TARMAC HOLDINGS LIMITED

STRATEGIC REPORT

PRINCIPAL ACTIVITIES

The principal activity of the Company is that of an intermediate holding company. The Directors do not anticipate a change in this activity for the foreseeable future.

Tarmac Holdings Limited is part of the CRH Group. Tarmac Holdings Limited and its subsidiaries are referred to throughout as Tarmac, and CRH plc and its subsidiaries are referred to as the Group.

BUSINESS REVIEW

Financial performance

During the year, the Company generated an operating profit of £nil (2017: £0.1 million).

Balance sheet

At 31 December 2018, the Company had net assets of £1,712.5 million (2017: £1,752.7 million) and net current liabilities of £97.8 million (2017: £58.0 million net current liabilities).

Key performance indicators

In order to realise its strategic aims, the Company has identified areas of particular focus and has put into place a number of Key Performance Indicators (KPIs) to measure and assess progress against them. The following indicators are calculated for the continuing operations of the Company and before exceptional items:

	2018	2017
Net assets	£1,712.5m	£1,752.7m
LTIFR (Lost time injuries frequency rate)*	0.51	0.45

**This is measured across the Tarmac group.*

TARMAC HOLDINGS LIMITED

STRATEGIC REPORT (continued)

PRINCIPAL RISKS AND UNCERTAINTIES

The principal risks and uncertainties facing the Company's trading subsidiaries are considered to be:

- External market outlook - as noted in the "Future Developments" section in the Directors' Report, changes in the UK macro-environment and government policy could impact Tarmac's performance. Tarmac's continues to monitor the market and government policy to mitigate risks where possible. In addition, adverse weather conditions in the short term may also have an impact on Tarmac's performance;
- Competitive environment - increased competition could impact Tarmac's volumes and margins. The Company benefits from being part of a vertically integrated business, and is therefore able to leverage on other Tarmac companies in order to differentiate itself from its competitors. Tarmac's principal objective is to develop sustainable building solutions for its customers;
- Health & safety - see separate section below;
- Liquidity and cash flow risk - in order to maintain liquidity, the Company's funding requirements are under constant review. The Company is part of a Tarmac wide cash pooling arrangement and as such the cash is managed at a Tarmac level. Cash is able to be placed on deposit within the CRH Group cash pooling system which allows advantageous interest rates to be gained on cash put on deposit. Cash placed with CRH is able to be accessed by Tarmac at any time;
- Credit risk - the Company's principal financial assets are cash and bank balances, inter group and other receivables. The Company's credit risk is primarily attributable to its other receivables. The amounts presented in the balance sheet are stated net of allowances for doubtful receivables. The Company has no significant concentration of credit risk;
- Interest rate risk - the Company has interest rate exposure primarily on its amounts owed to Group undertakings. The Company has no significant further exposure to interest rate risk; and
- Price risk - Tarmac seeks to mitigate its exposure to commodity price risk through using appropriate pricing mechanisms in the course of business with its customers.

TARMAC HOLDINGS LIMITED

STRATEGIC REPORT (continued)

SUSTAINABILITY

As the UK's leading construction solutions and building materials business, Tarmac's products and services help to create the fabric of the infrastructure and buildings around us.

Sustainability remains a cornerstone to managing the long term future of our business, and plays a fundamental role in shaping our growth strategy. It also underpins our Group vision of being the world's leading building materials company. For Tarmac, it encompasses how we keep our people safe; how we build a business that people want to work for; and how we foster ever closer relationships with local communities around our sites. It considers how we manage our operations to optimise environmental, social and economic performance; how we ensure strong financial and ethical governance; and how we build stronger relationships with customers and anticipate their requirements.

Tarmac has continued to make good progress against its ambitious 2020 milestones. We are particularly proud of our progress on the development of young people and our continued involvement in the 5% Club, a dynamic movement of UK employers working to create 'earn as you learn' skills training opportunities. We were also extremely proud to be awarded top prize at the Global Good Awards, in recognition for our partnership with our schools sustainability engagement programme Solutions for the Planet.

We reinforced our focus on managing a responsible and ethical supply chain and were pleased to become one of only a handful of organisations, to secure third party verification to BES 6002, the Ethical Labour Sourcing Standard. In 2018 we also published our first Gender Pay Gap report, in accordance with the new UK gender pay gap legislation: <https://www.tarmac.com/about-us/gender-pay-gap-report/>

Our pledge to contribute to a circular economy through the efficient use of primary natural resources continued, with the reuse and recycling of around 8 million tonnes of waste and secondary materials from other businesses. And our sites and offices continued to maintain certification to ISO 14001, Environmental management standard, the Occupational Health and Safety Management Standard, OHSAS 18001 and ISO 50001, the Energy Management Standard.

Our business has also continued to invest in and innovate the materials and services we provide to customers. During the year we were involved in some of the UK's most prestigious construction projects and have seen success in engaging customers around new solutions such as ULTILOW, a low temperature asphalt with a reduced carbon footprint, ULTIGRIP, a new skid-resistant asphalt, which delivers improved road safety and supports the customer with whole-life cost savings and ULTIPATCH SITEMIX, a pothole repair solution which won Product of the Year at the 2018 Highways Awards.

As we look ahead to 2019 and beyond, progress toward our sustainability targets will continue, as we integrate more closely with CRH to support the delivery of Group-wide sustainability objectives.

For more information see our Sustainability Report 2018: <http://sustainability-report.tarmac.com/>

TARMAC HOLDINGS LIMITED

STRATEGIC REPORT (continued)

HEALTH AND SAFETY

The health and safety of employees and contractors is fundamental to Tarmac's business, and one of its core values. Tarmac continued to embed its policy of Work Safe Home Safe during 2018 and its commitment to ensure nobody is adversely affected by Tarmac activities as a result.

The Tarmac 3 year health and safety strategy continues to be built on 4 key principles of Leadership & Culture, Assurance & Governance, Communication & Engagement and Management Systems. Developing processes that embed the 4 principles into the way Tarmac does business and support the risk based approach to operational management that defines suitable controls to risks in the business.

Building employee engagement and involvement continues to be a primary focus area for Tarmac. Encouraging employees and contractors to report incidents and near hits is an essential indicator of engagement. Tarmac extended its commitment to Senior Leadership interaction (SLI) during 2018 with the requirement for SLI activity extended to the direct reports of the Tarmac executive team.

It is important to note the Recordable Case data below is on a Tarmac wide basis but does not include business acquisitions made during 2018.

In 2018 there were zero fatalities (2017: 2) and 14 Lost Time Injuries (2017: 11) and the consequent Lost Time Injury Frequency Rate was 0.51 (2017: 0.45) (defined as the number of accidents per 1,000,000 hours worked).

Also 2018 there were 15 Medical Treatment Cases (2017: 10), 6 Modified Work Duty cases (2017: 5), 60 First Aid Cases (2017: 56) and 71 Non-Treatment Injuries (2017: 82). The Total Recordable Case Frequency Rate was 1.19 (2017: 1.02), based on 33 incidents (2017: 27). Total Recordable Cases include Lost Time Injuries, Medical Treatment Cases and Modified Work Duty cases.

A total of 52 high potential incidents were recorded for 2018 (defined as incidents that had a realistic chance of fatal or life-changing consequences) (2017: 91).

For all incidents, each is investigated to an appropriate level of detail and learning points are cascaded throughout the organisation.

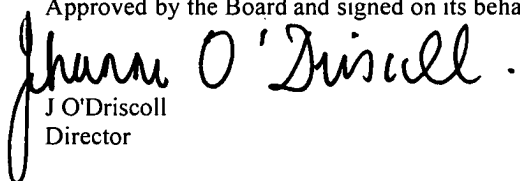

TARMAC HOLDINGS LIMITED

STRATEGIC REPORT (continued)

LOCAL COMMUNITIES AND PARTNERSHIPS

Local communities and partnership arrangements are managed on a Tarmac wide basis. In Tarmac's recently launched Sustainability Strategy, a commitment was made to delivering a net positive contribution to the communities that Tarmac operates in. Apart from the contribution that Tarmac makes as a major employer and buyer of goods and services, Tarmac also builds local partnerships with community organisations to enhance biodiversity, support youth employment and education. As part of this journey to deliver a net positive contribution, Tarmac is enhancing community engagement to explain Tarmac's activities, but also seek feedback. This includes a continued commitment to involving, engaging and consulting local communities in connection with plans for new operations or alterations to existing operations, prior to formal planning permissions being sought. As such, a range of communication methods are in place for each major operational site including community liaison groups, websites, site visits, newsletters and social media.

TARMAC HOLDINGS LIMITED

DIRECTORS' REPORT

The Directors present their annual report and the audited financial statements of Tarmac Holdings Limited ("the Company"), a private company limited by shares, incorporated and domiciled in England and Wales operating under the Companies Act 2006, for the year ended 31 December 2018.

GOING CONCERN

The Directors have considered going concern in preparing these financial statements. The Company operates as part of the Tarmac cash pooling arrangement. Each company participating in the cash pooling arrangement has a memorandum balance, with the true balance at bank being the sum of all of the memorandum balances. While the overall balance at bank in the cash pool is usually maintained as a positive cash balance, there are points in time during which the overall balance may temporarily fall into an overdraft position. The nature of the cash pooling arrangement increases the risk to the Company of withdrawing cash balances in full on demand, in the event of other Tarmac companies having overdraft positions. The Directors do not consider that this presents a material risk to the Company regarding the availability of cash balances to continue operations under the normal course of business.

The Company is in a net current liabilities position. After making enquiries and based on confirmation of ongoing support from the Company's parent company, CRH plc, the directors have formed a judgement, at the time of approving the financial statements, that there is a reasonable expectation that the Company will have adequate resources to continue in operational existence for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing the financial statements.

DIVIDEND AND TRANSFERS TO RESERVES

Dividends paid in the year amounted to £42.0 million (2017: £nil). The Company's profit for the year of £1.8 million (2017: £807.3million) has been transferred to reserves.

FUTURE DEVELOPMENTS

Market conditions remain challenging on the back of the political uncertainty and continuing Brexit impacts. Market growth is expected to be flat at best year on year with big infrastructure projects delayed until 2020 onwards. The medium to long term prospects remain positive given the level of investment which is required in UK infrastructure and the confirmation the Government has given for their support for a number of key infrastructure projects in the UK pipeline. Management remain focused on what can be controlled as a business and will continue to work towards investing in construction solutions for the future.

DIRECTORS

The Directors of the Company throughout the year and to the date of this report, except where otherwise stated, were as follows:

M J Choules
J M Greenwood
M W Joel
J O Mahon
J O'Driscoll (appointed 10 January 2018)
M K Riley
D T Creedon (resigned 10 January 2018)

TARMAC HOLDINGS LIMITED

DIRECTORS' REPORT (continued)

DIRECTORS' INDEMNITIES

The Articles of Association of the Company contain an indemnity in favour of all of the Directors of the Company that, subject to law, indemnifies the Directors, out of the assets of the Company, from any liability incurred by them in defending any proceedings in which judgement is given in their favour (or otherwise disposed of without any finding or admission of any material breach of duty on their part).

AUDITOR

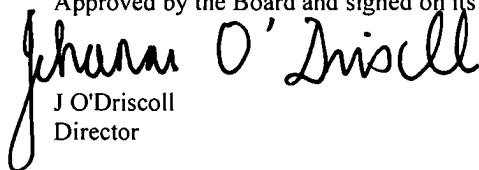

Disclosure of information to the auditors

Each Director has taken steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the Company's auditor is aware of that information. The Directors confirm that there is no relevant information that they know of and of which they know the auditor is unaware.

Reappointment of auditors

Ernst & Young LLP have indicated their willingness to be reappointed as auditor. No notice in accordance with s488 of the Companies Act 2006 (which would operate to prevent the deemed reappointment of auditors under s487(2) of that Act) has been or is expected to be received and accordingly the necessary conditions are in place for the deemed reappointment of the auditors to take place in the absence of an Annual General Meeting.

Approved by the Board and signed on its behalf by:

J O'Driscoll
Director

19 September 2019

TARMAC HOLDINGS LIMITED

DIRECTORS' RESPONSIBILITY STATEMENT

The Directors acknowledge their responsibilities for preparing the annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under Company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF TARMAC HOLDINGS LIMITED

Opinion

We have audited the financial statements of Tarmac Holdings Limited (the 'Company') for the year ended 31 December 2018, which comprise the Profit and Loss Account, Statement of Comprehensive Income, Balance Sheet, Statement of Changes in Equity, and the related notes 1 to 18, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 101 'Reduced Disclosure Framework'.

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 December 2018 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report below. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in this report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF TARMAC HOLDINGS LIMITED (continued)

Opinion on other matter prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic Report and the Directors' Report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of our knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic Report and the Directors' Report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the Directors' Responsibility Statement set out on page 8, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF TARMAC HOLDINGS LIMITED (continued)

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

TARMAC HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended 31 December 2018

1 General information

Tarmac Holdings Limited is a private company limited by shares, incorporated and domiciled in England and Wales operating under the Companies Act 2006. The address of the registered office is Portland House, Bickenhill Lane, Solihull, Birmingham B37 7BQ. The nature of the Company's operations and its principal activities are set out in the Strategic Report on page 1.

These financial statements were prepared in accordance with United Kingdom Generally Accepted Accounting Practice including Financial Reporting Standard 101 'Reduced Disclosure Framework' (FRS 101) and in accordance with applicable accounting standards. The financial statements have been prepared on the historical cost basis. The principal accounting policies adopted are set out in note 3.

These financial statements are presented in pounds sterling because that is the currency of the primary economic environment in which the Company operates.

These financial statements are separate financial statements. The Company is exempt from the preparation of consolidated financial statements under s400 of the Companies Act, because it is included in the group financial statements of CRH plc.

As permitted by FRS 101, the Company has taken advantage of the disclosure exemptions available under that standard including:

- the requirements of IFRS 7 Financial Instruments: Disclosures,
- the requirements of paragraphs 91-99 of IFRS 13 Fair Value Measurement
- the requirement in paragraph 38 of IAS 1 'Presentation of Financial Statements' to present comparative information in respect of: (i) paragraph 79(a)(iv) of IAS 1 and (ii) paragraph 73(e) of IAS 16 Property, Plant and Equipment; and (iii) paragraph 118(e) of IAS 38 Intangible Assets
- the requirements of paragraphs 10(d), 10(f), 16, 38(a), 38(b), 38(c), 38(d), 40(a), 40(b), 40(c), 40(d), 111 and 134-136 of IAS 1 Presentation of Financial Statements
- the requirements of IAS 7 Statement of Cash Flows
- the requirements of paragraphs 30 and 31 of IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors
- the requirements of paragraph 17 and 18(a) of IAS 24 Related Party Disclosures
- the requirements in IAS 24 Related Party Disclosures to disclose related party transactions entered into between two or more members of a group, provided that any subsidiary which is a party to the transaction is wholly owned by such a member
- the requirements of paragraphs 130(f)(ii), 130(f)(iii), 134(d)-134(f) and 135(c)-135(e) of IAS 36 Impairment of Assets

Where required, equivalent disclosures are given in the group accounts of CRH plc. The group accounts of CRH plc are available to the public and can be obtained as set out in note 17.

The financial statements have been prepared on a going concern basis as discussed in the Directors' Report on page 6.

TARMAC HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

For the Year Ended 31 December 2018

2 Adoption of new and revised Standards

In the current year, the following new standards or amendments became effective and required adoption by the Company:

- IFRS 9 Financial Instruments
- IFRS 15 Revenue from Contracts with Customers

None of the above have resulted in any material changes in accounting policies and no adjustments were required to the amounts recognised in the Company's financial statements.

3 Significant accounting policies

Foreign currency transactions and balances

Transactions denominated in foreign currencies are recorded at the rates ruling on the date of the transaction. At the balance sheet date, monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at that date. Foreign exchange differences arising on translation are recognised in the profit and loss account.

Investments

Investments in subsidiaries and participating interests are stated at cost less provision for impairment.

Dividends

Dividend distribution to the company's shareholders is recognised as a liability in the company's financial statements in the period in which the dividends are approved by the company's shareholders.

TARMAC HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

For the Year Ended 31 December 2018

3 Significant accounting policies (continued)

Taxation

The tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on tax laws and rates that have been enacted or substantively enacted at the balance sheet date. Deferred tax is charged or credited in the income statement, except when it relates to items charged or credited in other comprehensive income, in which case the deferred tax is also recognised in other comprehensive income.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Current tax and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

TARMAC HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

For the Year Ended 31 December 2018

3 Significant accounting policies (continued)

Impairment of assets

At each reporting date fixed asset investments are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is an indication of possible impairment, the recoverable amount of any affected asset is estimated and compared with its carrying amount. If estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognised immediately in profit or loss. If an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but not in excess of the amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

Financial instruments

Financial assets and financial liabilities are recognised in the Company's balance sheet when the Company becomes party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value.

Financial Assets

The Company's classes of financial assets are cash and other financial assets, and these are classified as 'loans and receivables'.

Loans and receivables

Intercompany receivables, loans, and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as 'loans and receivables'. Loans and receivables are measured at amortised cost using the effective interest method, less any impairment. Interest income is recognised by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial.

Impairment of financial assets

Financial assets are assessed for indicators of impairment at each balance sheet date. Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been affected.

Derecognition of financial assets

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

TARMAC HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

For the Year Ended 31 December 2018

3 Significant accounting policies (continued)

Financial instruments (continued)

Financial liabilities and equity

The Company has financial liabilities that are classified as 'other financial liabilities', and these relate to borrowings from fellow subsidiary companies.

Other financial liabilities

Other financial liabilities, including borrowings, are initially measured at fair value, net of transaction costs.

Other financial liabilities are subsequently measured at amortised cost using the effective interest method, with interest expense recognised on an effective yield basis.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

4 Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 3, the Directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

The Directors believe that the following accounting policies are critical due to the degree of estimation required and/or the potential material impact they may have on the Company's financial position and performance.

Intercompany receivables

The risk of default has been considered on the intercompany receivables including loans and given the financial position of the counterparty and support from CRH, it is considered minimal and therefore no adjustment has been processed.

TARMAC HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

For the Year Ended 31 December 2018

4 Critical accounting judgements and key sources of estimation uncertainty (continued)

Impairment of investments in subsidiaries

The Company's largest asset base is investments in subsidiaries. At each balance sheet date, the Directors review the carrying amounts of investments to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated to determine the extent of the impairment loss (if any).

5 Profit before tax

Arrived at after charging/(crediting)

	2018 £m	2017 £m
Other income	-	(1.0)

Auditor's remuneration of £53,500 (2017: £53,500) is borne by a fellow group company. There were no non audit services provided in either year.

6 Information regarding employees and Directors

The Company had no employees during the year (2017 - nil)

The emoluments of the Directors are paid by another group company as their services to the Company are incidental to their services provided to other group companies.

7 Finance charges and income

	2018 £m	2017 £m
Interest on bank overdrafts and borrowings	(4.2)	(4.0)
Total interest payable	(4.2)	(4.0)
Interest income on bank deposits	3.7	3.7
Interest receivable from Group companies	2.7	1.8
Total interest receivable	6.4	5.5

TARMAC HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

For the Year Ended 31 December 2018

8 Tax

	2018 £m	2017 £m
Current tax:		
Current tax on profit for the year	-	-
Payment for capital loss utilisation	0.4	8.6
Total current tax	0.4	8.6

The differences between the total tax charge shown above and the amount calculated by applying the standard rate of UK corporation tax of 19.00% (2017: 19.25%) to the profit before tax are as follows:

	2018 £m	2017 £m
Profit before tax on continuing operations	2.2	815.9
Tax at the standard UK corporation tax rate of 19.00% (2017: 19.25%)	0.4	157.1
Income not taxable	-	(156.6)
Payment for capital loss utilisation	0.4	8.6
Group relief surrendered for nil payment	1.2	5.3
Decrease from transfer pricing adjustments	(1.6)	(5.8)
Total tax charge	0.4	8.6

Group relief within Tarmac is surrendered free of charge. Group relief claimed from other CRH UK Group companies outside of Tarmac is paid for at the prevailing rate of corporation tax for the year of 19.00% (2017: 19.3%).

Finance No.2 Bill 2015 enacted the rate of corporation tax to 19% with effect from 1 April 2017 resulting in a current tax rate for the year of 19.00%. On 15 September 2016, Finance Bill 2016 enacted a further rate reduction to 17% with effect from 1 April 2020.

TARMAC HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

For the Year Ended 31 December 2018

9 Investments

Subsidiaries	£m
Cost or valuation	
At 1 January 2018 and 31 December 2018	<u>3,123.2</u>
Provision for impairment	
At 1 January 2018 and 31 December 2018	<u>1,312.3</u>
Carrying amount	
At 1 January 2018 and 31 December 2018	<u>1,810.9</u>

The investments in subsidiaries are all stated at cost less provision for impairment. A list of the Company's investments in subsidiaries and joint ventures is listed in note 18.

10 Trade and other debtors

	2018 £m	2017 £m
Amounts falling due within one year:		
Amounts owed by group companies	181.1	227.9
Corporation tax receivable	<u>15.8</u>	<u>10.8</u>
	<u>196.9</u>	<u>238.7</u>

Amounts due from subsidiaries have no fixed repayment date and interest is charged as follows. On the loan due from CRH (UK), a fellow subsidiary of CRH plc, interest is charged at UK base rate. On the loan to Tarmac Building Products Limited, a fellow subsidiary of CRH plc, interest is charged at the UK base rate plus 2.0%.

TARMAC HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

For the Year Ended 31 December 2018

11 Creditors - amounts falling due within one year

	2018 £m	2017 £m
Bank overdraft	93.9	115.8
Amounts owed to group companies	195.7	175.8
Corporation tax	5.1	5.1
	<u>294.7</u>	<u>296.7</u>

Amounts owed to group companies have no fixed repayment date and no interest is charged on these balances.

12 Creditors - amounts falling due after more than one year

	2018 £m	2017 £m
Corporation tax	<u>0.6</u>	<u>0.2</u>

Corporation tax payments due after more than 1 year relate to payments due to the previous shareholders for the utilisation of capital losses.

13 Share capital

Allotted, called up and fully paid shares

	2018 £	2017 £
2,000 ordinary shares of £1 each	<u>2,000.0</u>	<u>2,000.0</u>

The Company has one class of ordinary shares which carry no right to fixed income.

14 Reserves

Called up share capital represents the nominal value of shares that have been issued.

Profit and loss account includes all current and prior period retained profits and losses.

Details of all movements in reserves are shown in the Statement of Changes in Equity on page 15.

TARMAC HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

For the Year Ended 31 December 2018

15 Contingent liabilities

The Company has cash which forms part of a composite accounting agreement with certain of Tarmac's subsidiaries. Accordingly, the Company in concert with those other Tarmac companies has entered into arrangements whereby each has offered a limited guarantee in respect of the others' overdraft borrowings from time to time. The Company's maximum liability is limited to the extent of its current account cash balances from time to time which at 31 December 2018 amounted to £nil, due to the overdraft position of the Companies bank account (2017: £nil).

16 Related party transactions

Under Financial Reporting Standard 101, the Company is exempt from the requirement to disclose transactions with other group undertakings on the grounds that it is a wholly owned subsidiary of CRH plc and its results are included in the consolidated financial statements of CRH plc.

17 Controlling party

At the balance sheet date, the immediate parent company was Cities Group Holdings Limited. The ultimate parent company and ultimate controlling entity was CRH plc, a company incorporated and registered in Ireland. The smallest and largest group that publishes consolidated financial statements incorporating the results of this Company is CRH plc. Copies of the financial statements of the ultimate parent company are available from the Company Secretary, 42 Fitzwilliam Square, Dublin, D02 R279, Ireland.

18 Related undertakings

In accordance with section 409 Companies Act 2006, the Company's related undertakings at 31 December 2018 are shown below.

All companies listed below are owned indirectly by the Company unless otherwise indicated. All companies operate principally in their country of incorporation, which is United Kingdom unless otherwise indicated.

All companies have a registered address of Portland House, Bickenhill Lane, Solihull, Birmingham, B37 7BQ, England, unless otherwise indicated below.
