Report of the directors for the year ended 31 December 2015

The directors present their report together with the audited financial statements for the year ended 31 December 2015.

Results and principal activities

The principal activity of the company in the year under review was that of a holding company of a property development business. That property development business is now complete and as a result the directors intend to cease trading and liquidate both the development company and this holding company. No adjustments are required to the financial statements as a result of this.

The Company made a profit before tax of £2,339,000 in the year (2014: loss before tax of £324,000).

In preparing this directors' report advantage has been taken of the small companies' exemption.

Directors

The following directors have held office since the beginning of the year:

P R Burslem
C K Hurley
J A Spring

Directors' responsibilities

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Auditors

Under section 487(2) of the Companies Act 2006, BDO LLP will be deemed to have been reappointed as auditors 28 days after these financial statements were sent to members or 28 days after the latest date prescribed for filing the accounts with the registrar, whichever is earlier.

The financial statements have been prepared under the historical cost convention and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland and the Companies Act 2006.

These financial statements are the first financial statements prepared under FR102. There were no adjustments to the financial statements following the transition to FRS102.

The Company has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by the FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland":

- the requirements of Section 7 Statement of Cash Flows;
- the requirements of Section 3 Financial Statement Presentation paragraph 3.17(d); and

The financial statements contain information about the company as an individual undertaking and do not contain consolidated financial information as the parent of the Group. The company is exempt under section 400 (b) of the Companies Act 2006 from the requirement to prepare consolidated financial statements as it is itself a subsidiary undertaking and is included in the consolidated financial statements of its ultimate parent company, Mount Anvil Group Limited.

1.6 Financial instruments

Financial assets

Financial assets, other than investments and derivatives, are initially measured at transaction price (including transaction costs) and subsequently held at cost, less any impairment.

Financial liabilities and equity

Financial liabilities, excluding convertible debt and derivatives, are initially measured at transaction price (including transaction costs) and subsequently held at amortised cost.

1.7 Current taxation

The tax expense for the year comprises current tax. Tax is recognised in the Statement of Comprehensive Income, except that a change attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the Statement of Financial Position date in the countries where the Company and the Group operate and generate income.
