Notes to the Abbreviated Accounts
for the Year Ended 30 June 2012

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The company incurred losses for the period ended 30 June 2012 of £1,060 and the balance sheet as at 30 June 2012 showed net liabilities of £3,462. These factors raise doubts that the company will be able to continue as a going concern. The financial statements have been prepared on a going concern basis, on the assumption of the continuing availability of financial support from the directors, shareholders and bankers. The financial statements do not include any adjustments that would arise from a failure to obtain this financial support.

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents net invoiced sales of goods, excluding value added tax.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.
