ARTISAN PARTNERS LIMITED

STRATEGIC REPORT

YEAR ENDED 31 DECEMBER 2022

The Directors present their strategic report of Artisan Partners Limited ("the Company") for the year ended 31 December 2022.

REVIEW OF THE BUSINESS

Principal activities, business review and future developments

The principal activity of the Company in the year was to act as the founder member to Artisan Partners UK LLP ("The LLP"). There have not been any significant changes in the Company's principal activities in the year under review.

The principal activity of the LLP in the year was the provision of distribution and equity analysis services to Artisan Partners Limited Partnership (an entity established under the laws of the USA).

The results for the year and the financial position at the year-end were considered satisfactory by the Directors. The Directors do not anticipate any change in the nature of these activities going forward. No capital was contributed by Artisan Partners Holdings LP (2021: £Nil) during the year.

Principal risks and uncertainties

The principal risks and uncertainties affecting the Company relate to the performance of the LLP and the underlying funds it distributes / provides equity analysis services to and the impact that poor performance has on the ability of the Artisan Group to attract and retain investors. The funds advised by the Artisan Group and its affiliates are subject to various market, counterparty, operational and regulatory risks that can ultimately have an impact on the business. To the extent possible the Company continues to monitor and improve its controls and processes to provide the proper infrastructure to act effectively as the principal member of the LLP.

Results and dividend

The profit for the financial year, after taxation, amounted to £757,774 (2021: £7,665,955). No dividend was declared by the Directors in 2022 (2021: £2,600,000). The Directors do not recommend any further dividends in 2022 (2021: £Nil). The statement of comprehensive income is shown on page 8.

Key performance indicators ("KPIs")

The Company's activities relate directly to those of its Parent undertaking Artisan Partners Holdings LP. The key performance indicators are therefore linked to those of Artisan Partners Holdings LP which relate to the growth of funds under management and the performance of the funds managed. Given the straightforward nature of the business, the Directors are of the opinion that analysis using KPIs is not necessary for an understanding of the development, performance or position of the business.

STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE FINANCIAL STATEMENTS

The directors are responsible for preparing the Annual report and the financial statements in accordance with applicable law and regulation.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with UK-adopted international accounting standards.

Under company law, directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing the financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable UK-adopted international accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are also responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006.

DIRECTORS' CONFIRMATIONS

In the case of each director in office at the date the directors' report is approved:

- so far as the director is aware, there is no relevant audit information of which the company's auditors are unaware; and
- they have taken all the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the company's auditors are aware of that information.

The indemnity was in force throughout the last financial year and is currently in force. The Company also purchased and maintained throughout the year Directors' and Officers' liability insurance in respect of itself and its Directors.

ARTISAN PARTNERS LIMITED

INDEPENDENT AUDITORS' REPORT TO THE DIRECTORS OF ARTISAN PARTNERS LIMITED

YEAR ENDED 31 DECEMBER 2022

Report on the audit of the financial statements

Opinion

In our opinion, Artisan Partners Limited's financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2022 and of its result for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, including FRS 101 "Reduced Disclosure Framework", and applicable law); and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the Annual Report, which comprise: the Statement of financial position as at 31 December 2022; Statement of comprehensive income, the Statement of changes in equity for the year then ended; and the notes to the financial statements, which include a description of the significant accounting policies.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

However, because not all future events or conditions can be predicted, this conclusion is not a guarantee as to the company's ability to continue as a going concern.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Reporting on other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Strategic report and Directors' report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on our work undertaken in the course of the audit, the Companies Act 2006 requires us also to report certain opinions and matters as described below.

ARTISAN PARTNERS LIMITED

INDEPENDENT AUDITORS' REPORT TO THE DIRECTORS OF ARTISAN PARTNERS LIMITED

YEAR ENDED 31 DECEMBER 2022

Strategic Report and Directors' Report

In our opinion, based on the work undertaken in the course of the audit, the information given in the Strategic report and Directors' report for the year ended 31 December 2022 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

In light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we did not identify any material misstatements in the Strategic report and Directors' report.

Responsibilities for the financial statements and the audit

Responsibilities of the directors for the financial statements

As explained more fully in the Statement of Directors' responsibilities in respect of the financial statements, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the company and industry, we identified that the principal risks of non-compliance with laws and regulations related to breaches of UK regulatory principles, such as those governed by the Financial Conduct Authority as applicable to private limited companies, and we considered the extent to which non-compliance might have a material effect on the financial statements. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to the posting of inappropriate journal entries to administrative expenses. Audit procedures performed by the engagement team included:

- Discussions with management, and review of relevant director's meeting minutes, including consideration of known or suspected instances of non-compliance with laws and regulations and fraud
- Understanding of management's internal controls designed to prevent and detect irregularities
- Testing journal entries, with a focus on journals indicating unusual transactions based on our understanding of the business
- Designing audit procedures to incorporate unpredictability around the nature, timing or extent of our testing

There are inherent limitations in the audit procedures described above. We are less likely to become aware of instances of non-compliance with laws and regulations that are not closely related to events and transactions reflected in the financial statements. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.
