4. PROGRESS DURING THE PERIOD

Receipts and Payments

Attached at Appendix 1 is our abstract of receipts and payments for the period from 9 April 2021 to 9 October 2021. The Principal matters to report in the period are as follows:

- Preparing for trial in respect of the preference / transaction at undervalue claims;
- Reviewing correspondence and documentation received from the Respondents and in particular review of the skeleton arguments, settlement offers received and subsequently accepted together with approval of the tomlin orders;
- Attending external meetings with solicitors and internal meetings with the case staff to discuss the settlement offers received;
- Carrying out all statutory obligations and duties including preparation and sending of our six-month progress report; and
- Dealing with the closure formalities.

What work has been done in the period of this report, why was that work necessary and what has been the financial benefit (if any) to creditors?

Details of the types of work that generally fall into the headings mentioned below are available on our firm's website - http://www.begbies-traynorgroup.com/work-details Under the following headings we have explained the specific work that has been undertaken on this case. Not every piece of work has been described, but we have sought to give a proportionate overview which provides sufficient detail to allow creditors to understand what has been done, why it was necessary and what financial benefit (if any) the work has provided to creditors.

The costs incurred in relation to each heading are set out in the Time Costs Analysis which is attached at Appendix 3. There is an analysis for the period of the report and also an analysis of time spent on the case since the date of our appointment.

The details below relate to the work undertaken in the period of the report only. Our previous reports contain details of the work undertaken since our appointment.

General case administration and planning

The administrators have carried out regular case reviews throughout the administration to ensure that matters have been progressed. The case strategy has been amended accordingly and internal discussions have been held as part of this.

General administrative tasks such as filing, file management and other tasks that do not relate to the below headings are also recorded to this heading. A full compliance review has been undertaken in the period, in order to ensure that the file is ready for closure including a review of all statutory and best practice compliance matters.

Whilst this work is of no direct financial benefit to creditors, we are required to maintain records to demonstrate how the case has been administered and to document the reasons for any decisions that materially affect the case.

Compliance with the Insolvency Act, Rules and best practice

During the period of this report, we have prepared and issued to all relevant parties our six-monthly progress report dated 6 May 2021 to provide an update to the creditors of the progress made during the administration. This report was filed at Companies House in order to meet statutory requirements. This final report has also been prepared and sent to all relevant parties.

Our cashier has spent time in reconciling the bank account.

We have also produced and sent our final report of the administration to all relevant parties and dealt with all closure formalities, including a full compliance review of the matter.

This work is not of direct financial benefit to creditors however is required in order to ensure that the matter remains compliant with the Act, Rules and best practice.

Realisation of assets

Preference / transaction at undervalue claims

As advised previously in our progress reports, claims were issued against third parties in the sum of £3m and those proceedings were listed for trial in Court between 17th and 19th May. We have spent further time in obtaining information that relates to the claims issued and dealing with the responses received in witness statements from the Respondents.

Prior to the trial, we received offers of settlement from the four Respondents which as advised in our last progress report, such claims were offered to the secured creditor for purchase or assignment. No offers of purchase or assignment were received.

The settlement offers received were dealt with on a case-by-case basis and reviewed alongside all management accounts and other information presented to the administrators and their solicitors. The initial settlement offers received were rejected despite the accounting information, which was analysed, confirming the threat of insolvency was real.

The four Respondents advised that they were not in positions to continue to fund legal proceedings and all four Respondents advised that should their increased settlement offers not be accepted then they would proceed to wind down the companies via an insolvency process and the individual party would proceed to enter into a personal insolvency process. All parties advised that they were taking advice from insolvency practitioners.

Following advice received from solicitors and consultation with the ATE insurers, the settlement offers were accepted as follows:

Name	Settlement Amount £	Received to date £
AIF 1 Limited	79,000	68,000
Access Commercial Investors 1 Limited	125,000	100,000
Access Property Finance Limited	30,000	30,000
Harper	30,000	30,000
TOTAL	264,000	228,000

The remaining outstanding amounts of £36,000 are due to be paid in October and have been assigned to Begbies Traynor (Central) LLP in order to discharge the outstanding fees and expenses incurred by our firm and third-party advisors. The receipts and payments account attached at Appendix 1 reflects all the settlement monies having been paid.

The ATE insurance premiums incurred total £250,635 however following an agreement reached with the insurers, they have agreed to accept a payment of 30% of the total amount in the sum of £75,190.

We have paid the sum of £10,154 in respect of counsel's fees for dealing with the above claims, which represents 34% of the total amount due of £29,500. Further details of the solicitors and counsel's fees incurred are dealt with in section 9 of this report.

Ovenden

During the period of this report, we have paid the sum of £22,024 to Crowdstacker, who held an equitable interest in the property known as The Ovenden.

Investigations

The administrators have exhausted all investigations and have formed the opinion that no further claims can be brought against third parties that will benefit the estate. The subsequently appointed liquidator will be a position to determine otherwise.

Dealing with all creditors' claims (including employees), correspondence and distributions

During the period of this report time has been spent corresponding with the secured and unsecured creditors.

Other matters which includes seeking decision of creditors via deemed consent procedure and/or decision procedures, tax, litigation, pensions and travel

We have dealt with the Company's tax and VAT returns in respect of the administration period.

A considerable amount of time has been spent in dealing with the litigation proceedings and the subsequent settlement agreements.

The administration was due to expire on 9 October 2021. In accordance with Paragraph 60 of Schedule B1 and Paragraph 21 of Schedule 1 of the Insolvency Act 1986, the administrators have the power to present a petition for the winding up of the Company. A winding up petition has been issued prior to the administration expiring and the Company will be subsequently wound up by the Court. This exit route from administration is at the instigation of the secured creditor, Crowdstacker Corporate Services Limited.

OUTCOME FOR CREDITORS

Secured creditor

Following the sale of the Company's asset known as the Ovenden Hotel, the sum of £161,888 was paid to ABL Rate ("ABL") in full settlement of its liability. This was paid to ABL in accordance with the mortgage over the Ovenden granted by the Company. Full details of the history of this matter and the security granted has been provided in our previous progress reports.

The sum of £22,024, being the balance of the funds realised, after costs, from the sale of the Company's asset known as the Ovenden Hotel has been paid to Crowdstacker Corporate Services Limited ("Crowdstacker").

There are insufficient realisations within the administration to enable a further distribution to Crowdstacker

Preferential creditors

There have been insufficient realisations to pay a dividend to the preferential creditors.

Prescribed Part for unsecured creditors pursuant to Section 176A of the Act

Details of how the prescribed part is calculated have previously been provided in our statement of proposals and in previous progress reports.

We have estimated, to the best of our knowledge and belief, the Company's net property, as defined in section 176A(6) of the Act, to be £nil and the prescribed part of the Company's net property to be £nil.

Unsecured creditors

There have been insufficient realisations to pay a dividend to unsecured creditors.

Exit from administration

The administrations acted upon the specific powers granted to them in Paragraph 60 of Schedule B1 and Paragraph 21 of Schedule 1 of the Insolvency Act 1986 and presented a petition for the winding up of the Company prior to the administration expiring. A winding up petition has yet to be made by the Court.

ADMINISTRATORS' PROPOSALS

Attached at Appendix 2 is a summary of our proposals as deemed approved under Rule 3.38(4) of the Rules in the absence of an initial meeting of creditors.

7. SUMMARY OF STEPS TAKEN DURING THE ADMINISTRATION

Full details of the steps taken during the period of this administration have been provided in our statement of proposals dated 30 November 2018 and progress reports dated 3 May 2019, 23 October 2019, 6 May 2020, 29 October 2020 and 6 May 2021 and are set out in this final report. The principal steps taken are as follows:

- Formulating an appropriate strategy and monitoring and reviewing that strategy, including meetings with internal and external parties to agree the same, including meetings with solicitors to discuss and agree strategy and seek strategy advice.
- Maintaining records to demonstrate how the case is administered to document the reasons for any decisions that materially affect the case.
- Uplifting the Company's books and records held in storage together with uplifting and securing the Company's server.
- Forensically reviewing the Company's books and records including the examination of the conduct of the Company and its directors in order to identify what assets are available to realise for the benefit of the creditors, including any actions against directors or other parties, such as challenging transactions are undervalue or preferences. Undertaking detailed forensic investigations and forensic analysis of the Company's records, including bank statement analysis and forensic review of the Company's accounting systems. Considerable investigative work was undertaken to better understand the Company's structure, trading history and to assess the actions available to us as administrators.
- > Corresponding with the Company's former advisors and requesting delivery up of files and corresponding with the Company's former banks, requesting details of certain transactions identified.

- Attending meetings with Counsel and solicitors to analyse the various claims identified against third parties and determining the merits of each claim, the costs of bringing such actions and the likelihood of success.
- Pursuing the claims against four parties for preference / transaction at undervalue including issuing legal proceedings against such parties to include a considerable amount of time being spent providing witness statements together with supporting documentation in preparation for trial.
- > Agreement of the settlement offers received and entering into settlement agreements with the relevant parties.
- > Dealing with the realisation of the Company's asset.
- A full book debtor ledger analysis was carried out which resulted in our chasing those debts identified as collectable and the others fell into categories that related to various companies who managed various pubs that at one time were owned by the Company, leased to the Company or appeared to be owned by the directors' pension fund. Other debtors had either been dissolved or were in administration with no prospect of any unsecured dividend being payable. The debtors were written off as irrecoverable.
- > Upon appointment and throughout the period of the administration we have corresponded and liaised with the lessors of the Company's financed and leased equipment.
- Corresponding and liaising with the Company's secured creditor.
- Dealing with the closure formalities.

8. REMUNERATION & EXPENSES

Our remuneration has been fixed by reference to the time properly given by us and the various grades of our staff calculated at the prevailing hourly charge out rates of Begbies Traynor (Central) LLP in attending to matters as set out in the fees estimate.

We are also authorised to draw expenses for services provided by our firm and/or entities within the Begbies Traynor group, in accordance with our firm's policy, details of which accompanied the Statement of proposals for achieving the purpose of administration and which are attached at Appendix 2 of this report.

Our time costs for the period from 9 April 2021 to 9 October 2021 amount to £41,876 which represents 98 hours at an average rate of £428 per hour.

The following further information in relation to our time costs and expenses is set out at Appendix 3:

- ☐ Time Costs Analysis for the period 9 April 2021 to 9 October 2021
- Begbies Traynor (Central) LLP's charging policy

Time Costs Analysis

The Time Costs Analysis for the period of this report attached at Appendix 2 shows the time spent by each grade of staff on the different types of work involved in the case, and gives the total costs and average hourly rate charged for each work type. An additional analysis is also attached which details the time costs for the entire period for which we have administered the liquidation.

Please note that each analysis provides details of the work undertaken by us and our staff following our appointment only.

To 9 October 2021, we have drawn the total sum of £98,374 on account of our remuneration, against total time costs of £293,796 incurred since the date of our appointment. In addition to the time costs information disclosed at Appendix 2 for the period since our last progress report, our previous progress reports contained details of the time costs we had incurred as at the date of each report.

We would advise that as the asset realisations in this matter are insufficient to discharge the costs and expenses in full, the solicitor's fees, an element of counsel's fees, ATE Insurance premiums and our remuneration have been paid pari passu from the funds held. This calculates at approximately a 34% recovery rate.

We advised creditors in our previous progress reports the reasons why we had exceeded our fee estimate in the sum of £143,350, however we have set these out again below. For the avoidance of any doubt, we have not drawn any remuneration in excess of the level approved.

- The previously approved fees estimate was based on charge out rates that were applied by our firm at the time the estimate was produced. With effect from 1 December 2018, the charge out rates of all grades of staff were increased (see Appendix 2).
- Significant time has been spent carrying out detailed investigations that were not initially envisaged at the time the fees estimate was prepared.
- Given the complexities of this matter, a significant amount of the work required has been
 undertaken by senior members of staff who have the experience, expertise and necessary
 competencies required to carry out the work. Senior staff involvement has increased
 significantly given the move from investigatory work towards commencement of litigation.

What was the anticipated payment for administering the case in full and did the joint administrators receive that payment?

We estimated that the cost of administering the case would be in the region of £143,350 and subsequently you provided approval for us to draw our remuneration up to that level.

Details of what remuneration has been drawn is detailed above. All additional costs incurred over and above what has been approved are to be written off.

However, please note that should there be additional or unexpected asset realisations in the subsequent liquidation, we will look to draw further remuneration and the outstanding costs and expenses from those too, capped at the level that the creditors have approved. If necessary, we will request that the subsequently appointed liquidators seek increased fee approval from the creditors.

Category 1 Expenses

To 9 October 2021, we have also drawn expenses in the sum of £340.

A copy of 'A Creditors Guide to Administrators' Fees (E&W) 2021' which provides guidance on creditors' rights on how to approve and monitor an Administrator's remuneration and on how the remuneration is set can be obtained online at www.begbies-traynor.com/creditorsguides Alternatively, if you require a hard copy of the Guide, please contact our office and we will arrange to send you a copy.

EXPENSES

A statement of the expenses incurred and discharged by us during the period of this progress report is attached at Appendix 4. A cumulative statement of expenses also appears at Appendix 4 which details the expenses incurred since the date of our appointment.

Creditors will recall that the expenses exceeded our initial estimate with the major variance being in respect of legal fees. These variances have been explained in our previous progress reports. The total costs of our investigations are higher than anticipated due to the enhanced scope of the investigation work.

Legal Fees

Gosschalks solicitors were instructed to assist the administrators during the administration and to provide legal advice generally on all matters arising throughout. The following details the matters dealt with together with a breakdown of the fees incurred to date in relation to **this administration only**.

Advising on the extensions of the administrations and preparing the Court applications (jointly and severally liable with all other group companies in administration) - £49,384 plus disbursements of £12,000 (including counsel's fees as detailed below).

The sum of £7,271 together with disbursements of £9 have been paid from the monies held in the administration of Burningnight Limited, together with monies previously paid on account. A further sum of £1,613 has been paid from the administration of Contactwith Limited. Disbursements of £9 have been paid from the administration of Visionary Leisure Limited.

We have discharged the disbursements of £12,000 in full. This leaves a balance outstanding of £40,500.

The above fees incurred in the sum of £318,180 and disbursements of £19,917 are **jointly and severally payable** by the Company and the other 11 companies within the group as stated above.

The sum of £223,330 has been paid to Gosschalks solicitors together with disbursements of £19,917, leaving an outstanding balance of £94,850. A final payment of £31,727 has been paid against the outstanding costs of £94,850 which represents a payment of 34% of the outstanding amounts. As the asset realisations are insufficient to pay the costs and expenses incurred in full on this matter the monies held have been paid pari passu amongst all the relevant parties.

Counsel's fees

We have paid Counsel's fees incurred in dealing with seeking the court extensions in the sum of £12,000. As advised in our last progress report, the Court also ordered that the costs incurred by the secured creditor's representatives for dealing with the applications to extend this administration and the administration of Burningnight Limited, be paid as an expense of this administration. The costs incurred in this respect were £13,500 plus VAT of which we have discharged the sum of £4,647 in accordance with the pari passu structure.

We have also paid Counsel's fees in the sum of £10,154 against costs incurred of £29,500. These costs were incurred in dealing with the litigation proceedings.

10. CREDITORS' RIGHTS

Right to request further information

Pursuant to Rule 18.9 of the Rules, within 21 days of the receipt of this report a secured creditor, or an unsecured creditor with the concurrence of at least 5% in value of the unsecured creditors including that creditor (or an unsecured creditor with less than 5% in value of the unsecured creditors, but with the permission of the court) may request in writing that we provide further information about our remuneration or expenses (other than pre-administration costs) which have been incurred during the period of this progress report.

Right to make an application to court

Pursuant to Rule 18.34 of the Rules, any secured creditor or an unsecured creditor with the concurrence of at least 10% in value of the unsecured creditors including that creditor, (or any unsecured creditors with less than 10% in value of the unsecured creditors, but with the permission of the court) may within 8 weeks of receipt of this progress report make an application to court on the grounds that the remuneration charged or the expenses incurred by us

during the period of this progress report are excessive or, in relation to the basis fixed for our remuneration, inappropriate.

11. ASSETS THAT REMAIN TO BE REALISED

There are no physical assets of the Company that remain to be realised.

In light of the Company being placed into compulsory liquidation, it will be for any duly appointed liquidator(s) to determine whether any claims that have and may be identified in respect of damages for breach of statutory fiduciary duties are proceeded with.

12. OTHER RELEVANT INFORMATION

Use of personal information

Please note that although the administration is being concluded, in discharging our remaining duties as Joint Administrators, we may need to access and use personal data, being information from which a living person can be identified. Where this is necessary, we are required to comply with data protection legislation. If you are an individual and you would like further information about your rights in relation to our use of your personal data, you can access the same at https://www.begbiestraynorgroup.com/privacy-notice. If you require a hard copy of the information, please do not hesitate to contact us.

13. CONCLUSION

A winding up petition has been issued and it is anticipated that the Company will be wound up under the provisions of the Insolvency Act 1986.

SUMMARY OF ADMINISTRATORS' PROPOSALS, INCLUDING MAJOR AMENDMENTS TO AND DEVIATIONS FROM THEM

Proposals deemed approved under Rule 3.38(4) of the Insolvency (England and Wales) Rules 2016 (as amended)

Purpose of the Administration

We are required to set out our proposals for achieving the purpose of the administration which in this context means one of the objectives specified in paragraph 3 of Schedule B1 to the Act as set out at section 3 of this report above.

For the reasons set out in this report, we presently consider that it is not reasonably practicable to achieve the objective specified in sub-paragraph 3(1)(a), and consequently the most appropriate objective to pursue in this case is that specified in sub-paragraph 3(1)(b), namely achieving a better result for the Company's creditors as a whole than would be likely if the Company were wound up (without first being in administration).

It is not possible to rescue the Company on a going concern basis as it had significant liabilities at the date of our appointment and had limited projected income which would have been insufficient to meet those liabilities.

The administration has created a moratorium over the Company and safeguarded it against any action by creditors. It was also imperative that the position in relation to the leased/hire equipment be protected as the fixtures and fittings, furniture and equipment was needed in order to ensure continued trade of the subsidiary companies whilst a sale was negotiated. The administration of the Company provides the mechanism for the leased/hire agreements to be novated rather than the agreements being terminated.

We have been able to immediately take control of the Company's books and records ensuring access to as much information and documentation as possible.

Employee entitlements will also be paid from the Redundancy Payments Office quicker than would have been possible had the Company entered liquidation through a court petition or by a decision of creditors.

In order that the purpose of the administration may be fully achieved, we propose to remain in office as administrators in order to continue to manage the affairs of the Company and conclude the realisation of the Company's property. The principal matters to deal with in this respect are:

- Complete the realisations of the Company's assets and book debts:
- Continue to liaise with the lessors in relation to the agreements entered into by the Company in relation to the fixtures and fittings, equipment and goods supplied to the subsidiary companies and novate where appropriate;
- To continue with investigations and, if appropriate, pursue any claims that the Company
 may have against any person, firm or company, whether in contract or otherwise, including
 any officer of former offices of the Company or any person, firm or company that supplies
 or has supplied goods or services to the Company;
- Agree secured and preferential creditor claims and distribute funds when appropriate;

- If a dividend distribution is to be made to the unsecured creditors via the prescribed part, agree unsecured creditor claims and distribute funds when appropriate; and
- Deal with the settlement of any outstanding administration costs and expenses.

Following the realisation of assets and resolution of all matters in the administration, and as quickly and efficiently as is reasonably practicable, we will implement the most cost effective steps to formally conclude the administration.

Exit from Administration

Dissolution

On present information we consider that the Company will have insufficient property to enable a distribution to be made to unsecured creditors. Consequently, as soon as we are satisfied that we have fully discharged our duties as administrators and that the purpose of the administration has been fully achieved, we propose to deliver a notice of moving from administration to dissolution to the Registrar of Companies. Upon the registration of such notice our appointment as administrators ceases to have effect, and at the end of three months the Company will automatically be dissolved.

Where an administrator sends such a notice of dissolution to the Registrar of Companies, he must also file a copy of the notice with the court and send a copy to each creditor of the Company, and on application by any interested party the court may suspend or disapply the automatic dissolution of the Company.

Compulsory Liquidation

Certain events may arise which mean that it becomes in the Company's interests to move from administration to compulsory liquidation. Such events being that the only remaining matter to deal with is the investigations into the Company's affairs which can be dealt with more practically with the Company in liquidation. As there is no anticipated dividend distribution to unsecured creditors (other than via the prescribed part) the Company cannot exit administration via creditors' voluntary liquidation.

Contingency plan - extending the administration

However, it may transpire that it is not possible to finalise the administration as envisaged within one year of the date of our appointment. In particular, this situation will arise if we are not able to conclude the realisation of the Company's property and investigations into the affairs of the Company. The appointment of an administrator shall cease to have effect at the end of the period of one year beginning with the date on which it takes effect. However, our term of office may be extended either by court order for a specified period or by consent of the creditors for a specified period not exceeding twelve months. It may therefore become necessary at some future time for us to seek creditor consent to extending the period of the administration for up to a further twelve months following the anniversary of our appointment in order to ensure that the objective of the administration can be fully achieved.

1. PRE-ADMINISTRATION COSTS

In the period before the Company entered administration, we advised the Company on the most appropriate insolvency procedure having reviewed its financial position and future viability and subsequently assisted the directors with the formalities of placing the Company into administration ("the Work").

The Work was carried out before the Company entered administration in an attempt to identify the difficulties facing the business and consider possible solutions available to the Company and its directors. As the Work identified the issues facing the business, we aided the director of the Company to plan for an inevitable insolvency event. We consider that the Work has furthered the achievement of the objective of administration being pursued, namely achieving a better result for the Company's creditors as a whole than would be likely if the Company were wound up (without first being in administration).

The pre-administration costs are broken down as follows:

Description	Name of recipient	Net amount £	VAT£	Gross amount £
Our fees in relation to the Work	Begbies Traynor	9,359.50	1,862.30	11,221.80
TOTAL PRE- ADMINISTRATION COSTS	*** **** **** **** **** **** **** **** ****	9,359.50	1,862.30	11,221.80

The pre-administration costs are unpaid and we are seeking that they be paid as an expense of the administration. Approval to discharge such costs ("the unpaid pre-administration costs") as an expense is required from the creditors' committee, or in the absence of a committee, or if the committee does not make a determination, the secured creditor of the Company and by seeking decisions of the preferential creditors. Payment of the unpaid pre-administration costs requires separate approval and is not part of our proposals subject to approval.

In order to provide sufficient information to consider approval of the payment of the unpaid preadministration costs, a Pre-Administration Time Costs Analysis and a pre-administration Time Costs Summary appear at Appendix 3. These show the number of hours spent by each grade of staff involved in the case and give the average hourly rate charged. They also provide an explanation of the work undertaken prior to our appointment.

2. REMUNERATION AND DISBURSEMENTS

Remuneration

We propose that the basis of our remuneration be fixed under Rule 18.16 of the Rules by reference to the time properly given by us and the various grades of our staff calculated at the prevailing hourly charge out rates of Begbies Traynor (Central) LLP for attending to matters as set out in the fees estimate.

We consider that the Company has insufficient property to enable a distribution to be made to unsecured creditors other than by virtue of the prescribed part fund of any net floating charge property). In these circumstances, if there is no creditors' committee, or the committee does not make a determination, it is for each secured creditor and the preferential creditors of the Company to determine the basis of our remuneration under Rule 18.18 of the Rules.

Appendix 3 sets out our firm's hourly charge out rates, our fees estimate and the time that we and our staff have spent in attending to matters arising in the administration since 9 October 2018.

Disbursements

We propose that disbursements for services provided by our firm and/or entities within the Begbies Traynor Group, be charged in accordance with our firm's policy, details of which are set out at Appendix 3. These disbursements will be identified by us and will be payable subject to the approval of those responsible for determining the basis of our remuneration.

BEGBIES TRAYNOR CHARGING POLICY

INTRODUCTION

This note applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the passing of a resolution for the office holder to be remunerated on a time cost basis. Best practice guidance¹ requires that such information should be disclosed to those who are responsible for approving remuneration.

In addition, this note applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm. It also applies where payments are to be made to parties other than the firm, but in relation to which the office holder, the firm or any associate has an interest. Best practice guidance² indicates that such charges should be disclosed to those who are responsible for approving the office holder's remuneration, together with an explanation of how those charges are calculated.

OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear below.

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded at the individual's hourly rate in force at that time which is detailed below.

EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

Best practice guidance classifies expenses into two broad categories:

- □ Category 1 disbursements (approval not required) specific expenditure that is directly related to the case and referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- Category 2 disbursements (approval required) items of expenditure that are directly related to the case which include an element of shared or allocated cost and are based on a reasonable method of calculation, but which are not payable to an independent third party.
 - (A) The following items of expenditure are charged to the case (subject to approval):
 - Internal meeting room usage for the purpose of physical meetings of creditors is charged at the rate of £100 (London £150) per meeting;
 - Car mileage is charged at the rate of 45 pence per mile;
 - Storage of books and records (when not chargeable as a Category 1 disbursement) is charged on the basis that the number of standard archive boxes

¹ Statement of Insolvency Practice 9 (SIP 9) - Remuneration of insolvency office holders in England & Wales

² lbid 1

held in storage for a particular case bears to the total of all archive boxes for all cases in respect of the period for which the storage charge relates;

Expenses which should be treated as Category 2 disbursements (approval required) – in addition to the two categories referred to above, best practice guidance indicates that where payments are to be made to outside parties in which the office holder or his firm or any associate has an interest, these should be treated as Category 2 disbursements.

Services provided by other entities within the Begbies Traynor group

The following items of expenditure which relate to services provided by entities within the Begbies Traynor group, of which the office holder's firm is a member, are also to be charged to the case (subject to approval):

Instruction of Eddisons Commercial Limited to provide assistance in valuing the assets of the Company, liaising with third party suppliers in order to collate leased/hire purchase agreements and preparing valuations. Their charges will be calculated on a time costs basis at the prevailing hourly rates for their various grades of staff which are currently as follows:

Grade of staff	Charge-out rate (£ per hour)
Director	£275
Associate	£180
Surveyor	£120
Graduate	£100
Administration	£80
Porters	£35

In addition to the services detailed above, it may become necessary to instruct Eddisons Commercial Limited to provide additional services, not currently anticipated, during the course of the case. In such circumstances and to avoid the costs associated with seeking further approval, the charges for such services will be calculated on a time costs basis at the prevailing hourly rates for their various grades of staff which are currently as follows:

Grade of staff	Charge-out rate (£ per hour)
Director	£275
Associate	£180
Surveyor	£120
Graduate	£100
Administration	£80
Porters	£35

Eddisons Insurance Services Limited

Instruction of Eddisons Insurance Services Limited ("EIS") to provide insurance broking services and specifically open cover insurance for the insurable risks relating to the case. The cost of open cover insurance will vary during the course of the case depending upon the value of the assets and liability risks. The cost of insurance for the period is £1,764 inclusive of Insurance Premium Tax.

In accordance with standard insurance industry practice, EIS will receive payment of commission for the services it provides from the insurer. The commission is

calculated as a percentage of the insurance premiums payable and such percentage will depend upon the class or classes of assets being insured.

EIS will invoice the insolvent estate for the premium(s) due on the insurer's behalf and receive payment from the estate. EIS will in turn, account to the insurer for the premium(s) payable after deducting any commission payable by the insurer.

Where EIS have initially been consulted on a policy, but the policy has not been taken out, EIS will charge an administration fee of £150

- (B) The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a Category 1 disbursement:
 - Telephone and facsimile
 - Printing and photocopying
 - Stationery

Additional payments received by Eddisons Commercial Limited from purchasers where assets are disposed of by way of auction

In addition to the charges of Eddisons Commercial Limited detailed above for providing the services to the office holder, where any machinery and business assets (other than freehold/leasehold property) are disposed of by way of auction, Eddisons Commercial Limited will also receive a payment from the purchaser, known as a buyer's premium, equivalent to 15% of the successful bid. Where any freehold/leasehold property is disposed of by way of auction, Eddisons Commercial Limited will also receive a payment from the purchaser, known as a buyer's administration fee, in the sum of £600. It is standard auction industry practice for a buyer's premium and buyer's administration fee to be charged. The buyer's premium and buyer's administration fee is paid by the purchaser of the assets and is not paid by the office holder from the assets of the estate.

BEGBIES TRAYNOR CHARGE-OUT RATES

Begbies Traynor is a national firm. The rates charged by the various grades of staff that may work on a case are set nationally, but vary to suit local market conditions. The rates applying to the Leeds office as at the date of this report are as follows:
