Approved by the board on the 13th April 2015

The attached notes on pages 2 and 3 form part of these accounts.

DAVENTRY PALLETS LTD
NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 28th FEBRUARY 2015

1. Accounting policies

a) Convention

These accounts have been prepared in accordance with the historical cost convention and the Financial Reporting Standard for Smaller Entities (effective April 2008).

b) Revenue recognition

Revenue is recognised at the time of delivery of the product to the customer. All the turnover is to customers within the United Kingdom.

c) Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following basis:

Plant & equipment	- 20% per annum reducing balance
Motor vehicles	- 25% per annum reducing balance

d) Deferred taxation

The charge for taxation takes into account taxation deferred as a result of timing differences between the treatment of certain items for taxation and accounting purposes. In general, deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. However, deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred taxation is measured on a non-discounted basis at the average tax rates that would apply when the timing differences are expected to reverse, based on tax rates and laws that have been enacted by the balance sheet.

e) Stocks

Stock is stated at the lower of cost and net realisable value.

f) Leasing and hire purchase contracts

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profit as incurred.

Assets held under finance leases and hire purchase contracts are capitalised and depreciated over their useful lives. The corresponding lease or hire purchase obligation is treated in the balance sheet as a liability. The interest element of rental obligations is charged to profit and loss account over the period of the lease at a constant proportion of the outstanding balance of capital repayments.
