PART 1 - GENERAL DESCRIPTION OF THE COMPANY'S ACTIVITIES AND IMPACT

In the space provided below, please insert a general account of the company's activities in the financial year to which the report relates, including a description of how they have benefited the community.

- The company has benefitted certain members of its community (ie disabled people in need of independent mobility) by arranging for loan powerchairs to be provided whilst they are awaiting delivery of their actual machine. We operate a fleet of loan machines so that children at the critically important development age of 12 to 24 months and adults can get mobile as soon as feasible.
- To help provide more support, the fundraising campaign, "2000 Lives Set In Motion" which was initiated in 2014 was continued (see www.2000Lives.org)
- Staff (who are unpaid) and volunteers provide guidance on fund-raising to prospective users and have helped users to set up appropriate web pages to facilitate funding.
- Advice was given by the Director to clients about disability and living an integrated life.
- Advice has been given to people on living with mobility difficulties. Advice has ranged from how best to adapt houses through to recommending specialist medical professionals.

(If applicable, please just state "A social audit report covering these points is attached")

PART 2 – CONSULTATION WITH STAKEHOLDERS – Please indicate who the company's stakeholders are, how the stakeholders have been consulted and what action, if any, has the company taken in response to feedback from its consultations? If there has been no consultation, this should be made clear

The company's stakeholders continue to be current, past and prospective users of Dragonmobility powerchairs along with their families and health professionals

Stakeholders are consulted formally over user-specific issues (such as the loan of a powerchair) but most consultation occurs informally via social media such as Facebook and Twitter

The community of users provide feedback on what they need from their powerchairs and support. They also seek advice on general matters such as taking their powerchair on an aeroplane
