NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 30 APRIL 2013

1 ACCOUNTING POLICIES

1.1 Basis of preparation of financial statements

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

1.2 Going concern

The accounts have been prepared on the going concern basis on the understanding that the bank continue to provide the current level of facilities. On this basis the director considers it appropriate to prepare financial statements on a going concern basis.

During the year the company has entered into a creditors voluntary agreement. The directors believe that they will be able to meet the terms of this agreement and therefore consider it appropriate to prepare financial statements on a going concern basis

The financial statements do not include any adjustments that would result from the withdrawal of the bank support or if the company were not to meet the terms of the CVA

1.3 Turnover

Services are usually provided on a continuous basis, fees being accounted for as work is performed, in accordance with Financial Reporting Standard 5 and UITF40.

1.4 Intangible fixed assets and amortisation

Goodwill is the difference between amounts paid on the acquisition of a business and the fair value of the identifiable assets and liabilities. It is amortised to the Profit and Loss Account over its estimated economic life

Amortisation is provided at the following rates

Goodwill - 5% straight line

1.5 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases.

S/Term Leasehold Property - 25% reducing balance
Motor vehicles - 25% reducing balance
Fixtures & fittings - 25% reducing balance
Computer equipment - 25% reducing balance

1.6 Leasing and hire purchase

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible fixed assets. Assets acquired by finance lease are depreciated over the shorter of the lease term and their useful lives. Assets acquired by hire purchase are depreciated over their useful lives. Finance leases are those where substantially all of the benefits and risks of ownership are assumed by the company. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the Profit and Loss Account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.
