1 Accounting Policies

Basis of measurement and preparation of accounts

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008). In my opinion, on the basis of information and enquiries that are pertinent to the company's circumstances and which I believe to be adequate, it is appropriate to continue to treat the company as a going concern. In particular I believe that adequate cash resources will be available to cover the company's requirements for working capital for at least twelve months from the date of signing the financial statements.

Turnover policy

The turnover shown in the profit and loss account represents amounts invoiced during the year.

Tangible assets depreciation policy
