JLW EXCELLENT HOMES FOR LIFE HOLDING COMPANY LIMITED

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 DECEMBER 2018

The Directors present their annual report and audited financial statements for the year ended 31 December 2018.

Principal activities

The principle activity of the Group continued to be the build, lifecycle maintenance and management of the Kirklees Social Housing PFI project.

There have not been any significant changes in the Group's principal activities in the year under review.

John Laing Infrastructure Fund Limited which was the Company's ultimate parent company was taken over on 28 September 2018 by Jura Acquisition Limited, a newly formed Guernsey registered company and a subsidiary of Jura Holdings Limited owned by consortium jointly-led by funds managed by Dalmore Capital Limited and Equitix Investment Management Limited. The Directors now regard Jura Holdings Limited as the ultimate parent of the Company. On 12 October 2018, John Laing Infrastructure Fund Limited was renamed Jura Infrastructure Limited.

Directors

The Directors who held office during the year and up to the date of signature of the financial statements were as follows:

G Walker	(Resigned 5 September 2018)
J Heath	(Resigned 30 April 2018)
V Everett	(Appointed 30 April 2018)
J Sutcliffe	(Appointed 5 September 2018)

Going concern

The Directors have a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis in preparing the annual financial statements. Further details regarding the adoption of the going concern basis can be found in the accounting policies in the notes to the financial statements.

Results

The results for the year are set out on page 7.

Qualifying third party indemnity provisions

The Group has made qualifying third party indemnity provisions for the benefit of its directors during the year. These provisions remain in force at the reporting date.

Financial risk management objectives and policies

Liquidity risk

The Group manages its cash and borrowing requirements in order to maximise interest income and minimise interest expense, whilst ensuring the Group has sufficient liquid resources to meet the operating needs of the business. At the start of the PFI contract, the Group negotiated debt facilities with an external party to ensure that the Group has sufficient funds over the life of the PFI concession.

Interest rate risk

The Group's borrowings expose it to cash flow risk primarily due to the financial risks of changes in interest rates. The Group uses interest rate derivatives to manage the risk and reduce its exposure to changes in interest rates.

JLW EXCELLENT HOMES FOR LIFE HOLDING COMPANY LIMITED

DIRECTORS' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2018

Credit risk

The Group's principal financial assets are cash, financial assets and trade and other receivables. The Group's credit risk is primarily attributable to its trade receivables which are with one counterparty, although in the opinion of the board of directors this risk is limited as the receivables are with a local government authority.

Lifecycle risk

Lifecycle expenditure is the main risk to the business. The risk being that the allowance for lifecycle costs factored into the financial model is insufficient to cover future lifecycle expenditure, thus resulting in lower profitability and reduced distributions. This mitigated by regular lifecycle reviews undertaken by the management services provider and a detailed lifecycle review performed every five years.

Future developments

The Directors are not aware, at the date of this report, of any major changes in the Group's activities in the next year.

Auditor

The auditor, Deloitte LLP, is deemed to be reappointed under section 487(2) of the Companies Act 2006.

Statement of disclosure to auditor

Each of the Directors in office at the date of approval of this annual report confirms that:

- so far as the Director is aware, there is no relevant audit information of which the Group's auditor is unaware, and
- the Director has taken all the steps that he / she ought to have taken as a director in order to make himself / herself aware of any relevant audit information and to establish that the Group's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of section 418 of the Companies Act 2006.

The Directors' report has been prepared in accordance with the special provisions relating to small companies within Part 15 of the Companies Act 2006.

On behalf of the board

J Sutcliffe

Director

JLW EXCELLENT HOMES FOR LIFE HOLDING COMPANY LIMITED

DIRECTORS' RESPONSIBILITIES STATEMENT

FOR THE YEAR ENDED 31 DECEMBER 2018

The Directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland". Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Group and Company, and of the profit or loss of the Group for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group and Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Group's and Company's transactions and disclose with reasonable accuracy at any time the financial position of the Group and Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Group and Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

JLW EXCELLENT HOMES FOR LIFE HOLDING COMPANY LIMITED

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF JLW EXCELLENT HOMES FOR LIFE HOLDING COMPANY LIMITED

Report on the audit of the financial statements

Opinion

In our opinion the financial statements of JLW Excellent Homes for Life Holding Company Limited (the 'parent company') and its subsidiaries (the 'group') :

- give a true and fair view of the state of the group's and of the parent company's affairs as at 31 December 2018 and of the group's profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland"; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements which comprise:

- the Group statement of comprehensive income;
- the Group balance sheet;
- the Company balance sheet;
- the Group statement of changes in equity;
- the Company statement of changes in equity;
- the Group statement of cash flows; and
- the related notes on pages 13 - 28.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's *responsibilities for the audit of the financial statements* section of our report.

We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's ('FRC's') Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We are required by ISAs (UK) to report in respect of the following matters where:

- the Directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the Directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the Group's or the Company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

We have nothing to report in respect of these matters.

JLW EXCELLENT HOMES FOR LIFE HOLDING COMPANY LIMITED

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

TO THE MEMBERS OF JLW EXCELLENT HOMES FOR LIFE HOLDING COMPANY LIMITED

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of directors

As explained more fully in the Directors' responsibilities statement, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Group's and the parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the parent company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: <http://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

Report on other legal and regulatory requirements

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Directors' report has been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the Group and the Company and their environment obtained in the course of the audit, we have not identified any material misstatements in the Directors' report.

JLW EXCELLENT HOMES FOR LIFE HOLDING COMPANY LIMITED

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

TO THE MEMBERS OF JLW EXCELLENT HOMES FOR LIFE HOLDING COMPANY LIMITED

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report in respect of the following matters if, in our opinion:

- adequate accounting records have not been kept by the Company, or returns adequate for our audit have not been received from branches not visited by us; or
- the Company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the Directors were not entitled to take advantage of the small companies' exemptions in preparing the Directors' report and from the requirement to prepare a strategic report.

We have nothing to report in respect of these matters.

Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

JLW EXCELLENT HOMES FOR LIFE HOLDING COMPANY LIMITED

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2018

1 Accounting policies

Company information

JLW Excellent Homes for Life Holding Company Limited is a private company limited by shares, domiciled and incorporated in the United Kingdom and registered in England and Wales. The registered office is 8 White Oak Square, London Road, Swanley, Kent, BR8 7AG.

1.1 Accounting convention

These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006.

The financial statements are prepared in pounds sterling, which is the functional currency of the Company. Monetary amounts in these financial statements are rounded to the nearest £'000.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

The Company meets the definition of a qualifying entity under FRS 102 and has therefore taken advantage of the disclosure exemptions available to it in respect of its parent financial statements. The Company is consolidated in these financial statements. Exemptions have been taken in these parent company financial statements in relation to presentation of a company statement of cashflows.

1.2 Basis of consolidation

The Group financial statements consolidate the financial statements of the Company and its subsidiary undertaking drawn up to 31 December each year. The subsidiary has a year ended of 31 December 2018.

1.3 Going concern

The Company exists to hold investments in its subsidiary that provides services under certain private finance agreements. The subsidiary is set up as a Special Purpose Company under non-recourse arrangements and therefore the Company has limited its exposure to the liabilities. In the event of default of the subsidiary, the exposure is limited to the extent of the investment it has made.

The Group is in a net liabilities position as at 31 December 2018 due to the fair value of the interest rate swaps and the refinance costs incurred. The Directors have reviewed the Group's forecasts and projections, taking into account future cash requirements and forecast receipts, which show that the Group can continue to meet its debts as they fall due.

The Directors therefore, at the time of approving the financial statements, have a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the financial statements.

1.4 Turnover

Turnover is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business, net of discounts, VAT and other sales related taxes.

Income received in respect of the service concession is allocated between revenue and capital repayment of, and interest income on, the PFI financial asset using the effective interest rate method. Service revenue is recognised as a margin on non-pass-through operating and maintenance costs.

JLW EXCELLENT HOMES FOR LIFE HOLDING COMPANY LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2018

1 Accounting policies

(Continued)

Pass through income represents the direct pass through of recoverable costs, as specified in the Project Agreement.

Variation income relates to the recharge of costs incurred for the alteration of the facilities or the services provided, requested by the Authority.

1.5 Fixed asset investments

A subsidiary is an entity controlled by the Group. Control is the power to govern the financial and operating policies of the entity so as to obtain benefits from its activities.

1.6 Cash and cash equivalents

Cash and cash equivalents are basic financial assets and include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.7 Financial instruments

The Group has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the Group's balance sheet when the Group becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the balance sheet, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Loans and receivables

Trade debtors, loans and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as 'loans and receivables'. Loans and receivables are measured at amortised cost using the effective interest method, less any impairment.

Interest is recognised by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial. The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating the interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the debt instrument to the net carrying amount on initial recognition.

JLW EXCELLENT HOMES FOR LIFE HOLDING COMPANY LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2018

1 Accounting policies

(Continued)

Service concession

The Group has been established to provide services under certain private finance agreements with Kirklees Council (the Authority). Under the terms of these Agreements, the Authority (as grantor) controls the services to be provided by the Group over the contract term. Based on the contractual arrangements the Group has classified the project as a service concession arrangement, and has accounted for the principal assets of, and income streams from, the project in accordance with FRS 102, Section 34.12 Service Concession Arrangements.

The Group has chosen to adopt the transitional arrangements available within FRS 102, Section 35.10 (i) and as such the service concession arrangement has continued to be accounted for using the same accounting policies being applied at the date of transition to FRS 102 (1 January 2014). The nature of the asset has therefore not changed; however, there was a change in the description from Finance Debtor to Financial Asset.

Under the terms of the arrangement, the Group has the right to receive a baseline contractual payment stream for the provision of the services from or at the direction of the grantor (the Authority) and as such the asset is accounted for as a financial asset. The financial asset has initially been recognised at the fair value of the consideration received, based on the fair value of the construction (or upgrade) services, plus any directly attributable transaction costs, provided in line with FRS 102.

Impairment of financial assets

Financial assets, other than those held at fair value through profit and loss, are assessed for indicators of impairment at each reporting end date.

Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows have been affected. If an asset is impaired, the impairment loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment loss is recognised in profit or loss.

If there is a decrease in the impairment loss arising from an event occurring after the impairment was recognised, the impairment is reversed. The reversal is such that the current carrying amount does not exceed what the carrying amount would have been, had the impairment not previously been recognised. The impairment reversal is recognised in profit or loss.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire or are settled, or when the Group transfers the financial asset and substantially all the risks and rewards of ownership to another entity, or if some significant risks and rewards of ownership are retained but control of the asset has transferred to another party that is able to sell the asset in its entirety to an unrelated third party.

Classification of financial liabilities

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities.

JLW EXCELLENT HOMES FOR LIFE HOLDING COMPANY LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2018

1 Accounting policies

(Continued)

Basic financial liabilities

Basic financial liabilities, including creditors, bank loans, loans from fellow group companies and preference shares that are classified as debt, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Other financial liabilities

Derivatives, including interest rate swaps, are not basic financial instruments. Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value. Changes in the fair value of derivatives are recognised in profit or loss in finance costs or finance income as appropriate, unless hedge accounting is applied and the hedge is a cash flow hedge.

Debt instruments that do not meet the conditions in FRS 102 paragraph 11.9 are subsequently measured at fair value through profit or loss. Debt instruments may be designated as being measured at fair value through profit or loss to eliminate or reduce an accounting mismatch or if the instruments are measured and their performance evaluated on a fair value basis in accordance with a documented risk management or investment strategy.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities.

Derecognition of financial liabilities

Financial liabilities are derecognised when the group's contractual obligations expire or are discharged or cancelled.

1.8 Equity instruments

Equity instruments issued by the group are recorded at the proceeds received, net of transaction costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the group.

1.9 Derivatives

Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to fair value at each reporting end date. The resulting gain or loss is recognised in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedge relationship.

A derivative with a positive fair value is recognised as a financial asset, whereas a derivative with a negative fair value is recognised as a financial liability.

The Group does not hold or issue derivative financial instruments for speculative purposes.

JLW EXCELLENT HOMES FOR LIFE HOLDING COMPANY LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2018

1 Accounting policies

(Continued)

Hedge accounting

The Group designates certain hedging instruments, including derivatives, embedded derivatives and non-derivatives, as either fair value hedges or cash flow hedges.

At the inception of the hedge relationship, the Group documents the relationship between the hedging instrument and the hedged item along with risk management objectives and strategy for undertaking various hedge transactions. At the inception of the hedge and on an ongoing basis, the Group documents whether the hedging instrument is highly effective in offsetting changes in fair values or cash flows of the hedged item.

Cash flow hedges

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income.

The gain or loss relating to the ineffective portion is recognised immediately in profit or loss, and is included in the 'other gains and losses' line in this item.

Amounts previously recognised in other comprehensive income and accumulated in equity are reclassified to profit or loss in the periods when the hedged item is recognised in the profit or loss in the same line as the recognised hedged item. However when the forecast transaction that is hedged results in the recognition of a non-financial asset or liability, the gains and losses previously accumulated in equity are transferred from equity and included in the initial measurement of the cost of the asset or liability concerned.

1.10 Taxation

The tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the profit and loss account because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

Deferred tax

Deferred tax liabilities are generally recognised for all timing differences and deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Such assets and liabilities are not recognised if the timing difference arises from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each reporting end date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised. Deferred tax is charged or credited in the profit and loss account, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity. Deferred tax assets and liabilities are offset if, and only if, there is a legally enforceable right to offset current tax assets and liabilities and the deferred tax assets and liabilities relate to taxes levied by the same tax authority.

Where items recognised in other comprehensive income or equity are chargeable to or deductible for tax purposes, the resulting current or deferred tax expense or income is presented in the same component of comprehensive income or equity as the transaction or other event that resulted in the tax expense or income.

JLW EXCELLENT HOMES FOR LIFE HOLDING COMPANY LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2018

2 Critical accounting judgements and key sources of estimation uncertainty

In the application of the Group's accounting policies, the Directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

Critical judgements

The following judgements (apart from those involving estimates) have had the most significant effect on amounts recognised in the financial statements.

Hedge accounting

The Directors consider the Group to have met the criteria for hedge accounting and the Group has therefore recognised fair value movements on derivatives in effective hedging relationships through other comprehensive income as well as the deferred tax thereon.

Key sources of estimation uncertainty

The estimates and assumptions which have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities are as follows.

Valuation of derivative financial instruments

The Directors use their judgement in selecting a suitable valuation technique for derivative financial instruments. All derivative financial instruments are valued at the mark to market valuation provided by the derivative counterparty. In these cases, the Group uses valuation techniques to assess the reasonableness of the valuation provided by the derivative counterparty. These techniques use a discounted cash flow analysis based on market observable inputs derived from similar instruments in similar and active markets. The fair value of derivative financial instruments at the balance sheet date was a liability of £4,813,000 (2017: £6,209,000 liability). The Directors do not consider the impact of own credit risk to be material.

Service concession arrangement

As disclosed in Note 1, the Group accounts for the project as a service concession arrangement. The Directors use their judgement in selecting the appropriate financial asset rate to be applied in order to allocate the income received between revenue, and capital repayment of and interest income on the financial asset; and also the service margin that is used to recognise service revenue. The Directors have also used their judgement in assessing the appropriateness of the future maintenance costs that are included in the Group's forecasts. The Directors will continue to monitor the condition of the assets and undertake a regular review of maintenance spend.

7 Interest receivable and similar income

	2018 £'000	2017 £'000
Interest income		
Other interest income	4,003	4,188
Other income from investments		
Gains on financial instruments measured at fair value through profit or loss	72	-
Total interest income	<u>4,075</u>	<u>4,188</u>

Other interest includes income of £72,000 (2017: £55,000) generated from the upstream loan.

8 Interest payable and similar expenses

	2018 £'000	2017 £'000
Interest on financial liabilities measured at amortised cost:		
Interest on bank overdrafts and loans	2,322	2,364
Interest payable to group undertakings	782	794
Other finance costs:		
Other interest	-	74
Total finance costs	<u>3,104</u>	<u>3,232</u>

9 Taxation

	2018 £'000	2017 £'000
Current tax		
UK corporation tax on profits for the current period	234	238

For the year ended 31 December 2018, the UK rate of 19% is applied

The Finance (No 2) Act 2015, which provides for reductions in the main rate of corporation tax from 20% to 19% effective 1 April 2017 and to 18% effective 1 April 2020, was substantively enacted on 26 October 2015. Subsequently, the Finance Act 2016, which provided a further reduction in the main rate of corporation tax to 17% effective 1 April 2020, was substantively enacted on 6 September 2016. These rate reductions have been reflected in the calculation of deferred tax at the balance sheet date.

FOR THE YEAR ENDED 31 DECEMBER 2018

16 Financial instruments

(Continued)

Derivative financial instruments

The swaps have a fixed interest rate of 1.587% (Mitsubishi UFJ Securities International Plc) and 2.994% (Nord LB) and both expire in June 2033. The interest rate swaps settle on a semi-annual basis. The floating rate on the interest rate swaps is six months' LIBOR. The Company will settle the difference between the fixed and floating interest rate on a net basis.

All interest rate swap contracts are designated as hedges of variable interest rate risk of the Company's floating rate borrowings. The hedged cash flows are expected to occur and to affect profit or loss over the period to maturity of the interest rate swaps.

The fair value of the derivative financial instrument above comprise the fair of the interest rate swap designated in an effective hedging relationship. The change in fair value of the interest rate swap that was recognised in other comprehensive income in the period was a gain of £1,326,000 (2017: a gain of £690,000).

17 Loans and overdrafts

	Group 2018 £'000	2017 £'000	Company 2018 £'000	2017 £'000
Bank loans	56,484	59,949	-	-
Loans due to parent undertakings	6,562	6,697	6,562	6,697

Payable within one year	3,396	3,603	118	-
Payable after one year	<u>59,650</u>	<u>63,043</u>	<u>6,444</u>	<u>6,697</u>

The loans are secured by a fixed and floating charge over all the assets of the Group and a charge over the shares of the Group.

JLW EXCELLENT HOMES FOR LIFE HOLDING COMPANY LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2018

17 Loans and overdrafts

(Continued)

Bank loans

The Company has facilities provided by Norddeutsche Landesbank Girozentrale and Bank of Tokyo Mitsubishi UFG in order to finance the project.

The facility financing fees were capitalised and are amortised over the loan repayment period.

The loan is repayable in instalments based on an agreed percentage amount of the total facilities per annum until the end of 2033.

Interest on the facility is charged at rates linked to LIBOR. The Company has entered into fixed interest rate swaps to mitigate its interest rate exposure. The fixed interest rate on the Senior Term Facility, including all margins, is 4.294%.

Subordinated debt loan

At the year end the Company owed £6,562,000 (2017: £6,697,000) in loans and accrued interest of £195,567 (2017: £199,853) to the immediate parent company, JLIF Holdings (Regeneration and Social Housing) Limited, split £1,312,000 (2017: £1,339,000) 'A' Loan Notes and £5,250,000 (2017: £5,358,000) 'B' Loan Notes. The subordinated debt is unsecured and is subject to interest at 10.99% on the 'A' Loan Notes and 11.93% on the 'B' Loan Notes. The debt is repayable by instalments from surplus funds to 30th June 2034.

18 Deferred taxation

Deferred tax assets and liabilities are offset where the Group or Company has a legally enforceable right to do so. The following is the analysis of the deferred tax balances (after offset) for financial reporting purposes:

	Assets 2018 £'000	Assets 2017 £'000
Group		
Tax losses	310	588
Deferred tax on interest rate swap fair value	778	1,003
	<u>1,088</u>	<u>1,591</u>

The Company has no deferred tax assets or liabilities.

	Group 2018 £'000	Company 2018 £'000
Movements in the year:		
Liability/(asset) at 1 January 2018	(1,591)	-
Charge to profit or loss	234	-
Charge to other comprehensive income	225	-
Other	44	-
	<u>(1,088)</u>	<u>-</u>
Liability/(asset) at 31 December 2018	(1,088)	-

JLW EXCELLENT HOMES FOR LIFE HOLDING COMPANY LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2018

18 Deferred taxation

(Continued)

During the year beginning 1 January 2019, the net reversal of deferred tax assets and liabilities is expected to be £100,422. The net reversal of the deferred tax asset will have no impact on the corporation tax charge for next year.

The deferred tax asset in relation to the interest rate swap liability is expected to affect profit or loss over the period to maturity of the interest rate swap.

19 Called up share capital

	Group and company	
	2018	2017
Ordinary share capital	£'000	£'000
Issued and fully paid		
50,000 ordinary shares of £1 each	50	50
	<u>50</u>	<u>50</u>

Other reserves

The Group's other reserves are as follows:

The profit and loss reserve represents cumulative profits or losses.

The hedging reserve represents the cumulative portion of gains and losses on hedging instruments deemed effective in hedging variable interest rate risk of recognised financial instruments. Amounts accumulated in this reserve are reclassified to profit or loss in the periods in which the hedged item affects profit or loss or when the hedging relationship ends.

20 Related party transactions

No guarantees have been given or received.

As a wholly owned subsidiary of Jura Infrastructure Limited, the Group has taken advantage of the exemption under FRS 102 Section 33 not to provide information on related party transactions with other undertakings in the Jura Infrastructure Limited group. A copy of the published financial statements of Jura Infrastructure Limited can be obtained from www.jlifif.com.

21 Controlling party

The Company's immediate parent company is JLIF Limited Partnership. The smallest and largest group in which the Company's results are consolidated is JLW Excellent Homes for Life Holding Company Limited.

The Company's ultimate parent and controlling entity was John Laing Infrastructure Fund Limited. John Laing Infrastructure Fund Limited was taken over on 28 September 2018 by Jura Acquisition Limited, a newly formed Guernsey registered company and a subsidiary of Jura Holdings Limited owned by a consortium jointly-led by funds managed by Dalmore Capital Limited and Equitix Investment Management Limited. The Directors now regard Jura Holdings Limited as the ultimate parent and controlling entity of the Company. On 12 October 2018, John Laing Infrastructure Fund Limited was renamed Jura Infrastructure Limited. A copy of the financial statements of Jura Infrastructure Limited can be obtained from its registered office at Heritage Hall, PO Box 225, Le Marchant Street, St Peter Port, Guernsey, GY1 4HY.
