each of the time periods reported upon, with work classified (and sub-divided) in a way relevant to the circumstances of the case.

The following areas of activity are suggested as a basis for the analysis of time spent:

- Administration and planning
- Investigations
- Realisation of assets
- Trading
- Creditors
- Any other case-specific matters

The following categories are suggested as a basis for analysis by grade of staff:

- Partner
- Manager
- Other senior professionals
- Assistants and support staff

The level of disclosure suggested above will not be appropriate in all cases, and considerations of proportionality will apply.

- where cumulative time costs are and are expected to be less than £10,000 the liquidator should, as a minimum, state the number of hours and average rate per hour and explain any unusual features of the case
- where cumulative time costs are, or are expected to be, between £10,000 and £50,000, a time and charge-out summary similar to that shown above will usually provide the appropriate level of detail (subject to the explanation of any unusual features)
- where cumulative time costs exceed or are expected to exceed £50,000, further and more detailed analysis or explanation will be warranted
