HARVESTERS FARM KENNELS LTD
NOTES TO THE ACCOUNTS
FOR THE YEAR ENDED 30 SEPTEMBER 2020

1 Statutory information

Harvesters Farm Kennels Ltd is a private company, limited by shares, registered in England and Wales, registration number 07328678. The registered office is 31 HIGH STREET, NEEDHAM MARKET, SUFFOLK, IP6 8AL.

2 Compliance with accounting standards

The accounts have been prepared in accordance with the provisions of FRS 102 Section 1A Small Entities. There were no material departures from that standard.

3 Accounting policies

The principal accounting policies adopted in the preparation of the financial statements are set out below and have remained unchanged from the previous year, and also have been consistently applied within the same accounts.

Basis of preparation

The accounts have been prepared under the historical cost convention as modified by the revaluation of certain fixed assets.

Presentation currency

The accounts are presented in £ sterling.

Turnover

Turnover represents the value, net of VAT and discounts, of goods provided to customers and work carried out in respect of services provided to customers.

Tangible fixed assets policy

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives:

Plant & machinery	25% Straight line
-------------------	-------------------

Intangible fixed assets

Intangible fixed assets (including purchased goodwill and patents) are amortised at rates calculated to write off the assets on a straight basis over their estimated useful economic lives. Impairment of intangible fixed assets is only reviewed where circumstances indicate that the carrying value of an asset may not be fully recoverable.

Stocks

Stocks and work-in-progress are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items. Cost includes all direct expenditure and an appropriate proportion of fixed and variable overheads.

Deferred taxation

Deferred tax arises as a result of including items of income and expenditure in taxation computations in periods different from those in which they are included in the company's accounts. Deferred tax is provided in full on timing differences which result in an obligation to pay more (or less) tax at a future date, at the average tax rates that are expected to apply when the timing differences reverse, based on current tax rates and laws.

Deferred tax is not provided on timing differences arising from the revaluation of fixed assets where there is no commitment to sell the asset.

Deferred tax assets and liabilities are not discounted.
