NOTES TO THE ACCOUNTS FOR THE YEAR ENDED 30/06/2021

1. ACCOUNTING POLICIES

1a. Basis Of Accounting

The accounts have been prepared under the historical cost convention.

The accounts have been prepared in accordance with FRS102 section 1A - The Financial Reporting Standard applicable in the UK and Republic of Ireland and the Companies Act 2006.

1b. Depreciation

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.

Plant and Machinery reducing balance 25%
Fixtures and Fittings reducing balance 25%

1c. Stocks

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell (net realisable value). Costs, which comprise direct production costs, are based on the method most appropriate to the type of inventory class, but usually on a first-in-first-out basis. Overheads are charged to profit or loss as incurred. Net realisable value is based on the estimated selling price less any estimated completion or selling costs.

When stocks are sold, the carrying amount of those stocks is recognised as an expense in the period in which the related revenue is recognised. The amount of any write-down of stocks to net realisable value and all losses of stocks are recognised as an expense in the period in which the write-down or loss occurs. The amount of any reversal of any write-down of stocks is recognised as a reduction in the amount of stocks recognised as an expense in the period in which the reversal occurs.

1d. Pension Costs

The company operates a defined contribution pension scheme. The pension charge represents the amounts payable by the company to the fund in respect of the year.

1e. Goodwill

Goodwill arising in connection with the acquisition of businesses is capitalised and amortised over its estimated economic life to a maximum of 20 years. Goodwill is reviewed annually for impairment if events or changes in circumstances indicate that the carrying value may not be recoverable.
