The value of any Charged Property appropriated in accordance with this clause shall be the price of that Charged Property at the time the right of appropriation is exercised as listed on any recognised market index, or determined by such other method as the Secured Party may select (including independent valuation). The

Secured Party agrees that the methods of valuation provided for in this clause are commercially reasonable for the purposes of the Financial Collateral Regulations.

The Secured Party may concede or compromise any claim that any payment, security or disposition is liable to avoidance, refund or reduction.

11 **Assignments, Transfers and Additional Companies**
