PUBLIC BENEFIT

All the activities of the company focus on the prevention and treatment of cancer and are undertaken for the public benefit.

ACHIEVEMENTS AND REVIEW OF PROGRESS

During the first year of operation, the directors' main focus was the maximisation of donation income and publicity of the charitable company's objectives. No grants were made by the company and expenditure was nil.

The directors have agreed (post balance date) to use the majority of the company's funds to support a PhD programme managed by a doctor and scientist who treated Martin Paterson during his illness. The directors intend the company to support this programme for at least three years from 2012 onwards, and will continue raising donations to ensure this is possible.
