1 ACCOUNTING POLICIES

Accounting conventions

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (2008)

Turnover

Turnover represents the total amount of fees receivable and grants received. Grants are accounted for on a receipts basis.

Depreciation

Computer equipment	25%	Reducing balance
Office equipment	15%	Reducing balance

Deferred Taxation

Deferred tax arises as a result of including items of income and expenditure in taxation computations in periods different from those in which they are included in the company's accounts. Deferred tax is provided in full on timing differences which result in an obligation to pay more or less tax at a future date, at the average tax rates that are expected to apply when the timing differences reverse, based on current tax rates and laws.

Deferred tax is not provided on timing differences arising from the revaluation of fixed assets where there is no commitment to sell the asset.
