## **Lenham Solar Limited**

### **Directors' report for the year ended 30 June 2022**

The directors present their report and the unaudited financial statements of Lenham Solar Limited (the "Company") for the year ended 30 June 2022.

#### **Principal activities**

The principal activity of the Company is the operation of solar plants for the generation of solar power.

#### **Results**

The profit for the year amounted to £438,659 (2021: loss of £38,826) and at the year end the Company had net assets of £68,933 (2021: net liabilities of £369,726).

#### **Going concern**

The financial statements have been prepared on the going concern basis. The directors have assessed the Company's ability to meet its liabilities as they fall due, including a review on effect of the ongoing Ukraine-Russia conflict, together with growing turmoil from fluctuations in commodity prices and foreign exchange rates, and potential to adversely impact global economies, which had driven a sharp increase in volatility across markets.

The directors have determined that based on recent trading of the Company and revised projections, the above events are not expected to have detrimental impact on the Company's business. Further, the ultimate controlling party, Fern Trading Limited, will continue to support the operations of the Company for a period of at least 12 months from the date on which the financial statements are approved. The directors will continue to monitor the situation and take any necessary actions to minimise the possible negative impact of these events.

#### **Directors of the Company**

The directors who served during the financial year ended 30 June 2022 and up to the date of signing the financial statements, unless otherwise indicated, are given below:

Thomas James Rosser  
Harry Peter Manisty  
Laura Gemma Halstead

#### **Qualifying third party indemnity provisions**

As permitted by the Articles of Association, the directors have the benefit of an indemnity which is a qualifying third-party indemnity provision as defined by section 234 of the Companies Act 2006. The indemnity was in force throughout the last financial year and is currently in force.

## **Lenham Solar Limited**

### **Directors' report for the year ended 30 June 2022 (continued)**

#### **Statement of directors' responsibilities**

The directors are responsible for preparing the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland" section 1A, and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing the financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006.

#### **Audit exemption**

The directors consider that the Company is entitled to an exemption from the requirement to have an audit under section 479A of the Companies Act 2006. Under the provisions of section 479C of the Companies Act 2006, Fern Trading Limited, the ultimate parent company, has given a statutory guarantee of all the outstanding liabilities to which the Company is subject at 30 June 2022.

#### **Small company exemption**

In preparing this report, the directors have taken advantage of the small companies exemptions provided by section 415A of the Companies Act 2006.

The directors have also taken advantage of the small company exemptions provided by section 414B of the Companies Act 2006 and have not prepared a Strategic report.

#### **Events since the Balance sheet date**

There have been no material adjusting or disclosable events since the financial year end.

This report was approved by the board on **21 March 2023** and signed on its behalf:

**Thomas James Rosser**  
**Director**

<b>Total shareholder's funds/(deficit)</b>		<b>68,933</b>	<b>(369,726)</b>

For the year ended 30 June 2022, the Company was entitled to an exemption from audit under section 479A of the Companies Act 2006 relating to subsidiary companies.

No members have required the Company to obtain an audit of its accounts for the year in question in accordance with section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for complying with the requirements of the Companies Act 2006 with respect to accounting records and the preparation of financial statements.

The financial statements have been prepared in accordance with the provisions applicable to companies subject to the small companies regime.

The financial statements were approved and authorised for issue by the board and were signed on its behalf on **21 March 2023**.

**Thomas James Rosser**  
**Director**

The notes on pages 6 to 14 form an integral part of these financial statements.

## **Lenham Solar Limited**

### **Notes to the financial statements for the year ended 30 June 2022**

#### **1. General information**

Lenham Solar Limited is a private company, limited by shares, incorporated and domiciled in England, the United Kingdom, registered number: 07404688. The registered office is at 6th Floor, 33 Holborn, London, England, EC1N 2HT.

The principal activity of the Company is the operation of solar plants for the generation of solar power.

#### **2. Accounting policies**

##### **2.1 Basis of preparation of financial statements**

The financial statements are prepared on the going concern basis, under the historical cost convention and in accordance with section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies (see note 3).

The Company's functional and presentation currency is pound sterling.

The following principal accounting policies have been applied:

##### **2.2 Exemptions for qualifying entities under FRS 102**

The Company is a qualifying entity for the purposes of FRS 102, being a member of a group where the parent of the group prepares publicly available consolidated financial statements, including this Company, which are intended to give a true and fair view of the assets, liabilities, financial position and profit or loss of the group.

FRS 102 allows a qualifying entity certain disclosure exemptions, subject to certain conditions, which have been complied with, including notification of, and no objection to, the use of exemptions by the Company's shareholders.

The Company has taken advantage of the following exemptions:

- from preparing a statement of cash flows, required under section 7 of FRS 102 and paragraph 3.17(d), on the basis that it is a small company;
- from disclosing the Company's key management personnel compensation as required by FRS 102 paragraph 33.7; and
- from disclosing related party transactions that are wholly owned within the same group as required by FRS 102 paragraph 33.8.

##### **2.3 Going concern**

The financial statements have been prepared on the going concern basis. The directors have assessed the Company's ability to meet its liabilities as they fall due, including a review on effect of the ongoing Ukraine-Russia conflict, together with growing turmoil from fluctuations in commodity prices and foreign exchange rates, and potential to adversely impact global economies, which had driven a sharp increase in volatility across markets.

## **Lenham Solar Limited**

### **Notes to the financial statements for the year ended 30 June 2022 (continued)**

#### **2. Accounting policies (continued)**

##### **2.3 Going concern (continued)**

The directors have determined that based on recent trading of the Company and revised projections, the above events are not expected to have detrimental impact on the Company's business. Further, the ultimate controlling party, Fern Trading Limited, will continue to support the operations of the Company for a period of at least 12 months from the date on which the financial statements are approved. The directors will continue to monitor the situation and take any necessary actions to minimise the possible negative impact of these events.

##### **2.4 Turnover**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Revenue is derived from the electricity generated by solar farms and is recognised on an accrual basis in the period in which it is generated.

##### **2.5 Interest expense**

Interest expense is recognised as interest accrues using the effective interest method. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial instrument to its net carrying amount.

##### **2.6 Tangible assets**

Tangible assets are stated at cost (or deemed cost) less accumulated depreciation and any accumulated impairment losses. Cost includes the original purchase price of the asset and the costs attributable to bringing the asset to its working condition for its intended use and an estimate of the costs of dismantling and removing the items, and restoring the site if required.

The assets' residual values and useful lives are reviewed, and adjusted, if appropriate, at the end of each reporting period. The effect of any change is accounted for prospectively.

Repairs, maintenance and minor inspection costs are expensed as incurred.

Tangible assets are derecognised at earliest of the date of disposal or at which no future economic benefits are expected. On disposal, the difference between the net disposal proceeds and the carrying amount is recognised in the Statement of income and retained earnings.

Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following basis:

Plant and machinery	4% and 10% straight line
---------------------	--------------------------

##### **2.7 Impairment of non-financial assets**

At each reporting date non-financial assets not carried at fair value are assessed to determine whether there is an indication that the asset (or asset's cash generating unit) may be impaired. If there is such an indication the recoverable amount of the asset (or asset's cash generating unit) is compared to the carrying amount of the asset (or asset's cash generating unit).

## **Lenham Solar Limited**

### **Notes to the financial statements for the year ended 30 June 2022 (continued)**

#### **2. Accounting policies (continued)**

##### **2.7 Impairment of non-financial assets (continued)**

The recoverable amount of the asset (or asset's cash generating unit) is the higher of the fair value less costs to sell and value in use. Value in use is defined as the present value of the future cash flows before interest and tax obtainable as a result of the asset's (or asset's cash generating unit) continued use. These cash flows are discounted using a pre-tax discount rate that represents the current market risk-free rate and the risks inherent in the asset.

If the recoverable amount of the asset (or asset's cash generating unit) is estimated to be lower than the carrying amount, the carrying amount is reduced to its recoverable amount. An impairment loss is recognised in the Statement of income and retained earnings, unless the asset has been revalued when the amount is recognised in other comprehensive income to the extent of any previously recognised revaluation. Thereafter any excess is recognised in the Statement of income and retained earnings.

If an impairment loss is subsequently reversed, the carrying amount of the asset (or asset's cash generating unit) is increased to the revised estimate of its recoverable amount, but only to the extent that the revised carrying amount does not exceed the carrying amount that would have been determined (net of depreciation or amortisation) had no impairment loss been recognised in prior periods. A reversal of an impairment loss is recognised in the Statement of income and retained earnings.

##### **2.8 Operating leases**

Rentals under operating leases are charged to the Statement of income and retained earnings on a straight-line basis over the lease term.

##### **2.9 Taxation**

Taxation expense for the period comprises current and deferred tax recognised in the reporting period. Tax is recognised in the Statement of income and retained earnings, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case tax is also recognised in other comprehensive income or directly in equity respectively.

Current or deferred taxation assets and liabilities are not discounted.

###### *(i) Current tax*

Current tax is the amount of income tax payable in respect of the taxable profit for the period or prior periods. Tax is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the period end.

###### *(ii) Deferred tax*

Deferred tax arises from timing differences that are differences between taxable profits and total comprehensive income as stated in the financial statements. These timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements.

Deferred tax is recognised on all timing differences at the reporting date. Unrelieved tax losses and other deferred tax assets are only recognised when it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the period end and that are expected to apply to the reversal of the timing difference.

**Notes to the financial statements  
for the year ended 30 June 2022 (continued)**

**2. Accounting policies (continued)**

**2.10 Financial instruments**

*(i) Financial assets*

Financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Statement of income and retained earnings.

For financial assets measured at cost and amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate of the recoverable amount, which is an approximation of the amount that the Company would receive for the asset if it were to be sold at the reporting date.

*(ii) Financial liabilities*

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.

Where the contractual obligations of financial instruments (including share capital) are equivalent to a similar debt instrument, those financial instruments are classed as financial liabilities. Financial liabilities are presented as such on the Balance sheet. Finance costs and gains or losses relating to financial liabilities are included in the Statement of income and retained earnings. Finance costs are calculated so as to produce a constant rate of return on the outstanding liability.

Where the contractual terms of share capital do not have any terms meeting the definition of a financial liability this is classed as an equity instrument. Dividends and distributions relating to equity instruments are debited direct to equity.

Financial assets and liabilities are offset, and the net amount reported in the Balance sheet when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

**2.11 Provisions**

Provisions are made where an event has taken place that gives the Company a legal or constructive obligation that probably requires settlement by transfer of economic benefit, and a reliable estimate can be made of amount of the obligations.

## Lenham Solar Limited

### Notes to the financial statements for the year ended 30 June 2022 (continued)

#### 2. Accounting policies (continued)

##### 2.11 Provision (continued)

Provision for decommissioning is recognised in full against a corresponding decommissioning asset, at the commencement of production. The amount recognised is the discounted value of the estimated future expenditure determined in accordance with local conditions and requirements. Any movement in the provision is recognised in Statement of income and retained earnings in the year. Any change in the present value of the estimated expenditure is reflected in an adjustment to the provision.

##### 2.12 Related party transactions

The Company discloses transactions with related parties which are not wholly owned with the same group. It does not disclose transactions with members of the same group that are wholly owned.

#### 3. Judgments in applying accounting policies and key sources of estimation uncertainty

Estimates and judgments are continually evaluated based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

##### (a) Critical judgements in applying the Company's accounting policies

There is no critical judgements in applying the Company's accounting policies.

##### (b) Critical accounting estimates and assumptions

The key estimates in preparing these financial statements are:

##### (i) Provision for decommissioning costs

The provision for decommissioning costs is measured at management's best estimate of the present value of the expenditure required to settle the future obligation. This estimate is determined in accordance with local conditions and requirements, using a discount rate of 2.65% reflecting the time value of money and the risks specific to the obligation, based on management's judgement (see note 11).

#### 4. Turnover

During the financial year, the Company's revenue was earned from the generation of electricity in the United Kingdom.

#### 5. Employees and directors remuneration

The Company had no employees during the year (2021: none). The directors did not receive or waive any remuneration (2021: £nil).

#### 6. Interest payable

	2022 £	2021 £
Interest payable to group undertakings	<u>162,815</u>	<u>167,210</u>

## Lenham Solar Limited

### Notes to the financial statements for the year ended 30 June 2022 (continued)

#### 7. Taxation

	2022 £	2021 £
<b>Current tax:</b>		
United Kingdom corporation tax on profit/(loss) for the year	94,566	-
Adjustments in respect of previous years	-	(39,832)
<b>Total current tax</b>	<b>94,566</b>	<b>(39,832)</b>
<b>Deferred tax:</b>		
Origination and reversal of temporary differences	51,493	(394)
Adjustments in respect of previous years	-	394
Effect of changes in tax rates	16,261	-
<b>Total deferred tax</b>	<b>67,754</b>	<b>-</b>
<b>Total tax charge/(credit) for the year</b>	<b>162,320</b>	<b>(39,832)</b>

#### Factors affecting tax charge/(credit) for the year

The tax assessed for the year is higher (2021: lower) than the standard rate of corporation tax in the United Kingdom of 19% (2021: 19%). The differences are explained below:

	2022 £	2021 £
Profit/(loss) before taxation	600,979	(78,658)
Tax on profit/(loss) at standard rate corporation tax of 19% (2021: 19%)	114,186	(14,945)
<b>Effects of:</b>		
Expenses not deductible	4,370	14,551
Adjustments in respect of previous years	-	(39,438)
Effect of changes in tax rates	16,261	-
Deferred tax not provided	27,503	-
<b>Total tax charge/(credit) for the year</b>	<b>162,320</b>	<b>(39,832)</b>

#### Factors that may affect future tax charges

The Finance Act 2021 enacted on 10 June 2021 increased the main rate of United Kingdom corporation tax from 19% to 25%, effective from 1 April 2023. Deferred taxes on the Balance sheet have been measured at 25% (2021: 19%) which represents the future corporation tax rate that was enacted at the Balance sheet date.

## Lenham Solar Limited

### Notes to the financial statements for the year ended 30 June 2022 (continued)

#### 8. Tangible assets

Other creditors	526,124	44,640
	<u>5,517,475</u>	<u>5,821,166</u>

Amounts owed to group undertakings are unsecured loans with year end balances amounting to £4,889,026 (2021: £5,714,913). The loans bear interest at 3% (2021: 3%) and are repayable on demand.

#### 11. Provisions

	Decommissioning provision £	Deferred tax £	Total £
At 1 July 2021	-	-	-
Additional provisions for the financial year (note 8)	295,991	-	295,991
Charge to Statement of income and retained earnings (note 7)	-	67,754	67,754
At 30 June 2022	<u>295,991</u>	<u>67,754</u>	<u>363,745</u>

The provision for deferred tax is made up as follows:

	2022 £	2021 £
Fixed asset timing differences	146,279	-
Short term timing differences - trading	(78,525)	-
	<u>67,754</u>	<u>-</u>

A decommissioning provision has been recognised in the year to provide for the future costs of decommissioning the solar plants owned by the Company in order to generate solar power.

The provision has been created on 30 June 2022 and discounted at an annual rate of 2.65%. This discount will be unwound and charged to Statement of income and retained earnings until 1 November 2037, as the estimated date of decommissioning.

## Lenham Solar Limited

### Notes to the financial statements for the year ended 30 June 2022 (continued)

#### 12. Called-up share capital

	2022	2021
	£	£
<b>Allotted, called-up and fully paid</b>		
220 (2021: 220) ordinary shares of £0.01 each	<b>2</b>	<b>2</b>

#### 13. Operating lease commitments

For the year ended 30 June 2022, the Company had future minimum lease payments due under non-cancellable operating leases for each of the following periods:

	2022	2021
	£	£
<b>Payment due:</b>		
Not later than one year	<b>51,930</b>	48,285
Later than one year and not later than five years	<b>207,720</b>	193,140
Later than five years	<b>555,645</b>	564,928
	<b>815,295</b>	806,353

Lease arrangements relates to land on which solar sites are built.

#### 14. Related party transactions

The Company has taken the advantage of the exemption under paragraph 33.1A from the provisions of FRS 102, on the grounds that as at the year ended 30 June 2022 it was a wholly owned subsidiary.

#### 15. Ultimate parent undertaking and controlling party

The Company's immediate parent undertaking is Viners Energy Limited, a company incorporated in the United Kingdom. Viners Energy Limited is the smallest group to consolidate these financial statements.

The ultimate parent undertaking as at the year ended 30 June 2022 was Fern Trading Limited, a company incorporated in England, the United Kingdom. Fern Trading Limited is the largest group of undertakings to consolidate these financial statements. Copies of Fern Trading Limited's consolidated financial statements can be obtained from the Company Secretary at 6th Floor, 33 Holborn, London, England, EC1N 2HT.

#### 16. Events since the Balance sheet date

There have been no material adjusting or disclosable events since the financial year end.
