The Directors' Report

Year ended 31 December 2012

The directors present their report and the financial statements of the company for the year ended 31 December 2012

Principal activities and business review

The principal activity of the company was, and will continue to be, that of a holding company. The material investments of the company are shown in note 5.

At 31 December 2012 the company was a wholly owned subsidiary undertaking of Virgin Media Inc. On 5 February 2013, Liberty Global, Inc. and Virgin Media Inc. entered into a merger agreement ("the Merger Agreement"). Pursuant to the Merger Agreement, Liberty Global, Inc. and Virgin Media Inc. completed a series of mergers on 7 June 2013 that resulted in the surviving corporations in the mergers becoming wholly owned subsidiaries of Liberty Global plc. This is referred to in more detail in the financial statements of Virgin Media Inc. which are available from the company secretary at Virgin Media, Bartley Wood Business Park, Hook, Hampshire, RG27 9UP.

The Virgin Media group ("the group") will continue to operate under the Virgin Media brand in the UK.

The group is a leading entertainment and communications business, being a "quad play" provider of broadband internet, television, mobile telephony and fixed line telephony services.

As of 31 December 2012, the group provided services to approximately 4.9 million residential cable customers on its network. The group is also one of the UK's largest mobile virtual network operators by number of customers, providing mobile telephony service to 1.7 million contract mobile customers and 1.3 million prepay mobile customers over third party networks. As of 31 December 2012, 85% of residential customers on the group's cable network received multiple services from the group, and 65% were "triple play" customers, receiving broadband internet, television and fixed line telephony services from the group.

The group believes that its advanced, deep fibre access network enables it to offer faster and higher quality broadband services than its digital subscriber line, or DSL, competitors. As a result it provides its customers with a leading next generation broadband service and one of the most advanced TV on-demand services available in the UK market.

Through Virgin Media Business, the group provides a complete portfolio of voice, data and internet solutions to businesses, public sector organisations and service providers in the UK.

Future outlook

Detail of the future outlook of the group is provided in Virgin Media Inc.'s financial statements and annual report for 2012, which are available from the company secretary at Virgin Media, Bartley Wood Business Park, Hook, Hampshire, RG27 9UP.

Results and dividends

The result for the financial year amounted to £nil (2011 - loss of £400,000). The directors have not recommended an ordinary dividend (2011 - £nil).

Statement of Directors' Responsibilities

Year ended 31 December 2012

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that year.

In preparing those financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgments and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's member, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's member those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's member, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the report and financial statements to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 31 December 2012 and of its result for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Virgin Media Investments Limited

Notes to the Financial Statements

Year ended 31 December 2012

1. Accounting policies

A summary of the principal accounting policies is set out below. All accounting policies have been applied consistently, unless noted below.

Basis of accounting

The financial statements have been prepared under the historical cost convention in accordance with the Companies Act 2006, and applicable UK accounting standards.

Group accounts

The company has taken advantage of the exemption from preparing group accounts afforded by Section 400 of the Companies Act 2006 because it is a wholly owned subsidiary of another company incorporated in the United Kingdom which prepares group accounts (see note 10). These financial statements therefore present information about the company as an individual undertaking and not about its group.

Investments

Investments are recorded at cost, less provision for impairment as appropriate. The company assesses at each reporting date whether there is an indication that an investment may be impaired. If any such indication exists, the company makes an estimate of the investment's recoverable amount. Where the carrying amount of an investment exceeds its recoverable amount, the investment is considered impaired and is written down to its recoverable amount. A previously recognised impairment loss is reversed only if there was an event not foreseen in the original impairment calculations, such as a change in use of the investment or a change in economic conditions. The reversal of impairment loss would be to the extent of the lower of the recoverable amount and the carrying amount that would have been determined had no impairment loss been recognised for the investment in prior years.

Cash flow statement

The company is exempt from publishing a cash flow statement as permitted by FRS 1 "Cash flow statements (revised 1996)", as it is a wholly owned subsidiary of its ultimate parent company.

2. Operating loss

Operating loss is stated after charging

	2012	2011
	£000	£000
Increase in investment impairment provision	—	400

The impairment review of investments as at 31 December 2012 concluded that no provision was required (2011 - £400,000).

Auditor's remuneration of £2,000 (2011 - £2,000) represents costs attributed to the company, all of which is borne by a fellow group undertaking that pays all auditor's remuneration on behalf of the group.

The directors received remuneration for the year of £1,000 (2011 - £1,000) in relation to qualifying services as directors of this company, all of which was paid by Virgin Media Limited.

Virgin Media Investments Limited

Notes to the Financial Statements

Year ended 31 December 2012

3. Staff costs

The company does not have any directly employed staff and is not charged an allocation of staff costs by the group

4. Taxation on loss on ordinary activities

The tax charge is made up as follows

	2012 £000	2011 £000
Current tax charge:		
Current tax on loss for the year	-	-
Total current tax	-	-
Deferred tax:		
Origination and reversal of timing differences	-	-
Total deferred tax	-	-
Total tax charge on loss on ordinary activities	-	-

The tax assessed on the loss on ordinary activities for the year is the same as (2011 - higher) the standard rate of corporation tax in the UK of 24.50% (2011 - 26.50%). The differences are explained below

	2012 £000	2011 £000
Loss on ordinary activities before taxation	-	(400)
Loss on ordinary activities multiplied by rate of tax	-	(106)
Effects of Expenses not deductible for tax purposes	-	106
Total current tax	-	-

Factors affecting current and future tax charges

During the year the main rate of corporation tax reduced from 26% to 24% with effect from 1 April 2012. A number of changes to the UK corporation tax system were announced in the March 2013 Budget Statement. The Finance Act 2012, which was enacted and received Royal Assent on 17 July 2012, reduced the main rate of corporation tax to 23% from 1 April 2013.

Legislation to reduce the main rate of corporation tax from 23% to 21% from 1 April 2014 and to 20% from 1 April 2015 was included in the Finance Act 2013 which was enacted in July 2013. These rate reductions had not been substantively enacted at the balance sheet date and therefore are not included in these financial statements. The rate changes will affect the amount of future tax payments to be made by the company.

The company has taken advantage of Section 409 of the Companies Act 2006 and disclosed only those investments whose results or financial position materially affected the figures shown in the company's annual financial statements

6 Contingent liabilities

The company, along with fellow group undertakings, is party to a senior secured credit facility with a syndicate of banks. As at 31 December 2012 this comprised a term facility of £750 million and a revolving facility of £450 million. Borrowings under the facility are secured against the assets of certain members of the group including those of the company.

In addition, a fellow group undertaking has issued senior secured notes which, subject to certain exceptions, share the same guarantees and security which have been granted in favour of the senior credit facility. The amount outstanding under the senior secured notes at 31 December 2012 amounted to £2,582 million (2011 - £2,575 million). Borrowings under the notes are secured against the assets of certain members of the group including those of the company.

With the exception of the revolving credit facility, all available amounts were borrowed under the new senior secured credit facility in June 2013, with an equivalent aggregate value of £2,733 million. The new senior secured credit facility ranks pari passu with the group's existing senior secured notes, and subject to certain exceptions, shares in the same guarantees and security granted in favour of its existing senior secured notes. The borrowings on the new senior secured credit facility were used in part to repay in full the borrowings on the previous senior secured credit facility.

On 7 June 2013, upon completion of the merger, two senior secured notes issued by a subsidiary of Liberty Global, Inc. on 22 February 2013, with an equivalent aggregate principal amount of £1,744 million due in 2021, were pushed down to Virgin Media Secured Finance PLC, a fellow group undertaking of the company. The notes are split into a \$1,000 million US dollar denominated tranche and a £1,100 million sterling denominated tranche. The new senior secured notes rank pari passu with the group's existing senior secured notes and senior secured credit facility, and subject to certain exceptions, share in the same guarantees and security granted in favour of its existing senior secured notes. On 11 June 2013, the net proceeds of the issuance of the senior secured notes were in part used to repay an equivalent aggregate amount of £55 million of the group's existing senior secured notes.
