NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2021

1. STATUTORY INFORMATION

Communities and Housing Investment Consortium Limited is a private company, limited by guarantee, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Report Standard applicable in the UK and Republic of Ireland" and Companies act 2006. The financial statements have been prepared under the historical cost convention.

The financial statements are prepared in Sterling (£), which is the functional currency of the company. The financial statements are for the year ended 30 June 2021.

Going concern

The directors have assessed their cashflow and profit projections for a period of 12 months from the approval of these financial statements. Consideration has been given to the impact that the covid-19 pandemic may have on these projections. The directors consider that appropriate mitigations are in place to support any reduction in turnover and that it is appropriate to prepare these financial statements on a going concern basis.

Intangible assets

Intangible assets are initially measured at cost. After initial recognition, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

Computer software is being amortised evenly over its estimated useful life of two years.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery etc

- 5% on reducing balance

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income and expenditure account, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

2. ACCOUNTING POLICIES - continued

Deferred tax

1 ,

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to surplus or deficit on a straight line basis over the period of the lease.

Income

Income is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Income is recognised when provision of services has been confirmed. The trigger point for the provision of services is receipt of a capital spend report from a developer. This is then used to calculate the fee to be raised to the customer, which is at an agreed rate.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was NIL (2020 - NIL).
