STATEMENT OF THE DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE FINANCIAL STATEMENTS

The directors are responsible for preparing the report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CANARY WHARF (FS INVEST) LIMITED

We have audited the financial statements of Canary Wharf (FS Invest) Limited for the year ended 31 December 2014 which comprise the Profit and Loss Account, Balance Sheet and the related Notes 1 to 13. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the Statement of Directors' Responsibilities, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Annual Report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2014 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2014

1. PRINCIPAL ACCOUNTING POLICIES

A summary of the principal accounting policies of the company, all of which have been applied consistently throughout the year and the preceding year, is set out below.

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with applicable United Kingdom accounting standards.

Having made the requisite enquiries and assessed the resources at the disposal of the company, the directors have a reasonable expectation that the company will have adequate resources to continue its operation for the foreseeable future. Accordingly they continue to adopt the going concern basis in preparing the financial statements.

In accordance with the provisions of FRS 1 (Revised) the company is exempt from the requirements to prepare a cash flow statement, as it is a wholly-owned subsidiary of Canary Wharf Group plc, which has prepared a consolidated cash flow statement.

Interest receivable and interest payable

Interest receivable and payable are recognised on an accruals basis in the period in which they fall due.

Investments

Investments are stated at cost less any provision for impairment.

Trade and other debtors

Debtors are recognised initially at fair value. A provision for impairment is established where there is objective evidence that the company will not be able to collect all amounts due according to the original terms of the debtor concerned.

Trade and other creditors

Trade and other creditors are stated at cost.

Debt

Debt instruments are stated initially at the amount of the net proceeds. The finance costs of such debt instruments are allocated to periods over the term of the debt at a constant rate on the carrying amount. The carrying amount is increased by the finance cost in respect of the reporting period and reduced by payments made in respect of the debt of that period. Finance costs are charged to the profit and loss account.

Taxation

Current tax is provided at amounts expected to be paid or recovered using the tax rates and laws that have been enacted or substantively enacted at the balance sheet date.
