### Oasis and Warehouse Limited Strategic Report

For the period 28 February 2016 to 25 February 2017

#### Strategy and Objectives

Oasis and Warehouse Limited ("the Group") is an intermediate holding company within the Oasis and Warehouse Group of companies,

The principal activities of the Oasis and Warehouse Group are the origination and production of exclusive women's clothing and fashion accessories under the 'Oasis' and 'Warehouse' brand names for sale through its own retail outlets and through omni channel and wholesale in the UK and Europe and to franchisees for sale through outlets in Europe, the Middle East, the Far East and South America.

The objective of the Oasis and Warehouse Group is to grow boutique brands which have high brand awareness and differentiate themselves in the market through product innovation, customer experience and an omni channel strategy. This objective will be to deliver growth of brand performance and leveraging existing assets while continuing to exploit the significant opportunity offered by development of new stores, concessions and digital channels both in the UK and internationally.

#### **Business Mode**

Oasis has continued to focus on investment and growth in digital, transformation of its store portfolio, international growth and product extensions. During the period the owned website was re-platformed, and recently won the Best Customer Experience Award at the Drapers Digital Awards 2017. It continues to drive double digit LFL growth of 10%.

The brand opened new standalone stores in London Poultry, Chelmsford, St. Albans and Farnham as well as refurbishing 5 existing stores, it also closed 3 loss making stores. The 'local' store trial has performed well in Farnham and the brand has a roadmap of a further 30 locations in similar market towns.

Internationally Oasis opened 16 stores and concessions across existing territories as well as re-entering Russia with 7 concessions. 6 new international franchise agreements were also signed and opening in these new territories is underway.

In November loungewear was launched and in January athleisure was launched as the brand strategically launches new categories to ensure it dresses its customers for more aspects of their lives.

Warehouse is in the early stages of its three year turnaround strategy. Within the period a new team have been developing a sustainable brand and product proposition which will build a solid foundation for recovery and growth. The brand has re-platformed its website and refitted its flagship store in London both of which have updated with new brand DNA and personality, which has been positively received. The re-launch, which went live in September 2016, has achieved unprecedented fashion press coverage which has helped drive new customers to the brand.

During the period the brand opened 4 new concessions and closed 3 unprofitable standalone stores.

#### KPI's

The Directors use a number of key performance indicators which they consider are effective in measuring delivery of their strategy, and which assist in the management of the business. They assess individual store performance by monitoring changes in sales, margins and profitability. The main measure of profitability is EBITDA (earnings before interest, tax, depreciation and amortisation) before costs of a fundamental reorganisation or restructuring.

EBITDA for the year was £6.4 million (2016: £9.7 million), a decrease of £3.3 million.

The gross profit margin for the Oasis and Warehouse Group increased to 61% (2016: 60%) despite a reduction in sales of 5%. The reduction in turnover was driven in the main by a fall in the Warehouse brand sales, in part a direct result of the difficult retail environment, alongside the early stage of its 3 year turnaround strategy, involving product proposition and personality.

Distribution costs and Administrative expenses amounted to £167.4million (2016: £170.1 million), a reduction of 2% year on year.

The Group delivered a pre-tax loss for the period of £9.1 million, compared to a pre-tax loss of £1.2 million in the previous year. This was partially attributable to decreased sales in Warehouse, as well as a reduction in the fair value of the Group's FX contracts of £1.9 million year on year.

Total comprehensive loss for the year was £10.2 million (2016: £0.7 million), a decrease of £9.5 million

### Oasis and Warehouse Limited Strategic Report (continued)

For the period 28 February 2016 to 25 February 2017

#### Future developments

Oasis will continue to invest in its digital channels and further drive a world class omni channel experience. The digital re-platform will enable the brand to further improve its conversion rate with better payment solutions, on site experience and omni channel services such as click and collect, which will allow customers to collect orders in stores within a few hours.

The brand will also continue to invest in the store portfolio with new stores following the Farnham trial and the refurbishments of current stores. In Autumn 2017 Oasis will open a new city centre store in Oxford's Westgate development. Internationally, growth will continue within franchise as well as opening owned concessions in Europe.

Further product extensions are planned as well as a licensing programme across key areas such as homeware, premium sunglasses, and fragrance.

Warehouse will continue to drive growth in its digital channel complemented by a small perfectly formed store portfolio. Concessions, wholesale and international franchise remain and important part of the strategy. New international franchise agreements have been signed and the brand will re-enter Russia in 2017 as well as opening new stores in current international franchise markets.

#### Principal Risks and Uncertainties

#### Changes in fashion trends

The principal risk faced by the Group is that the product offering declines in popularity, leading to reduced revenues, margins and cash flow. Across the Group the risk is managed by operating a buying and merchandising model which focuses on generating fashionable product lines, short lead times and low stock levels.

#### Supply chain

The Group is dependent on the ability of its suppliers to manufacture its products to the desired quality and standards and on its logistics providers to ensure it reaches the required location on a timely basis. The standards, arrangements and contingency plans are under constant review by management.

#### Liquidity risk

With effect from 2nd October 2015, 3 standalone senior facilities agreements (SFA's) were executed. The SFA's have been provided by Aurora Fashions Finance Limited in its capacity as lender, agent and security agent for Kaupthing Bank hf. The SFA's are in favour of the Oasis and Warehouse Group, the Coast Group and Karen Millen Group of companies. The facilities are subject to financial covenant targets that adjust through to maturity of the loans. Performance against the covenants is measured quarterly. Further details are contained in note 1.4 'Going concern' and note 26 'Guarantees and commitments'.

#### Going Concern

Note 1.4 to the financial statements sets out the basis of preparation of the financial statements. As explained in note 1.4, having taken account of the Group's loss for the period, the directors consider that it continues to be appropriate to prepare the financial statements on the basis that the Group is a going concern.

#### Currency risk

The Group is exposed to foreign currency risks on sales and purchases. Exposures are primarily to the US Dollar and the Euro. Forecast transactional exposures are reviewed and hedged based on forecasted levels of foreign currency transactions. Hedging is achieved using forward exchange contracts and other suitable derivative products.

#### Brexit

Following the UK's vote in 2016 to leave the EU, and the subsequent snap general election in June 2017, this has created political and economic uncertainty. The main risk to the Group is currency risk and a potential drop in consumer confidence. As mentioned above the group will continue to hedge against currency risk and adjust plans accordingly. The Group regularly reacts to trading upsides and downsides through its trading strategy and reviewing its business operations.

By Order of the Board

Elizabeth Evans Director 22 JUNE 2017

### Oasis and Warehouse Limited Directors' Report

For the period 28 February 2016 to 25 February 2017

The directors present their report and the audited financial statements of Oasis and Warehouse Limited ("the Company") and Oasis and Warehouse Limited and its subsidiary undertakings ("the Oasis and Warehouse Group") for the period from 28 February 2016 to 25 February 2017.

The current period relates to the 52 week period from 28 February 2016 to 25 February 2017. The prior period covers the 52 week period from 1 March 2015 to 27 February 2016.

Following a capital re-organisation of the Aurora Group part way through the prior year, the Company is an intermediate holding company within the group, with Oasis and Warehouse Holdco 1 Limited as the main holding company of the Oasis and Warehouse Group.

#### Results and dividends

The Oasis and Warehouse Group's results are set out on page 8.

The Directors do not recommend the payment of a dividend (2016: £ nil).

#### Political contributions

The Group made no political contributions during the period (2016: £nil).

#### Directors

The current Directors of the Company are listed on page 2.

There have been no changes to Directors since the start of the period.

#### **Employees**

Considerable importance is placed on communication, involvement and motivation of the employees and management of the Oasis and Warehouse Group. Two way communication ensures that employees are kept informed of the performance of the Oasis and Warehouse Group and of any key initiatives or projects, through regular briefings and bulletins.

The Oasis and Warehouse Group is committed to the continuing development of its employees and the implementation of policies that enable them to contribute to the performance and long term effectiveness of the organisation. Every opportunity is taken to reinforce our values throughout the business.

Equality of opportunity is encouraged irrespective of sex, marital status, colour, race, ethnic origin, nationality, religion, age or disability. The same opportunities are offered to disabled people as to all others in respect of recruitment and career advancement. Employees who become disabled will, wherever possible, be retained, rehabilitated and retrained.

#### Disclosure of information to auditor

The directors who held office at the date of approval of this report of the board confirm that, so far as they are each aware, there is no relevant audit information of which the Group's auditor is unaware; and each director has taken all the steps that they ought to have taken as a director to make themselves aware of any relevant audit information and to establish that the Group's auditor is aware of that information.

#### Auditor

Pursuant to Section 487 of the Companies Act 2006, the auditor will be deemed to be reappointed and KPMG LLP will therefore continue in office.

By Order of the Board

Elizabeth Evans Director 22 JUNE 2017

### Statement of Directors' Responsibilities in respect of the Strategic Report, Directors' Report and financial statements

For the period 28 February 2016 to 25 February 2017

The directors are responsible for preparing the Strategic Report, Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the group and parent company financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the group and parent company and of their profit or loss for that period.

In preparing each of the group and parent company financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the group and parent company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the parent company's transactions and disclose with reasonable accuracy at any time the financial position of the parent company and enable them to ensure that it's financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the group and to prevent and detect fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

#### Independent auditor's report to the members of Oasis and Warehouse Limited

We have audited the financial statements of Oasis and Warehouse Limited for the period ended 25 February 2017, set out on pages 8 to 30. The financial reporting framework that has been applied in their preparation is applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice), including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland.

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

#### Respective responsibilities of directors and auditor

As explained more fully in the Directors' Responsibilities Statement set out on page 6, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit, and express an opinion on, the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standard for Auditors.

#### Scope of the audit of financial statements

A description of the scope of an audit of financial statements is provided on the Financial Reporting Council's website at www.frc.org.uk/auditscopeukprivate.

#### Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the group's and the parent company's affairs as at 25 February 2017 and of the group's loss for the period then ended;
- have been properly prepared in accordance with UK Generally Accepted Accounting Practice; and
- have been property prepared in accordance with the requirements of the Companies Act 2006.

#### Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Strategic Report and the Directors' Report for the financial period is consistent with the financial statements

Based solely on the work required to be undertaken in the course of the audit of the financial statements and from reading the Strategic report and the Directors' report:

- we have not identified material misstatements in those reports; and
- in our opinion, those reports have been prepared in accordance with the Companies Act 2006

#### Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Jonathan Russell (Senior Statutory Auditor) for and on behalf of KPMG LLP

Chartered Accountants Arlington Business Park, Theale, Reading, RG7 4SD 27th June 2017

#### For the period 28 February 2016 to 25 February 2017

#### 1. Accounting policies

Oasis and Warehouse Limited (the "Company") (Co No 7410874) is a company limited by shares and incorporated and domiciled in the UK, and is part of the Aurora group of companies (the "Aurora Group").

#### 1.1 Basis of Preparation - Accounting Convention

The Group and individual financial statements of Oasis and Warehouse Limited have been prepared in accordance with Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland ("FRS 102") as issued in August 2014. The amendments to FRS 102 issued in July 2015 have been applied.

The presentational currency of these financial statements is sterling. All amounts in the financial statements have been rounded to the nearest £0.1m unless otherwise stated.

#### 1.2 Compliance with accounting standards

The parent company is included in the consolidated financial statements, and is considered to be a qualifying entity under FRS 102 paragraphs 1.8 to 1.12, the following exemptions available under FRS 102 in respect of certain disclosures for the parent company financial statements have been applied:

- The reconciliation of the number of shares outstanding from the beginning to the end of the period has not been included a second time.
- No separate parent company Cash Flow Statement with related notes is included; and
- Key Management Personnel compensation has not been included a second time.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

Judgements made by the directors, in the application of these accounting policies that have significant effect on the financial statements and estimates with a significant risk of material adjustment in the next year are discussed in note 1.16.

#### 1.3 Measurement convention

The financial statements are prepared on the historical cost basis except that the following assets and liabilities are stated at fair value: financial instruments classified at fair value through the profit and loss.

For the period 28 February 2016 to 25 February 2017

#### 1. Accounting policies (continued)

#### 1.4 Basis of preparation - going concern

Aurora Fashions Group Limited is the holding company for the Aurora group of companies (the "Aurora Group"). Kaupthing Bank hf's holding of shares in Aurora Fashions Group Limited comprises 100% of all share capital by nominal value and 100% of the voting rights across all share capital.

The Oasis and Warehouse Group made a loss for the year of £10.9 million (2016: £1.2 million) and had net current assets of £26.9 million (2016: £31.9 million) and net assets of £25.7 million (2016: £34.2 million).

Notwithstanding this, the directors have prepared the financial statements on a going concern basis for the reasons set out below:

The Aurora Group 'banking subgroups' each have secured long term and revolving finance facilities with Aurora Fashions Finance Limited ("AFFL") in its capacity as lender, agent and security agent for Kaupthing Bank hf. These facilities are repayable in part in October 2019, with the balance on termination in October 2020. The facilities are subject to certain financial and other covenant requirements. The treasury management function is undertaken on an individual subsidiary/banking group level.

The directors have prepared projected cash flows for the period ending approximately 15 months from the approval of these financial statements (the "Projections"). The Projections are based on certain assumptions and show that the Aurora Group is capable of operating within the facilities currently available and complying with the covenant requirements for the full term covered by the Projections.

The directors of Aurora Fashions Group Limited have tested the impact of variations from the Projections by assessing the adequacy of the Aurora Group's funds, under a combination of different scenarios constructed to reflect-reasonably possible downside risks to the assumptions contained within the Projections. The directors recognise that in the current economic environment, the main risks relate to the achievability of the Aurora Group's forecast sales and margins and the timing of cash flows going forward. In such downside scenarios, the ability to continue to operate would be dependent on maintaining compliance with the financial covenants by implementing various cost saving initiatives within the timescales required. The directors consider that, in all reasonable downside scenarios, there are cost saving measures available to the Aurora Group to implement which would avoid breaching the terms of any financial covenant.

The going concern assessment performed by the directors of the Aurora Group therefore also depends on the going concern assessment performed by the directors of the respective subgroups, Oasis and Warehouse, Coast and Karen Millen. Accordingly, the directors have satisfied themselves with the going concern assessment performed by the directors of the respective banking subgroups. The directors, having made reasonable enquiries, consider that the Aurora Fashions Group has sufficient facilities in order to meet its projected obligations as they fall due.

A letter of support has been given by Kaupthing Bank hf to the directors of Aurora Fashions Group Limited indicating that it remains their current intention to provide continuing financial support to the Aurora Group.

Given the facts and circumstances described above and after making enquiries, the directors have a reasonable expectation that the Company and the Aurora Group have adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and financial statements.

#### 1.5 Foreign currency translation

Transactions in foreign currencies are recorded using the rate of exchange ruling at the date of the transaction. An average monthly spot rate is used in relation to the translation of foreign subsidiaries. Monetary assets and liabilities denominated in foreign currencies are translated using the rate of exchange ruling at the balance sheet date and the gains or losses on translation are included in the profit and loss account.

The assets and liabilities of overseas subsidiary undertakings are translated at the closing exchange rates. Gains and losses arising on these translations are taken to reserves. Profit and loss accounts of such undertakings are consolidated at the rate of exchange ruling at the date of the underlying transactions.

#### For the period 28 February 2016 to 25 February 2017

#### Accounting policies (continued)

#### 1.6 Basis of consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiary undertakings made up to 25 February 2017. The acquisition method of accounting has been adopted. Under this method, the results of subsidiary undertakings acquired or disposed of in the period are included in the consolidated profit and loss account from the date of acquisition or up to the date of disposal.

An associate is an undertaking in which the Group has a long term interest, usually from 20% to 50% of the equity voting rights, and over which it exercises significant influence. A joint venture is an undertaking in which the Group has a long-term interest and over which it exercises joint control. The Group's share of the profits less losses of associates and of joint ventures is included in the consolidated profit and loss account and its interest in their net assets is included in investments in the consolidated balance sheet.

Where a group company is party to a joint arrangement which is not an entity, that company accounts directly for its part of the income and expenditure, assets, liabilities and cash flows. Such arrangements are reported in the consolidated financial statements on the same basis.

Under section 408 of the Companies Act 2006 the Company is exempt from the requirement to present its own profit and loss account.

#### 1.7 Financial Instruments

In accordance with FRS 102.22, financial instruments issued by the group are treated as equity only to the extent that they meet the following two conditions:

- (a) they include no contractual obligations upon the group to deliver cash or other financial assets or to exchange financial assets or financial liabilities with another party under conditions that are potentially unfavourable to the group; and
- (b) where the instrument will or may be settled in the entity's own equity instruments, it is either a non-derivative that includes no obligation to deliver a variable number of the entity's own equity instruments or is a derivative that will be settled by the entity exchanging a fixed amount of cash or other financial assets for a fixed number of its own equity instruments.

To the extent that this definition is not met, the proceeds of issue are classified as a financial liability. Where the instrument so classified takes the legal form of the entity's own shares, the amounts presented in these financial statements for called up share capital and share premium account exclude amounts in relation to those shares.

Where a financial instrument that contains both equity and financial liability components exists these components are separated and accounted for individually under the above policy. Transaction costs are allocated between the debt component and the equity component on the basis of their relative fair values.

Derivative financial instruments

Derivative financial instruments are recognised at fair value. The gain or loss on remeasurement to fair value is recognised immediately in profit or loss.

#### For the period 28 February 2016 to 25 February 2017

#### 1. Accounting policies (continued)

#### 1.8 Basic financial instruments

#### Trade and other debtors / creditors

Trade and other debtors are recognised initially at transaction price less attributable transaction costs. Trade and other creditors are recognised initially at transaction price plus attributable transaction costs. Subsequent to initial, recognition they are measured at amortised cost using the effective interest method, less any impairment losses in the case of trade debtors. If the arrangement constitutes a financing transaction, for example if payment is deferred beyond normal business terms, then it is measured at the present value of future payments discounted at a market rate of instrument for a similar debt instrument.

#### Interest-bearing borrowings

Interest-bearing borrowings are recognised initially at the present value of future payments discounted at a market rate of interest. Subsequent to initial recognition, interest-bearing borrowings are stated at amortised cost using the effective interest method, less any impairment losses.

#### Cash and cash equivalents

Cash and cash equivalents comprise cash balances and call deposits. Bank overdrafts that are repayable on demand and form an integral part of the Company's cash management are included as a component of cash and cash equivalents for the purpose only of the cash flow statement.

#### 1.9 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided on all tangible fixed assets at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life on a straight line basis as follows:

Leasehold improvements
Fixtures and fittings
Computer hardware and software
Motor vehicles

Over period of lease 4-10 years 3-5 years 4 years

#### 1.10 Business combinations

Business combinations are accounted for using the purchase method as at the acquisition date, which is the date on which control is transferred to the entity.

#### 1.11 Intangible fixed assets, goodwill and amortisation

#### Goodwill

On the acquisition of a business, fair values are attributed to the net assets acquired. Goodwill arises where the fair value of the consideration given for a business exceeds fair value of such net assets.

At the date of transition to FRS 102, the Groups goodwill had a remaining useful economic life of 15 years. There have been no events which affect this estimate at the date of transition to FRS 102, and as such the Directors consider it appropriate to continue to amortise the goodwill over this period on a straight-line basis as it reflects management's best estimate of it's useful economic life. Goodwill has no residual value. In support of the continuing useful economic life, factors considered are the nature of the business, product lifecycle and overall industry sector performance and projections. Net present value of future cash inflows are measured at respective entity level, key assumptions are based on historical trends and future market expectations.

The Group performs an annual impairment review of the Goodwill, and if it considers that the carrying amount exceeds the recoverable amount then the difference will be recognised as an impairment loss through the profit and loss account.

For purchased goodwill arising on acquisitions after the date of transition to FRS 102, goodwill will be capitalised and amortised through the profit and loss account over a period of 10 years unless the directors consider it has a materially different useful life.

#### Other intangible assets

Other intangible assets that are acquired by the Group are stated at cost less accumulated amortisation and less accumulated impairment losses.

Amortisation is charged to the profit or loss on a straight-line basis over the estimated useful life of the intangible asset. The estimated useful life of the intangible asset is 5 years.

For the period 28 February 2016 to 25 February 2017

#### 1. Accounting policies (continued)

#### 1.12 Investments

Investments are included at cost less impairment.

#### 1.13 Stocks

Stocks are stated at the lower of cost and net realisable value. Cost is based on normal levels of activity and where appropriate, the cost of transportation and conversion to current location and condition. Net realisable value comprises the actual or estimated selling price less all further costs to completion.

#### 1.14 Impairments

The carrying amounts of the Group's assets are reviewed for impairment when events or changes in circumstances indicate that the carrying amount of the fixed asset may not be recoverable. If any such indication exists, the asset's recoverable amount is estimated.

An impairment is recognised when the carrying amount of an investment, fixed asset or goodwill exceeds the recoverable amount. The recoverable amount of the asset is the higher of net realisable value or value in use. To the extent that the carrying amount exceeds the recoverable amount, the difference will be recognised as an impairment loss through the profit and loss account

In respect of Tangible Fixed Assets held at retail locations, management use the concept of payback period, defined as net book value divided by EBITDA, to help identify any indicators of impairment. Where such an indicator exists, an assessment of the retail location's prospects is performed based on budgeted data and facts and circumstances specific to that location. Retail locations where management do not expect a sufficient improvement in performance, or where there exists a plan to close the store, the assets assigned to that store are impaired in full where management deem that the recoverable amount is zero.

Where an indicator of impairment exists in respect of Goodwill or Investments, the value in use is assessed by discounting the expected future cash flows to their present value using a pre-tax discount rate that reflects current market assessments of the rate of return expected on an equally risky investment. Management assess that future cash flows approximate to the EBITDA generated by the assets that gave rise to the goodwill, or to the EBITDA generated by the subsidiary undertakings in the case of Investments.

#### 1.15 Employee Benefits

The company provides a range of benefits to employees including paid holiday arrangements, product discount facilities, and private health insurance, amongst others.

The Company provides access to a stakeholder pension for all UK employees. In addition, contributions are made to specific employees' personal pension plans. In accordance with government legislation, in October 2013 all eligible employees were auto-enrolled into a qualifying pension scheme.

#### Share based payments

The Group provides share-based payment arrangements to certain employees.

Equity-settled arrangements are measured at fair value (excluding the effect on nonmarket based vesting conditions) at the date of the grant. The fair value is expensed on a straight-line basis over the vesting period. The amount recognised as an expense is adjusted to reflect the actual number of shares or options that will vest.

Where equity-settled arrangements are modified, and are of benefit to the employee, the incremental fair value is recognised over the period from the date of modification to date of vesting. Where a modification is not beneficial to the employee there is no change to the charge for share-based payment. Settlements and cancellations are treated as an acceleration of vesting and the unvested amount is recognised immediately in the income statement.

For the period 28 February 2016 to 25 February 2017

#### 1. Accounting policies (continued)

#### 1.16 Accounting estimates and judgements

The Group and Company's estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The accounting estimates believed to require the most difficult, subjective or complex judgements and which are the most critical to the reporting of results and financial positions are as follows:

- · carrying value of assets relating to goodwill
- · carrying value of deferred tax asset

The Group tests annually whether goodwill has suffered any impairment in accordance with the accounting policy stated. The recoverable amount of goodwill has been determined based on the fair value of net assets acquired and net present value of future cash inflows, the calculation of which requires the use of estimates.

Management review annually the recognition of any deferred tax asset to the extent that they are regarded as recoverable, on the basis of all available evidence it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

#### 1.17 Provisions.

A provision is recognised where the group has a legal or constructive obligation as a result of a past event and it is probable that the outflow of economic benefits will be required to settle the obligation.

#### 1.18 Turnover

Turnover is measured at fair value and represents the net value of goods sold, services provided or royalties received excluding value added tax, delivered to third party customers in the accounting period. The company operates retail shops and ecommerce sites for the sale of a range of own branded products. Sales of goods are recognised upon sale to the customer, which is considered the point of delivery. Retail sales are usually by cash or payment card. Goods are deemed to have been delivered to customers when the customer has access to the significant benefits inherent in the goods and the exposure to the risks inherent in these benefits and the time period for rejection has elapsed. Turnover from sales of goods to franchise/wholesale partners is recognised at point of despatch. Turnover from royalties is recognised when earned. Terms of all non 'own' retail activity is explicit within the relevant agreement.

#### 1.19 Expenses

Operating lease

Payments (excluding costs for services and insurance) made under operating leases are recognised in the profit and loss account on a straight-line basis over the term of the lease unless the payments to the lessor are structured to increase in line with expected general inflation; in which case the payments related to the structured increases are recognised as incurred. Lease incentives received are recognised in profit and loss over the term of the lease as an integral part of the total lease expense.

Interest receivable and interest payable

Interest payable and similar charges include interest payable, finance charges and net foreign exchange losses that are recognised in the profit and loss account.

Other interest receivable and similar income include interest receivable on funds invested and net foreign exchange gains.

Interest Income and interest payable are recognised in profit and loss as they accrue, using the effective interest method.

#### For the period 28 February 2016 to 25 February 2017

#### 1. Accounting policies (continued)

#### 1.20 Tax

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the profit and loss account except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on timing differences which arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements. Deferred tax is measured at the tax rate that is expected to apply to the reversal of the related difference, using tax rates enacted or substantively enacted at the balance sheet date. Deferred tax balances are not discounted. Deferred tax is not recognised on permanent differences arising because certain types of income or expense are non-taxable or are disallowable for tax or because certain tax charges or allowances are greater or smaller than the corresponding income or tax.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that is it probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

All movements in current tax in the period are recognised through the Profit and loss account.

Factors that may affect future total tax charges

The utilisation of brought forward tax losses may reduce the current and total charges in future years. For the Oasis and Warehouse Group this amounts to £6.0m at the balance sheet date (2016: £4.0m).

Reductions in the UK corporation tax rate from 21% to 20% (effective from 1 April 2015) were substantively enacted on 2 July 2013. Further reductions to 19% (effective from 1 April 2017) and to 18% (effective 1 April 2020) were substantively enacted on 26 October 2015. An additional reduction to 17% (effective from 1 April 2020) was substantively enacted during the current accounting period. The deferred tax asset at 25 February 2017 has been calculated based on these rates.

For the period 28 February 2016 to 25 February 2017

	Accruals and deferred income	18.3	1.8	19.0	1.3
		48.1	18.4	41.0	11.6

Amounts owed to Group undertakings are unsecured, interest free, have no fixed date of repayment and are repayable on demand.

#### 18. Creditors: amounts falling due after one year

	25 Febr	uary 2017	27 Februa	ary 2016
	Group £m	Company £m	Group £m	Company £m
Loans and overdrafts with Aurora Group undertakings (	see note			
19)	32.3	32.3	30.6	30.6
Accruals and deferred income	1.8		1.4	
	34.1	32.3	32.0	30.6

Accruals and deferred income relates to incentives received on leases held by the Oasis and Warehouse Group.

#### 19. Interest-bearing loans and borrowings

The loans referred to in notes 17 and 18 are with Aurora Fashions Finance Limited, a fellow Aurora Group subsidiary.

This note provides information about the contractual terms of the Group's interest-bearing loans and borrowings, which are measured at amortised cost.

For the period 28 February 2016 to 25 February 2017

**Deferred taxation** 

20.

The deferred tax asset is attributable to the following:	25 Febr	uary 2017	· . 27 Febru	ary 2016
	Group £m	Company £m	Group £m	Company £m
The deferred tax asset comprises:		٠.		
Accelerated capital allowances:	3.6		5.3	-
Short-term timing differences	0.1		. 0.1	
Tax losses		-	0.1	

Tax losses		-		0.1	<u> </u>
Deferred tax asset		3.7		5.5	
	• _	25 Feb Group	ruary 2017 Company	27 Febru Group	uary 2016 Company
		£m	£m	£m	£m
Movement on deferred tax asset:					
At the start of the period		5.5	•	5.5 <sub>.</sub>	- · · · · -
Profit and loss account	-	-1.8	<del></del> .	<u> </u>	<del>-</del>
At the end of the period	•	3.7		5.5	• •

All movements in deferred tax in the period are recognised through the Profit and loss account.

The directors believe that continued recognition of the deferred tax asset is appropriate based on forecasts showing that sufficient profits will arise in the foreseeable future against which assets will be offset when crystallised.

There is an unrecognised deferred tax asset of £3.3 million (2016: £1.3 million) in respect of accelerated capital allowances, short term timing differences and tax losses which has not been recognised for the Group due to uncertainty over its recoverability. This will be reassessed at each period end.

#### 21. Employee benefits

The company provides a range of benefits to employees including paid holiday arrangements, product discount facilities, and private health insurance, amongst others.

During the period there were no advances to Directors.

Certain employees of the Group participate in an equity settled share based payment scheme and a long term incentive scheme. The shares in both schemes vest on a trigger event. A share based payment expense has been recognised in Oasis Fashions Limited and Warehouse Fashions Limited, the beneficiaries of the participants' services.

#### Post-retirement benefits

In October 2013, in accordance with government legislation, all eligible employees were auto-enrolled into a state qualified pension scheme. In addition, contributions are made to specific employees' personal pension plans.

The total expense relating to these plans in the current year was £0.3m (2016: £0.3m).

#### 22. Share capital

Silaro Sapitar		25 February 2017	27 February 2016
		£m	£m
Allotted, called up and fully paid: 99,859,460 Ordinary shares of £0.80	 •	79.9	79.9

Holders of Ordinary shares are entitled to one vote in any circumstance per share held, and an equal share of dividends.

During the year £24.4 million was recognised as an expense in the profit and loss account in respect of operating lea						

For the period 28 February 2016 to 25 February 2017

#### 26. **Guarantees and commitments**

Certain companies within the Aurora Fashions Group, the 'banking subgroups' are party to the terms of a Senior Facilities Agreement (the "SFA") with Aurora Fashions Finance Limited ("AFFL"). The borrowers are Oasis and Warehouse Limited, Coast Debtco Limited and Karen Millen Holdings Limited. Each banking subgroup under the obligations of their SFA has a number of trading subsidiaries party to the SFA as Guarantors, the values of which are disclosed within the respective company accounts. Under the terms of the guarantee, an event of default in the Company or certain other companies in the sub group would mean that the lender, AFFL, has the ability to call on any of the other companies within the respective banking subgroup to step in to fulfil the obligations of that borrower/guarantor. An event of default could include an entity becoming insolvent. It should be noted that the call under the guarantee is on demand, and as such the demand is at the discretion of AFFL in its capacity as sole Lender.

There is security between the banking sub groups, Oasis and Warehouse, Coast and Karen Millen and certain of their trading subsidiaries in favour of AFFL, in the form of fixed and floating charges over the undertakings and all property and assets. The net book value of assets are contained within the individual entities' statutory accounts.

#### Related parties 27.

The Group has a related party relationship with its directors, with the undertakings which form the Aurora Group and with its ultimate parent company, Kaupthing Bank hf.

The Company has taken advantage of the exemption in Financial Reporting Standard FRS 102 33.1A Related Parties Transactions not to disclose transactions with fellow wholly owned subsidiary undertakings of the group headed by Aurora Fashions Group Limited.
